19TH YEAR. NO. 11.

EAST LIVERPOOL, O., TUESDAY, JANUARY 14, 1902.

TWO CENTS.

CRACK IN THE RESERVOIR AROUSES MUCH COMMENT

Citizens Inspect the Break and Pronounce It a Serious One.

THE FISSURE IS PLAIN

And Differs Materially From the Cuts in the Wall Made With a Chisel.

THE CEMENT IS SCALING OFF

In Other Parts of the Basin And Small Cracks Have Made Their Appearance on Several Portions of the Wall—What Inspection Reveals

Endless comment was occasioned last evening as a result of the account published exclusively in the News Review concerning the discovery of another break in the new reservoir. The subject was discussed in many of the business-houses, and on every hand could be heard the remark: "I told you so."

A large number of conservative citizens made inspections of the reservoir both yesterday and today, all of whom are unanimous in the belief that it will never serve its purpose. J. W. Gipner, clerk of the water works board, positively asserts that a mistake was made in the statement that the walls of the basin are cracking.

In explanation Mr. Gipner stated today that on the advice of the expert engineer who was brought from Philadelphia at the time a corner of the dam went down the hillside, a number of seams had been cut in the cement of the walls to allow for possible contraction and expansion during the cold weather. These, he said, are to be filled with asphalt in the spring.

There is nobody who offers to contradict Mr. Gipner's statement, but it is not the seams he referred to which were intentionally made with a chisel, that are causing the present speculation. It is a crack in the wall, almost in the center of the basin, on the side next to the hill, plainly to be seen by everybody, that is attracting attention and which no explanation has been made of.

This particular crevice extends entirely from the top to the bottom of the wall, and is in such a shape that those who have inspected it could never be made to believe that it was cut with a chisel. Aside from this apparent defect the cement in several places is scaling off and dozens of small cracks can be seen in all sections of the walls.

Among several persons who inspected the reservoir this morning was a prominent business man who expressed surprise to find the walls in the shape they are. "I may not be an expert judge," he said, "but if indications are to be at all relied on, I would bet my life that if there is ever any attempt made to fill the basin with water it will burst as it did before."

Other expressions heard were of the same trend, and if the basin is ever made to do the work expected of it without a complete overhauling it will be a wonderful revelation to many who are now condemning it.

PROBATE MATTERS

Sales of Real Estate Authorized And Confirmed By the Court.

Lisbon, January 14.—(Special)—Lizzie Riley, of East Liverpool, administratrix of the estate of Frank L. Riley, has been authorized to sell real estate at private sale.

In the estate of Charles Roberts, Sarah F. Roberts, administratrix, the sale of lot 4304 in East Liverpool is confirmed.

Helena Wheeler, of East Liverpool, widow of John Wheeler, has accepted the provisions of her husband's will.

The sale of 70 acres in Knox township by Pauline S. Borton, executrix, has been confirmed. The consideration was \$3,500.

CROCKERY CITY TEAM

Junior Base Ball Club Organized. Officers And Players Selected.

The Crockery City base ball club has organized for the season of 1902. The following officers have been elected: P. Hester, manager; T. Mere-

dith, captain; William Bridge, secretary; E. Crable, treasurer.

The team will be composed of the following players: Meredith, Crable, Davidson, Judge, Mountford, Carey, Bridge, Moore, McAvoy, Wells, Ivers, McCoy and O'Malley.

It will be remembered that the Crockery City boys won the 15-year-old championship last year, winning 48 games, losing 4 and tying 2. It is claimed by the manager that they will do the same thing this year. Out-of-town teams wanting games may address P. Hester, East Liverpool.

BID FROM WARREN

FOR THE POTTERY LOCAL MEN PROPOSE TO START.

Youngstown Eager for It—Stock for It Nearly All Subscribed.

East Liverpool people, who are considering a flattering offer from Youngstown to establish a pottery in that city, may go to Warren. They have been tendered the use of a pottery that has not been running for 18 months; also a cash bonus if they will locate in Warren.

A letter was received this morning by Thomas Burton from the secretary of the Youngstown board of trade, requesting that he and those interested in the venture attend a meeting of representative citizens Saturday evening.

It is stated that the stock for the new pottery has been nearly all subscribed. R. E. Larkins, E. M. Fisher and Thomas Burton are the East Liverpool men who are interested. Associated with them is E. W. Bradshaw of Trenton, N. J., who will be here the last of the week.

Mr. Larkins said this morning that they would perhaps avail themselves of Warren's offer, but no decision had been received.

They would go to Youngstown Saturday evening and consider what additional offers that town will give. Youngstown wishes the syndicate to accept a tract of land. That city is very anxious to have the new pottery.

FRANCHISE WANTED

FOR THE CONSTRUCTION OF AN OTHER TELEPHONE SYSTEM.

Chicago Man Addresses a Communication to the East Liverpool Council.

Council will meet tonight for the first time in several weeks, and it is probable a large amount of business will be up for consideration. A letter, of which the following is a copy, will be presented to the solons:

"Chicago, Jan. 10, 1902.
To the Honorable City Council, East Liverpool, O.

Gentlemen—Permit me to ask whether or not you would be willing to grant me a franchise for the construction and operation of a new and independent telephone system in your city.

"Respectfully yours,
DR. EMIL DORN,
1069 North Halstead street."

TESTIMONY WAS WEAK

And Ed Kelly Was Therefore Acquitted of a Charge in a Local Court.

Ed Kelly was arrested and arraigned before Justice McLane yesterday afternoon, charged with carrying concealed weapons. The affidavit was filed by Oscar Moore, who alleged that Kelley fired three shots from a pistol Friday night at the West End park.

Kelly secured the services of Attorney R. G. Thompson, and when the case was brought to trial only the prosecuting witnesses were examined. Their testimony was not sufficiently strong to substantiate the charge and Attorney Thompson asked that the case be dismissed, which was done.

Unconfirmed Report.

A report, circulated in this city today, that two East Liverpool saloon-keepers had been indicted for selling to habitual drinkers, could not be confirmed at Lisbon. It was stated there that the grand jury would make no report until this evening.

Quick results from want ads. when placed in this paper.

FEELS AT HOME AMONG FILIPINOS

Wellsville Girl, a Teacher at Legaspi, Pleased With the People.

A DELIGHTFUL LOCATION

Natives Agreeable And Eager to Learn—The Young Lady Has High Hopes of the Future of the People of the Islands.

Among the thousand school teachers who left the state of Ohio early last fall for the Philippine islands was Miss Myrtle Dever, of Wellsville. Miss Dever is one of Wellsville's most accomplished young ladies. She graduated from the high school with the class of 1896 and then entered the Western Reserve college in Cleveland, from where she graduated with high honors. She is also possessed of much musical talent. A letter written by her describing the life of a school teacher in the Philippines follows:

Legaspi, Albay Prov., Luzon, P. I.

My Dear Friends:

After being tossed about on land and sea for two and one-half months, I was washed ashore at the beautiful seaport town, Legaspi. However, the tossing could not have been more gentle, nor could I have been washed ashore at a more desirable spot.

What could be better than to live in a city situated at the head of a beautiful bay and under the shadow of a fine volcanic mountain, and in a city whose inhabitants are hospitable, agreeable—in every way interesting?

I expected to live in a nipa shack when I came to the Philippines, but instead I am living in a fine frame house built after the Spanish fashion.

The Filipino mind is not creative, but on the other hand it is imitative. I never had a greater incentive to live well than now, for I know that every word I speak I shall hear again, and every act I perform will be imitated. How straight a man should walk when a child nation is watching his every movement. Last night I was urged to play the guitar, and not wishing to offend them I did the best I could. In a very few minutes the room was filled with Filipinos. Among them were two native musicians, one a young boy who played the violin very well. The other was an old blind man who was very skillful in playing on an instrument very similar to the guitar. After a short time we were able to play together fairly well. Then they wished to hear some American songs, and as I did not wish to offend, I again did the best I could. After singing a song once they were able to play it perfectly. I mean perfectly as I sang it, which was very imperfectly. They already know some American songs. The ones they like best are "Hot Time" and "After the Ball." Last summer the Fresh Air camp children used to disturb my slumbers at 4 and 5 o'clock in the morning singing "There'll Be a Hot Time In Manila." I was obliged to hear "A Hot Time" whenever a funeral passed, for it is a favorite funeral march, and now in Legaspi I must not only listen to that song, but must play and sing it while I wipe the perspiration from my brow.

But notwithstanding "The Hot Time" Legaspi is an exceedingly pleasant place in which to live. I believe I must have had a previous existence in which I was a Filipino, for I feel so much at home among these people.

I shall ever be grateful to President Thwing for giving me the opportunity to come here. This is work I enjoy. The children are bright and want to learn, so it is a pleasure to teach them.

I would be very glad if you would send me a few bright, inexpensive pictures to hang upon the bare walls of my school room. I have great hopes for the Filipino. Do not think of him as being treacherous and cruel, as he is so often pictured to us by the soldiers, but as one exceedingly courteous and willing to be taught, having a good sense of humor and a love of music. Are not these qualities sufficient to commend him to us?

With kindest regards to all, I am Yours Very Sincerely,

MYRTLE O. DEVER.

Nov. 4, 1901.

Taken to the Infirmary.

Lisbon, January 14.—(Special)—John Nesler, an Austrian, 18 years old, was taken to the infirmary yesterday by order of the township trustees. He was found in great need of medical attention and without proper care.

FOR EXPANSION OF THE Y.M.C.A.

Meeting Held and an Effort Started to Increase Membership to 500.

A PLAN OF RECRUITING

Two Opposing Sides, Each to Consist of Ten Captains, Commanded By One General, to Begin a Campaign to Last Till March 1.

The weeks which will intervene from now until March 1, will be a busy season in Y. M. C. A. circles, as the active members have planned a campaign of unusual importance.

A general meeting was held at the association rooms last night with about 60 of the more aggressive members present. The welfare of the organization was the chief topic of discussion, and the universal opinion prevailed that the membership should be larger. It was reported that the rolls now contain 391 members, and no one seemed to doubt that this number could be increased to 500 provided the proper plan for recruiting could be decided upon.

The first steps taken toward the desired end was the selection of Ed Larkins as chairman of the reception committee, while the social feature for the present was placed in the hands of J. J. VanFossen.

The plan adopted to make the association both attractive and desirable for the young men of the community is a most commendable one, and will undoubtedly work to the good of the association.

Two opposing bodies were formed from the membership, they to be known as the Blacks and the Reds. The two sides will be in charge of one general each, with ten captains under them. The Reds' general will be J. J. VanFossen, and his staff of captains are: Otto Powell, W. V. Harris, Chas. Hassay, Frank Allison, R. E. Ferrall, Ed Larkins, C. V. Beatty, F. Chadwick, Dr. Kusler, S. P. Ankrim.

Joseph Carey is general of the Blacks, with the following captains: William Powell, J. C. Clemensen, Frank Hassay, Sydney Smith, F. R. Ailes, Frank Kuckert, P. C. Beatty, George McCullough, A. H. Bulger, H. L. Steele.

The two squads will hold contests of various kinds from now until Mar. 1. In every case the Reds and Blacks will be pitted against each other, and joint debates, spelling matches and basket ball contests will be held.

A number of costly prizes will be awarded the winners of the matches, among them being a handsome opal pin and a valuable gold watch.

THE UNIFORM LIST

Strict Compliance With Its Terms Demanded By Printers And Transferers.

Printers' and Transferers' local No. 32 took important action upon the violations of the scale now alleged to be in progress at the Vodrey and East Liverpool potteries. It was the sense of the large membership that all printers working at day wages in these plants be forbidden to continue at the rate proposed by the firms.

They demand a strict compliance with the uniform list which calls for 5-34 cents per dozen for this class of ware.

GORMAN SELECTED

To Succeed Wellington as United States Senator From Maryland.

Annapolis, Md., January 14.—(Special)—Arthur Pue Gorman was today elected senator to succeed George L. Wellington.

The vote was: Gorman, 68; Jackson, 52.

TRADES COUNCIL MEETING

Bakers And Building Trades Will Contribute Interesting Discussion.

At the meeting of Trades Council to be held tomorrow night it is probable a very long session will be necessary to dispose of the many matters to come up.

The bakers of the city have determined to make war on the product of out-of-town non-union baking concerns and will go into the council tomorrow night with the backing of

MAD DOG CAUSES TERROR BY ITS SAVAGE ATTACKS

their employers, and it is thought they will get all the support they ask. Every bake shop in the city recognizes the union and pays the scale of prices.

There are a number of building trades in the city who expect to ask increases in the spring. In some instances a shorter work day will be demanded, and in others more wages will be asked. In no sense, however, will both be demanded.

It is expected these trades will have reports on the proposed changes ready for the meeting.

SUITS ENTERED

ACTIONS BEGUN IN THE COMMON PLEAS COURT.

An Administrator Sued—Receiver of a Lisbon Bank Files Petitions.

Lisbon, January 14.—(Special)—Frank McKee has brought suit against W. S. Potts, administrator of J. T. McKee, late of Lisbon, for \$157.10 claimed to be due for labor; for care of J. T. McKee for 102 weeks he asks \$357 with interest.

Attorney James G. Moore, as receiver of the First National bank of Lisbon, asks to be allowed to compromise the claim of the bank against Elizabeth Held and the estate of Lewis P. Held. There was due the bank a total of \$1,400. The sale of the Held property paid all but \$573 of this claim. There remains still due more than the receiver thinks can be collected by litigation. He asks to be allowed to accept \$50 in payment of the \$108.71 now due.

Receiver Moore also asks the court to be allowed to accept \$235 from the estate of John H. O'Mara, late of Lisbon, in payment of his valid claim against the estate for \$728.49. O'Mara originally owed the bank \$3,800. His premises, when sold, brought \$3,071.51. The receiver doubts his ability to collect the full amount from the Erie Railroad company, which is restrained from paying over money due the O'Mara estate.

Albion M. Ward has entered suit against Henry J. Windle and others of the Windle family, asking that the court partition the property located in Butler township, owned by the Windles. Ward states that he purchased an undivided fourth of the property from B. F. Windle.

Several small suits were settled in court yesterday.

In the Esterley Bank case from Columbiana the creditors of the bank have filed exceptions to the amount asked by the receiver and the attorneys. The case is continued until January 27.

TILLETT IS TO COME

The Noted English Speaker Invited Here By Trades and Labor Council.

It was definitely decided late yesterday afternoon that the Trades Council secure Hon. Benjamin Tillett for an address in this city on Friday night of this week.

A number of officers of the council discussed the matter yesterday, and it was the unanimous opinion that the working people would be greatly benefited by the talk, and Secretary T. J. Duffy, to whom Mr. Tillett had written, informed the gentleman at once of the decision. The Y. M. C. A. hall has been secured for the occasion.

THE GRAND JURY

How It Is Made Up, as Empowered at Lisbon Yesterday.

Lisbon, Jan. 14.—(Special)—The grand jury for this term of court, as empaneled as follows:

Al Carlisle, Salem, foreman. C. C. Campbell, Salem; L. F. Brown, Millport; G. F. Gruber, Bucks; John B. Sanor, Hanoverton; John Stein, Homeworth; J. C. Lannin, Salem; Chester C. Hill, East Liverpool; A. M. Fisher, Salem; Albert Smith, Lisbon; Wilson F. Smith, East Liverpool; Martin Dickinson, Lisbon; George Applegate, West Point; W. H. Harris, Lisbon; William M. Kornes, Hanoverton.

CRACK IN THE RESERVOIR AROUSES MUCH COMMENT

Citizens Inspect the Break and Pronounce It a Serious One.

THE FISSURE IS PLAIN

And Differs Materially From the Cuts in the Wall Made With a Chisel.

THE CEMENT IS SCALING OFF

In Other Parts of the Basin And Small Cracks Have Made Their Appearance on Several Portions of the Wall—What Inspection Reveals

Endless comment was occasioned last evening as a result of the account published exclusively in the News Review concerning the discovery of another break in the new reservoir. The subject was discussed in many of the business houses, and on every hand could be heard the remark: "I told you so."

A large number of conservative citizens made inspections of the reservoir both yesterday and today, all of whom are unanimous in the belief that it will never serve its purpose. J. W. Gipner, clerk of the water works board, positively asserts that a mistake was made in the statement that the walls of the basin are cracking.

In explanation Mr. Gipner stated today that on the advice of the expert engineer who was brought from Philadelphia at the time a-corner of the dam went down the hillside, a number of seams had been cut in the cement of the walls to allow for possible contraction and expansion during the cold weather.

These, he said, are to be filled with asphalt in the spring.

There is nobody who offers to contradict Mr. Gipner's statement, but it is not the seams he referred to which were intentionally made with a chisel. That is causing the present speculation. It is a crack in the wall, almost in the center of the basin, on the side next to the hill, plainly to be seen by everybody, that is attracting attention and which no explanation has been made of.

This particular crevice extends entirely from the top to the bottom of the wall, and is in such a shape that those who have inspected it could never be made to believe that it was cut with a chisel. Aside from this apparent defect the cement in several places is scaling off and dozens of small cracks can be seen in all sections of the walls.

Among several persons who inspected the reservoir this morning was a prominent business man who expressed surprise to find the walls in the shape they are. "I may not be an expert," he said, "but if indications are to be at all relied on, I would bet my life that if there is ever any attempt made to fill the basin with water it will burst as it did before."

Other expressions heard were of the same trend, and if the basin is ever made to do the work expected of it without a complete overhauling it will be a wonderful revelation to many who are now condemning it.

GIFTS OF BOOKS ADVISED

Rev. W. E. Hill Says a Librarian And a Building Do Not Make a Library. How the People Can Help to Fill the Shelves.

To the Editor of the News Review.

Among the list of applicants for the position of librarian was the name of the undersigned. At the instance of a number of friends I was induced to make this application. By force of circumstances, I was in a position where I could have accepted the office and given it my entire attention. It was, too, a position most congenial to my tastes and to which I had given no little study.

I also recognized the fact it was an office to honor the person who would seek to honor the office. I have, however, not a word of complaint to offer at the action of the board; they doubtless have made a most excellent selection; and, it behoves the patrons of the library to give her their most cordial cooperation and support.

The librarian, however, cannot make the library. This will depend upon the people at large. All can give it their moral support, and there are but few who cannot aid it in some practical way. It is upon the latter point I wish to make a suggestion.

There are many homes in East Liverpool in which books are found. Some of them by chance have fallen into the hands of the owner and no value is attached to them. Others have been read and reread and are no longer wanted. Why not donate them to our Carnegie library? One could give a single volume, another, half a dozen; another, perhaps, a score. The name of the donor can be inscribed within: "Presented to the Carnegie library by _____."

There are, too, many outside persons, including publishers of books and periodicals, and certain public institutions who would consider it a privilege to help the cause of the library by donations or otherwise, if their attention were but called to it.

By a little effort along these lines on the part of its friends I believe it is possible in a short time to double the number of volumes now found in our public library, which, it is hoped, will form the nucleus of the Carnegie library and at little or no expense to the board of trustees.

If their resources will warrant it, it is doubtless the purpose of the board before the library is formally opened to the public, to authorize the purchase of a fresh installment of books, including certain standard works of reference, without which no public library can be in a good working condition or fulfill its mission.

At all events, it is understood the new building will, within a few weeks, be ready for occupancy, when the work of classifying and cataloguing all books under the control of the board will at once be ordered. So that it is none too soon to agitate the question of the creation of a library—that the library itself when open to the public may make as creditable a showing as possible, and the printed catalogue be as complete and comprehensive as possible.

We don't want a body without a soul—a mere shell, however beautiful, only to betray the public trust for the want of the jewel within. Let us have a library that is

"Not a dream

SNATCHED A SATCHEL

Highway Robbers Got Away With \$1,400 a Martin's Ferry.

Martin's Ferry, January 14.—Highway robbers snatched a satchel from the hands of Mrs. Joseph Gehring, wife of one of the bosses of the Laughlin mill, that contained \$1,400. The \$1,000 roll of money had been left with Mr. Gehring by the men to deposit and \$400 was of their own savings, so that Mr. Gehring will have to reimburse the men.

There is no clue to the thieves, and the citizens are much alarmed over the boldness of the theft.

The government's new bureau of plant industry is taking up the problem of how our gorgeous autumnal foliage receives its variegated coloring. That is one object of investigations which are now being made by Albert F. Woods, lately appointed pathologist and physiologist of the bureau.

"There has long been a controversy as to the cause of the autumn leaf's coloration," says Mr. Woods. "Some botanists have attributed it to frosts. We are finding that light frosts, not sufficient to kill leaves, greatly facilitate their coloration by causing an increase within them of a normal chemical ferment, which attacks the color compounds or color generators in the cells. We are finding that the oxidation of these color compounds by this ferment causes the various shades of color, especially the purples, oranges, etc. The yellows are normally present in the leaf.

"Autumn leaves containing sugar, such as the maples, sumacs, gums, etc., easily oxidize and thus form the rich reds, purples and violets so beautiful to the eye. That is why these, especially the hard maples, give the most beautiful autumn leaves. Autumnal oak leaves do not attract admiration because they contain much tannin. The oxidation color of tannic acid is dirty brown. Leaves which die quickly never give autumnal colors."

LEADER OF ZIONISTS.

Dr. Herzl Would Have Jews Reoccupy Palestine.

The movement among Hebrews to colonize Palestine with people of the "chosen race" grows stronger year by year. Many noted Jews approve the proposed plan to colonize the ancient home of their fathers with descendants of the children of Israel and make the plains of Sharon to bloom again.

Israel Zangwill, the novelist, and Captain Dreyfus, formerly of the French army, indorse the idea of making this historic land a place of refuge for all of Hebrew blood.

At the Zionist congress held recently at Basel, Switzerland, which was at

Photo by Lowy, Vienna.

DR. THEODORE HERZL.

tended by more than a thousand delegates representing every important country of the world, Dr. Theodore Herzl, president and founder of the movement, stated that the sultan of Turkey was in full sympathy with the plan and would welcome the Jews.

Dr. Herzl has devoted his entire life to the high purpose of the restoration of the Jews to Palestine and has interested the richest members of the race in the movement, which bids fair to succeed. This modern Moses who would again lead his people across the Jordan is a clever literary man and a dramatist of more than usual excellence. He lives in Vienna and devotes all of his income to the work which he has made the purpose of his life.

EAST END

HORSE RAN AWAY

AND FRED McFARLANE CAME NEAR LOSING LIFE.

Dragged Some Distance And Escaped With an Arm Dislocated.

A bad runaway happened yesterday afternoon on Railroad avenue by which Fred McFarlane came near losing his life. He was driving by the machinist building at the corner of Virginia avenue when his horse became scared at the escaping steam which comes from a pipe in the middle of the street.

The horse started into a hard run and dashed the buggy against a telephone pole. Two wheels were broken and in an endeavor to stop the horse McFarlane clung to the lines. He was dragged to First avenue, where the horse was stopped by Ed Fisher and others.

McFarlane's right arm was dislocated at the shoulder and he was cut on the face and head. When picked from the wreck he was in an insensible condition.

FIRE IN FRUIT STORE

The Stand of an East End窄巷
by Escapes a Serious Blaze.

A lamp set fire to some inflammable tinsel decorations in the fruit stand run by Frank Scardena on Mulberry street, yesterday afternoon. The blaze was put out by Mr. Scardena and his son, but it looked for a time as if the building might be burned. The damage amounted to about \$25. Mrs. George Davidson owns the building.

May Not Recover.

Charles Miller, who lives in the Klondike region, has suffered a relapse and is now in a critical condition. The gentleman had been suffering from pneumonia for several weeks, and ventured out before he had sufficiently recovered. The exposure caused a relapse and it is feared he cannot recover.

EAST END AFFAIRS.

Fisher & Burton have moved their store from Railroad avenue to First avenue.

The handsome new residence of Joseph B. McKinnon has been completed on Ohio avenue and the family moved there last week.

John Goddard left this morning for Niles, where he has accepted a position on a fruit jigger with the Bradshaw China company.

The fine filly by Director, owned by R. E. Larkins, was shipped this morning to E. W. Norris at Beaver to be trained. Mr. Larkins expects to put the animal on the track next summer.

An Attack of Pneumonia Warded Off.

"Some time ago my daughter caught a severe cold. She complained of pains in her chest and had a bad cough. I gave her Chamberlain's Cough Remedy according to directions and in two days she was well and able to go to school. I have used this remedy in my family for the past seven years and have never known it to fail," says James Prendergast, merchant, Annato Bay, Jamaica, West India Islands. The pains in the chest indicated an approaching attack of pneumonia, which in this instance was undoubtedly warded off by Chamberlain's Cough Remedy. It counteracts any tendency of a cold toward pneumonia. For sale by Alvin H. Bulger, Druggist.

Mother Gray's Sweet Powders for Children. Successfully used by Mother Gray, nurse in the Children's Home in New York. Cure Feverishness, Bad Stomach, Teething Disorders, move and regulate the Bowels and Destroy Worms. Over 30,000 testimonial. They never fail. At all druggists, 25c. Sample FREE. Address Allen S. Olmsted, Troy, N. Y.

Use Page's Climax Salve for burns and scalds. It draws out the pain in less than five minutes and prevents a blister. The cook's best friend.

We're Getting

Ready to Inventory

We're going to get ready for two weeks.

We've found it easier to count money than goods.

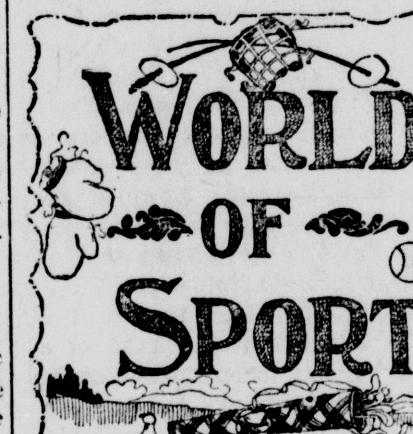

So this week and next we're going to sell as many goods as we can. Its cold weather and a little off season for big sales of Furniture and Carpets but we're going to help the matter along by remarkable bargains.

We'll adopt a new plan in this sale.

Instead a straight, arbitrary discount we'll have you make your selection and we'll make the price.

HARD'S

"THE BIG STORE"

faculties and given him a champion-ship as a byproduct.

Sir Thomas Lipton has decided to contest for the America's cup in 1903 with a new yacht, Shamrock III. Captain Sycamore, who sailed Shamrock II., has had a number of interviews with Sir Thomas, and it is understood that Watson will be the designer of the new yacht. All of the crew of Shamrock II. wish to sail again.

The Chicago Jockey club has an-

nounced the conditions of twelve stakes to be run during the spring and summer meetings at the Hawthorne track, with a total of \$25,000 added, entries to which will close on Tuesday, Feb. 4, 1902. The stakes are as follows: For three-year-olds and upward, the Northern Handicap, \$5,000 added, one and a quarter miles; the Monadnock Handicap, \$4,000 added, one and an eighth miles; the Superior Handicap, \$2,500 added, one and a half miles; the Flight, allowances, \$1,500 added, six furlongs; the Prairie, selling, \$1,500 added, two miles. For three-year-olds, the Excelsior Handicap, \$2,000 added, one and an eighth miles; the Premier, allowances, \$1,500 added, one mile. For two-year-olds, the Lassie, fillies, \$1,250 added, five furlongs; the Vernal, colts and geldings, \$1,250 added, five furlongs; the Juvenile, selling, \$1,500 added, five and a half furlongs; the Competition, penalty and allowances, \$1,500 added, five and a half furlongs; the Hawthorne Handicap, \$1,500 added, six furlongs.

The youngster is 5 feet 3 inches tall and weighs 129 pounds. One of

his most brilliant performances took place recently when he corralled first place in the tourney for the Goodall trophy, held recently by the Oakland Golf club at Adams Point. Kales defeated many veteran players and recalled to Californians the phenomenal tennis playing of Miss May Sutton, the fourteen-year-old Pasadena girl who wrested victory from older racket wielders in recent court contests at San Rafael.

The career of Frank Kales on the

links goes to show that golf champions

are born and not made. He took up

the game about two years ago and

with little assistance has become one

of the leading amateurs. With his

boyish arms he has "lofted" the ball

of success from the "teeing ground" of mediocrity, and if the winds of fortune are favorable he can hope for great results. Championship honors

have not brought conceit in their train

to this juvenile golfer. He is the very

embodiment of modesty and speaks of

his accomplishments with great reluctance.

R. M. Fitzgerald, one of the veterans

defeated by Kales, says:

"The youngster is little short of a

wonder. Although but a lad, he can

drive a ball as far as any of the older

members who possess much more

strength. His precision in hitting the

ball is exact, and his youth and sup-

pleness are greatly in his favor. With

continued practice Kales should make

his mark as a champion."

Golding has brought young Kales

from indifferent health to robust and

A WAY TO HELP THE LIBRARY

Timely Suggestions on the Subject
of Aiding the Carnegie
Institution.

GIFTS OF BOOKS ADVISED

Rev. W. E. Hill Says a Librarian And
a Building Do Not Make a Library.
How the People Can Help to Fill
the Shelves.

To the Editor of the News Review.

Among the list of applicants for the position of librarian was the name of the undersigned. At the instance of a number of friends I was induced to make this application. By force of circumstances, I was in a position where I could have accepted the office and given it my entire attention. It was, too, a position most congenial to my tastes and to which I had given no little study.

I also recognized the fact it was an office to honor the person who would seek to honor the office. I have, however, not a word of complaint to offer at the action of the board; they doubtless have made a most excellent selection; and, it behoves the patrons of the library to give her their most cordial cooperation and support.

The librarian, however, cannot make the library. This will depend upon the people at large. All can give it their moral support, and there are but few who cannot aid it in some practical way. It is upon the latter point I wish to make a suggestion.

There are many homes in East Liverpool in which books are found. Some of them by chance have fallen into the hands of the owner and no value is attached to them. Others have been read and reread and are no longer wanted. Why not donate them to our Carnegie library? One could give a single volume, another, half a dozen; another, perhaps, a score. The name of the donor can be inscribed within: "Presented to the Carnegie library by _____."

There are, too, many outside persons, including publishers of books and periodicals, and certain public institutions who would consider it a privilege to help the cause of the library by donations or otherwise, if their attention were but called to it.

By a little effort along these lines on the part of its friends I believe it is possible in a short time to double the number of volumes now found in our public library, which, it is hoped, will form the nucleus of the Carnegie library and at little or no expense to the board of trustees.

If their resources will warrant it, it is doubtless the purpose of the board before the library is formally opened to the public, to authorize the purchase of a fresh installment of books, including certain standard works of reference, without which no public library can be in a good working condition or fulfill its mission.

At all events, it is understood the new building will, within a few weeks, be ready for occupancy, when the work of classifying and cataloguing all books under the control of the board will at once be ordered. NASH TAKES OATH.

Again Inaugurated as Chief Executive of State of Ohio.

PUBLIC RECEPTION LAST NIGHT.

Big Parade Yesterday, Under Command of Former Adjutant-General Axline—U. S. Troops Participate

Inaugural Address of Nash.

Columbus, O., Jan. 14.—At high noon yesterday George Kilbon Nash was inaugurated for the second time as Governor of the State of Ohio. The Governor of the State was administered to oath in the rotunda of the State capitol by Chief Justice Minshall. The capitol building was appropriately decorated, and the rotunda space was filled with high officials and citizens of the State at large.

Music was furnished by the Columbus Republic Glee club, and after taking the oath of office Governor Nash delivered his inaugural address.

After luncheon there was a big parade, moving over the principal part of High street, and this was under the command of former Adjutant-General Axline. The parade consisted of six divisions, and the troops from the United States barracks marching at its head. The national guard turned out 1,500 men under command of Brigadier General Briggs, and the independent military organizations were under the command of President Thompson, of the Ohio State university. The marching political clubs formed an important part of the parade. The Blaine club, of Cincinnati, Rail Splitters, of Toledo, and other famous clubs were in line.

In the evening there was a public reception in the new annex of the State house.

Inaugural Address of Nash.

Following was the address of Governor Nash:

Members of the General Assembly and Fellow Citizens:

By the will of the people of Ohio, I have, in your presence, for the second time, taken the oath which the law prescribes shall be administered to the Governors of Ohio. By their ballots these free people have said that I have not been unfaithful to the first oath. I sincerely pray that my gratitude for their approval, strengthened by the help of God, will keep me true to the second.

I am admonished by the flight of years that in work for the State I must soon give place to younger men. For the future I have but one ambition—the most sacred of my life: It is to show my appreciation of the people, who have so highly honored me, by being their faithful servant during the next two years. Upon this foundation must rest whatever of fame lives after me.

In this closing of my life work, I beg the advice, the co-operation and the assistance of the members of the Seventy-fifth General Assembly of Ohio. We have taken the same oath. The people have favored us alike. To them alone, we all owe our fealty. To promote their happiness and welfare should be to us a most pleasant task. In making this appeal I am sure that I do not ask in vain. I think I voice your sentiments when I say "you will be my faithful workers."

It is well to recall that during the term of our offices Ohio will enter upon the second century of her life. In the first century she will have grown from a few thousand inhabitants, scattered in hamlets throughout a vast wilderness, to a mighty State, with more than four million people. They are now domiciled in great cities, in beautiful towns and in regions of country surpassing in agricultural and mineral wealth. All are happy in the privilege which the twentieth century has brought to the civilized world.

The watchwords of our fathers were, "freedom, education and morality." Upon these foundation stones they built our fair State. What they so splendidly wrought it is our mission, and that of those who come

Why Women Should Vote For School Officials

By MARY A. LIVERMORE, Woman Suffragist

OME women think the school ballot is too small a fraction of the right of suffrage to be worth using. My husband said he always felt indignant when I came out of that booth after being allowed to vote for school officers only, and he advised me to wait till I could vote the whole ticket. I asked: "Is that the way you would do if a man owed you \$10,000 and offered you \$500? WOULDNT YOU TAKE WHAT YOU COULD GET AND THEN WORK FOR MORE?" "Oh, yes," he said. "You have the logic of it, but I have the sentiment."

It is certainly the duty of women, mothers and possible mothers, to stand by the public schools. You want to know who are the teachers and who are the school committee. You want to see that the children are taught kindness, cleanliness and courtesy. SCHOOL SUFFRAGE IS A MORAL MEASURE, AND NO WOMAN SHOULD HOLD HERSELF EXCUSED FROM VOTING.

after us, to defend, to enlarge and to make better. In this work may we ever remember the precepts of the fathers, and be equally true to our trusts.

In conclusion, I tender to the people of Ohio my thanks. I pledge anew my loyalty to our State, and my love for the Republic of which she is a part.

TO ADMIT EX-CONFEDERATES

To Soldiers' Homes Proposed By Rixey—Grosvenor and Hepburn Defend Themselves.

Washington, Jan. 14.—The House of Representatives spent most of yesterday in general discussion of the pension appropriation bill, the first of the annual budgets. The debate took a wide range.

Mr. Grosvenor, of Ohio, and Mr. Hepburn, of Iowa, denounced a report presented to the last G. A. R. encampment, criticising the course of themselves and other members of Congress on the veteran "preference" bill which was defeated at the last session. They explained that their opposition to the bill was due to the incorporation in the bill of a clause which had not been endorsed by the G. A. R., placing veterans of the Spanish war in the preferential class.

Mr. Rixey, of Virginia, caused something of a stir on the Democratic side by advancing a proposition to open the doors of National soldiers' homes to ex-Confederates, and to furnish Federal aid to State Confederate homes.

Mr. Richardson, of Alabama, was the only democrat who joined Mr. Rixey in support of it.

WILL WAIT ON ROOSEVELT.

Maryland Delegation Postpones Action in Behalf of Schley Pending Action on Appeals.

Washington, Jan. 14.—The Maryland delegation in Congress, including Senators and Representatives, considered the course to be pursued on the Schley case, and reached a determination that pending the decision of President Roosevelt on the appeal to be made by Admiral Schley to the Chief Executive, it would be inadvisable for the delegation to urge upon Congress any of the resolutions or bills introduced.

The meeting was held in the committee room of Representative Wachter, of Maryland, and was attended by Senator McComas and all of the Representatives from Maryland except Mr. Jackson, who is out of the city.

The various resolutions and bills now before Congress were gone over and it was the general sentiment of those present that the delegations would be favorable to any one of the measures which fully vindicated Admiral Schley. But for the present, in view of the Admiral's placing the matter before President Roosevelt, the delegation deemed it inexpedient to determine upon any particular measure, or to urge the matter before Congress.

DEPARTMENT OF COMMERCE.

Mr. Nelson Calls Up His Measure in the Senate.

Washington, Jan. 14.—In the Senate Mr. Nelson, of Minnesota, called up the bill providing for the establishment of a department of commerce. He explained the necessity which, he said, existed for the passage of such a measure, and was plied with questions by several Senators, who said that sufficient time had not been allowed for looking into the merits of the measure.

Mr. Teller criticised that feature relating to the transfer of the geological survey, while Mr. Hale said that the bill provided for a department which ultimately would be one of the largest in the government. The bill finally went over, subject to call by Mr. Nelson.

The Senate was in executive session for an hour and a half.

IRON MANUFACTURER DIES IN PITTSBURG.

Pittsburg, Jan. 14.—Christopher Zug, one of the oldest residents of this city, and a pioneer iron man of Western Pennsylvania, died at Center and Negley avenues of general debility, incident to old age. His illness had lasted several weeks.

A few minutes prior to his death, he was conversing with his daughter, Mrs. T. C. Clarkson, who made her home with him. He passed an unusually restful night and seemed stronger than usual, but shortly after talking with Mrs. Clarkson he was seized by one of the weakening attacks to which he had been subject for the last few weeks, and passed peacefully away.

At the time of his death two of his children were in the home, two daughters, Mrs. James H. Parker, of Chicago, and Mrs. Edward Burdett, of New York, being absent.

COUNTY AND NEIGHBORHOOD

Mrs. Mary Nichol, of Homeworth, fell down a flight of steps and broke her right arm.

John Wallace, 55, a Panhandle section man, was struck by a train at Bowerston and killed.

Since last March Miss Jane Steele, of Brilliant, has suffered eight strokes of paralysis, the last on Saturday.

Albert Schreir, a German whose home was at Youngstown, was run over by a train at Monaca and instantly killed.

Jacob Pfaff, an oil driller, fell 80 feet from a derrick near New Brighton and sustained injuries that caused his death.

Cyrus Bosworth, a noted horse breeder, formerly of Warren, is dead at Cleveland. He was born in Warren 69 years ago.

Martin Baker, a well-to-do farmer of Harrison county, committed suicide by hanging. He had been in poor health for a year, which affected his mind.

A mechanical genius of East Springfield is building an automobile that will carry 16 passengers beside freight, and he expects it to yield him a lucrative business.

The Panhandle will spend \$500,000 this year for improvements at Columbus. There will be additions to the old shops, and new shops, a new round house and a coal wharf are among the things contemplated.

William Winters, chief of police at New Brighton, searched the home of an Italian named Frank Greig and found hundreds of costly articles that had been stolen from the stores there. Greig is under arrest.

PLEADED NOT GUILTY.

Bert Farrington, Who Killed His Wife's Paramour, On Trial.

Adrian, Mich., Jan. 14.—Bert Farrington, of Milan, who shot and killed Jesse Hooker, his wife's paramour, in this city, January 5, was arraigned in the circuit court here yesterday, and pleaded not guilty. His trial was set for January 27.

The night of the shooting Farrington had gone to Hooker's home, where his wife was visiting, in company with two officers, to secure evidence on which to base a divorce suit. The party secured admittance to the Hooker home, and when the door to Jesse's room was opened, Farrington discovered the couple within. He fired over the sheriff's shoulder and wounded Hooker so that he died the following morning.

WELCOME TO HENRY.

Committee May Be Appointed to Arrange Details.

Washington, Jan. 14.—The Maryland delegation in Congress, including Senators and Representatives, considered the course to be pursued on the Schley case, and reached a determination that pending the decision of President Roosevelt on the appeal to be made by Admiral Schley to the Chief Executive, it would be inadvisable for the delegation to urge upon Congress any of the resolutions or bills introduced.

There is no present disposition to bring the North Atlantic squadron all the way back from the Caribbean sea to form the advance reception line. The navy still has some fine ships left at the northern yards which may be used for the purpose.

PROSECUTING VENDERS OF DISEASED MEATS.

Chicago, Jan. 14.—Prosecution against the vendors of diseased meats in the stockyards districts has been revived by government officials, who have been investigating the matter for several weeks. The arrest of Fred Hess, a butcher on Halsted street, was made yesterday as a result of disclosures said to have been made by Ferdinand Even, who was brought back from Detroit last Saturday evening.

Hess is charged with having removed government tags from condemned carcasses of beef. He will have a hearing to-morrow before a United States commissioner.

TWO MEN KILLED BY TRAIN.

New York, Jan. 14.—Two unknown men, walking on the Pennsylvania railway tracks at Linden, near Rahway, N. J., were struck by an express train and killed.

Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be relieved, out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars.

NASH TAKES OATH.

Again Inaugurated as Chief Executive of State of Ohio.

PUBLIC RECEPTION LAST NIGHT.

Big Parade Yesterday, Under Command of Former Adjutant-General Axline—U. S. Troops Participate

Inaugural Address of Nash.

Columbus, O., Jan. 14.—At high noon yesterday George Kilbon Nash was inaugurated for the second time as Governor of the State of Ohio. The Governor of office was administered to him in the rotunda of the State capitol by Chief Justice Minshall. The capitol building was appropriately decorated, and the rotunda space was filled with high officials and citizens of the State at large.

Music was furnished by the Columbus Republic Glee club, and after taking the oath of office Governor Nash delivered his inaugural address.

After luncheon there was a big parade marching over the principal part of High street, and this was under the command of former Adjutant-General Axline. The parade consisted of six divisions, and the troops from the United States barracks marching at its head. The national guard turned out 1,500 men under command of Brigadier-General Briggs, and the independent military organizations were under the command of President Thompson, of the Ohio State university. The marching political clubs formed an important part of the parade. The Blaine club, of Cincinnati, Rail Splitters, of Toledo, and other famous clubs were in line.

In the evening there was a public reception in the new annex of the State house.

Inaugural Address of Nash.

Following was the address of Governor Nash:

Members of the General Assembly and Fellow Citizens:

By the will of the people of Ohio, I have, in your presence, for the second time, taken the oath which the law prescribes shall be administered to the Governors of Ohio. By their ballots this free people have said that I have not been unfaithful to the first oath. I sincerely pray that my gratitude for their approval, strengthened by the help of God, will keep me true to the second.

I am admonished by the flight of years that in work for the State I must soon give place to younger men. For the future I have but one ambition—the most sacred of my life: It is to show my appreciation of the people, who have so highly honored me, by being their faithful servant during the next two years. Upon this foundation must rest whatever of fame lives after me.

In this closing of my life work, I beg the advice, the co-operation and the assistance of the members of the Seventy-fifth General Assembly of Ohio. We have taken the same oath. The people have favored us alike. To them, alone, we all owe our fealty. To promote their happiness and welfare should be to us a most pleasant task. In making this appeal I am sure that I do not ask in vain. I think I voice your sentiments when I say "you will be my faithful co-workers."

It is well to recall that during the term of our offices Ohio will enter upon the second century of her life. In the first century she will have grown from a few thousand inhabitants, scattered in hamlets throughout a vast wilderness, to a mighty State, with more than four million people. They are now domiciled in great cities, in beautiful towns and in regions of country unsurpassed in agricultural and mineral wealth. All are happy in the privilege which the twentieth century has brought to the civilized world.

The watchwords of our fathers were, "freedom, education and morality." Upon these foundation stones they built our fair State. What they so splendidly wrought it is our mission, and that of those who come

A Medicine for Old People.

Rev. Geo. Gay, Greenwich, Kas., is past 83 years of age, yet he says: "I am enjoying excellent health for a man of my age, due entirely to the rejuvenating influences of Dr. Miles' Nervine. It brings sleep and rest when nothing else will, and gives strength and vitality even to one of my old age."

The Senate was in executive session for an hour and a half.

Why Women Should Vote For School Officials

By MARY A. LIVERMORE, Woman Suffragist

OME women think the school ballot is too small a fraction of the right of suffrage to be worth using. My husband said he always felt indignant when I came out of that booth after being allowed to vote for school officers only, and he advised me to wait till I could vote the whole ticket. I asked: "Is that the way you would do if a man owed you \$10,000 and offered you \$500? WOULDNT YOU TAKE WHAT YOU COULD GET AND THEN WORK FOR MORE?" "Oh, yes," he said. "You have the logic of it, but I have the sentiment."

It is certainly the duty of women, mothers and possible mothers, to stand by the public schools. You want to know who are the teachers and who are the school committee. You want to see that the children are taught kindness, cleanliness and courtesy. SCHOOL SUFFRAGE IS A MORAL MEASURE, AND NO WOMAN SHOULD HOLD HERSELF EXCUSED FROM VOTING.

after us, to defend, to enlarge and to make better. In this work may we ever remember the precepts of the fathers, and be equally true to our trusts.

In conclusion, I tender to the people of Ohio my thanks. I pledge anew my loyalty to our State, and my love for the Republic of which she is a part.

TO ADMIT EX-CONFEDERATES

To Soldiers' Homes Proposed By Rixey—Grosvenor and Hepburn Defend Themselves.

Washington, Jan. 14.—The House of Representatives spent most of yesterday in general discussion of the pension appropriation bill, the first of the annual budgets. The debate took a wide range.

Mr. Grosvenor, of Ohio, and Mr. Hepburn, of Iowa, denounced a report presented to the last G. A. R. encampment, criticizing the course of themselves and other members of Congress on the veteran "preference" bill which was defeated at the last session. They explained that their opposition to the bill was due to the incorporation in the bill of a clause which had not been endorsed by the G. A. R., placing veterans of the Spanish war in the preferential class.

Mr. Rixey, of Virginia, caused something of a stir on the Democratic side by advancing a proposition to open the doors of National soldiers' homes to ex-Confederates, and to furnish Federal aid to State Confederate homes.

Mr. Richardson, of Alabama, was the only democrat who joined Mr. Rixey in support of it.

William Winters, chief of police at New Brighton, searched the home of an Italian named Frank Greig and found hundreds of costly articles that had been stolen from the stores there. Greig is under arrest.

Suspended for Dancing.

Bridgeport, O., Jan. 14.—Ten students of Franklin college, at New Athens, O., five young men and five young women, have been suspended by the faculty for giving a dance in one of the halls of the institution a few nights ago. After the hour for retiring they met in the hall, and to the music of the piano, danced merrily for several hours. They had already laid plans for similar affairs during the winter, when their gaiety was rudely interrupted by the entrance of several members of the faculty.

Heavy Snow at Meadville.

Meadville, Pa., Jan. 14.—Three feet of snow covers the ground here. The Erie railroad has 200 shovels at work here, and trains require two and three engines. Chief of Police Knapp in alighting from a trolley sweeper was buried in a drift on the principal business street. Snow shoveling is the chief occupation here. Rural mail carriers cannot get out of town.

Files Large Deed of Trust.

Cleveland, Jan. 14.—The final step in the information of the big pneumatic tool combination was the filing of a deed of trust for \$2,500,000 in the county recorder's office here. The deed was from the Chicago Pneumatic Tool company to the Central Reality Bond and Trust company, of New York, to secure the payment of a \$2,500,000 issue of twenty-first mortgage five per cent gold bonds.

WEATHER FORECAST.

Ohio and Western Pennsylvania—Fair and slightly warmer to-day; tomorrow fair, fresh westerly to southwesterly winds.

West Virginia—Fair to-day and tomorrow; westerly winds, becoming variable.

A Lady

Came into our store and said: "I am going to take Dr. Caldwell's Syrup Pepson for my cold. It kept us free all last winter from every kind of cold. It is a great remedy and a perfect laxative." Sold by W. & W. Pharmacy.

Does It Pay to Buy Cheap?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the most severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible. If not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest and cures the patient. Try one bottle. Recommended many years by all druggists in the world. You can get Dr. G. G. Green's reliable remedies at Charles F. Craig's, Fouts Bldgs., East Liverpool, O.

Get Green's special almanac.

Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies.

Deafness is caused by an inflamed condition of the Eustachian tube. When the tube is inflamed it cannot have a free passage, so the air is impeded, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever;

nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous membrane.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Cataract Cure. Send for circulars, free.

EVENING NEWS REVIEW September 17, 1901, TWO THOUSAND ONE HUNDRED (2,000).

The average circulation since the statement of August 1, 1901, TWO THOUSAND AND THIRTY-FIVE (2,035).

A net gain since March 1, 1901, of ONE THOUSAND TWO HUNDRED AND TWENTY-THREE (1,223) subscribers.

TUESDAY, JANUARY 14, 1902.

A majority of the senate is reported in favor of the proposition that consideration should be given to the Panama Canal company's offer before it is decided which route the proposed isthmian canal shall take. The vote in the house, for the Nicaraguan canal bill, as discussion at the time revealed, was more of an expression of sentiment in favor of a canal than in favor of any particular route. The senate will act wisely if it takes the stand attributed to it. The interoceanic canal has waited more than a hundred years, and it will be better to wait longer than to have the government commit itself to an error. But the whole question should be settled, as it probably will be, by the present congress, and a bill passed that will result in the early commencement of work.

President Roosevelt's advice to both sides in the Schley-Sampson controversy to drop the whole subject is both wise and timely. It should be heeded forthwith. The whole country is weary of the matter. Admiral Schley has expressed himself as satisfied with the verdict of the court of inquiry. If that is his feeling, surely his partisans have no ground for complaint. The attempt to make the dispute a political question is supremely ridiculous. Republicans and Democrats are alike in being divided in sentiment regarding it. The controversy was a needless one, in the first place. The effort to keep it alive is foolish and disgraceful.

Some excellent suggestions are made by Rev. W. E. Hill in a letter elsewhere printed concerning the Carnegie library. The people of this city cannot do better thing for the institution than to heed them. There are undoubtedly hundreds of people who have books of little value or usefulness to themselves, which, if placed on the library shelves, would be of interest to a great number of readers. The fewer empty shelves there are when the library is opened, the better the reading rooms will look and the better the institution will succeed in its noble mission of giving enlightenment and pleasure to the public.

The Daughters of the Confederacy of Kentucky are nearly half a century behind the times in warring on "Uncle Tom's Cabin." It is a very unwise thing for them to give the play so much gratuitous advertising, however, if they, along with a great many other people, want to see it removed from the stage at once and forever.

A method enabling two persons using a telephone to see each other while they are talking is said to have been invented. It will be an excellent thing to keep out of business offices where popular and pretty typewriter girls are required to answer the phone.

An American has been elected to an important position in the imperial university of China. If he succeeds in getting a few sound American ideas into the heads of the pigtails, there is hope for China yet.

A Michigan man who smoked 30 cigarettes a day for 12 years is dead. He ought to be. But if he had been real bright he might have found a swifter and less disagreeable method of committing suicide.

The New York Central Railroad company is trying to solve the prob-

lem why a well-covered and well built tunnel should be more deadly than the most exposed grade crossing.

The newly organized board of arbitration of the National Civic Federation has already proved its usefulness by averting a threatened strike of garment workers in New York.

A Balkan bandit who is said to have committed 520 murders and 3,000 robberies has just been captured. Justice appears to travel with leaden heel in that country.

The second inauguration of Governor Nash was well managed, as Republican affairs usually are.

OBITUARY

Anderson Gibb.

Anderson Gibb, aged 72 years who died at Hookstown recently, was buried there Sunday. He was one of the oldest residents of that section of Beaver county, and was well known.

Mrs. Margaret Daley.

Lisbon, January 14.—(Special)—The funeral of Mrs. Margaret Daley took place from the Catholic church today. She was of Irish and Scotch descent and was 77 years old.

AT THE THEATER

"The World's Great Mystery," the opening performance given by the Chester De Vondre company last night of a week's engagement, attracted an immense audience. Every seat was taken and standing room scarce. The play was most creditably presented, and while characterized by exciting situations throughout, was interspersed with sufficient comedy to please everybody.

Mr. De Vondre has lost none of his old-time magnetism and his clever work was well set off by the other members of the cast, all of whom are artists of unusual ability.

The special scenery used during the different acts was a feature that elicited great admiration and the costumes were also gorgeous and appropriate.

Papers Served on Stockholders.

Toledo, O., Jan. 14.—Service was secured yesterday by the United States Marshal on 113 stockholders of the Sandusky, Milan and Norwalk Electric Railroad company to enforce double liability. The plaintiff in the case, John E. Doman, secured a verdict of \$9,000 against the company for personal injury. It was found that the company had the property fully covered by first mortgage bonds and was therefore insolvent. The property is now owned by the Everett-Moore syndicate, and is a part of the Lake Shore Electric line.

William M. Evarts as a Wit.

William M. Evarts dearly loved a joke—so dearly, indeed, that once, when secretary of state, he came nigh upon the death of one of his subordinates. A consul in the West Indies wrote home stating that his health in that climate was bad and asking for a transfer. At that time there happened to be a vacancy in northern Sweden, and to it the astonished and dismayed consul was transferred instantly by Mr. Evarts. It was not what he had bargained for, and, as an icebound winter was a change that would have meant translation for him to another sphere, the secretary finally relented and gave him a berth elsewhere.

At one time in the department of state a new elevator man had been employed who did not know Mr. Evarts by sight. In his car was a conspicuous sign to the effect that by order of the secretary of state smoking was prohibited. Late in the day the secretary boarded the car in company with a famous senator, the latter smoking a cigar. The new man promptly touched the smoker on the elbow and said, pointing at the notice, "Can't you read that sign?" Mr. Evarts promptly tore down the offending notice and, turning to the elevator man, said: "What sign? I don't see any." The attendant, suspecting something, wisely held his peace, but he followed the pair out and asked the guard at the door who the little chap with the large head was. The guard told him.—New York Tribune.

POTTERY NEWS

Information has been secured that within a few weeks initial steps will be taken for the purpose of forming an independent local of the kiln firemen in this city. This matter has been under consideration for some time by the firemen, and it will not be long until definite action will be taken. Many firemen are at present members of kilnmen's local No. 9, and of the potters' local, but some do not belong to any organization. These workmen receive about \$3 a day, and in some instances their wages amount to \$50 a pay—two weeks—making the wages of some firemen over \$4 a day. If a local is formed and a uniform scale adopted it is probable the wages will be equalized. Many firemen favor the plan of having a separate local. As there are a large number of these workmen here it is thought a good local can be maintained.

The Dresden pottery is making seven glost and five biscuit kilns a pay, and in order to do so the biscuit crew will be increased from 13 to 14 men soon, which will make the crew the largest single crew at work in any pottery in this section. When this gang has about completed the placing of a kiln a number of kilnmen leave the crew, going to another kiln. By following this system some rapid placing is done at this plant.

Many applications have been received by A. J. Cartwright, who is identified with the company building a pottery at Barberton, for positions in the new plant. It is announced that sufficient applications have been received to almost start the clay shops in full. Of course there will be a large number of workmen employed, and as no positions have yet been given out, applications keep coming in to Mr. Cartwright.

During the past few weeks a number of changes have been made in the clay shops of the East Liverpool pottery. Additions have been made to the clay cellar, new floors laid there, and improvements made in the elevator service. This work was done under the direction of Superintendent Thos. Robinson, who has had charge of the plant since it was made a part of the East Liverpool Potteries company.

Workmen have about completed the clay shops of the new pottery being built at Barberton, and it is expected it will be ready for the machinery within the next two weeks. The foundation for all the different buildings have been completed, and even the new boilers have been delivered at the plant. The new concern will begin active operations not later than June 1.

Eugene Bradshaw, of the Niles pottery, who has been here for several days, will return to that city soon. He states that 30 girls are employed at this plant, working in decalcomania, while two printers have steady employment. Much decorated ware is being turned out at this plant, and orders are large for this time of year.

Percy Frost, chief decorator of the Sebring potteries at Sebring, who has been in the city for several days, returned to his home yesterday afternoon. Mr. Frost states his firm will place a number of new decorations on the market within a few months.

William Sutton, a jiggerman who has been employed at the Brunt pottery for several years, has taken a position at the Diamond pottery. His place at Brunt's is being filled by J. C. Higgins, who was formerly employed at the Diamond.

R. M. Merriman, bench boss of the biscuit end of the Buckeye pottery, who has been ill with fever for a few weeks will resume his duties tomorrow morning. George Bennett, another kilnman at this plant, is also off duty on account of illness.

Two apprentice kilnmen at the Laughlin pottery have been turned in as journeymen. They are Henry Holland, of the biscuit department, and "Red" Walcott, of the glost. They completed their time last week.

The new kilns being built at the Dresden pottery will be completed this week. One of the kilns will be fired off by Saturday, as the kilnmen will place these kilns within a few days.

Archie Searight, a kilnman at Laughlin No. 2, who has been confined to his home for several weeks suffering with rheumatism, returned to his bench yesterday.

Jack Demming has taken a position at the East Liverpool pottery as a presser. He is making cover dishes.

Miss Helen Barton, who has been

employed at the Union pottery, has resigned her position. She has taken a place as brusher at the D. E. McNicol plant.

The Goodwin pottery resumed operations in full yesterday morning after the holiday shut down. All the old kilnmen started to work at this plant yesterday.

George Reed, a kilnman at the Buckeye pottery, who has been visiting at his old home near Hookstown for several days, has returned to his bench.

George Smith has returned to his work at the Diamond pottery after being confined to his home in the West End for a week on account of illness.

Robert Hawkins, who spent Sunday at Alliance, visiting friends, returned to this city yesterday afternoon.

The decorators at the Dresden pottery resumed work yesterday morning, after being idle several weeks.

Lot Haney, a kilnman at Laughlin No. 2, is working out his two weeks' notice.

FRIENDS AND VISITORS

B. Rand, of Second street, visited Cleveland on business yesterday.

Miss Addie McClain, of Jefferson street, is confined to her home by illness.

Miss Maude Dawson, principal of the Bradshaw school, who has been ill, is improving.

Mrs. William Hollingshead has returned to Sebring after a visit with friends in the city.

J. H. Tinker, of the freight department of the Seaboard Air Line railroad, was in the city yesterday.

Edward Mader, of East Palestine, arrived in this city today and will be employed in an East End bakery.

Miss Elsie Boswell, Mrs. D. O. Ault and Miss June Ault, of Toronto, have returned home after visiting friends in this city.

Miss Gladden, a teacher of the East End school, who has been seriously ill, is much improved. She expects to be in school soon.

Charles Wright, youngest son of the popular secretary of the local Y. M. C. A., arrived in the city today for a visit with his father.

Pottery Stock for Sale.

Three shares of stock in the American China company, Toronto, Ohio. For particulars address Hugh Donlon, Amsterdam, N. Y.

Skating at West End Park this afternoon and evening.

SOME NEWS IN BRIEF.

Members of the senior and junior classes of Grove City college fought for the possession of choice seats in the college chapel. Many students were cut and bruised and much property damaged.

As a result of the general rise in rents, many persons at Steubenville, O., are preparing to live in tents.

Mayor Holden, of Zanesville, O., backed down and did not interfere with the running of street cars and the sale of newspapers as threatened by him, but kept closed all places of business, including drug stores.

Farmers in the mountains near Moorefield, W. Va., have organized to hunt down a wolf which is paying with the sheep.

A crying baby awakened Mrs. Fannie Propst, of near Franklin, W. Va., just in time to enable the family to escape from their burning home in their night clothing.

President Theodore J. Shaffer, of the Amalgamated Association of Iron, Steel and Tin Workers, will address the lodges of the Mahoning valley at Youngstown, O., next Sunday.

The members of St. Anthony's Roman Catholic church at Youngstown, O., have petitioned Bishop Hortsman, of Cleveland, to remove their pastor, the Rev. Charles Doris.

Judge George W. Farr, of the Doddridge county, W. Va., circuit court, was assaulted at West Union by David Kehoe, whose vote Farr had challenged. The judge turned on his assailant and gave him a sound beating, although he received considerable punishment himself.

scribers.

TUESDAY, JANUARY 14, 1902.

A majority of the senate is reported in favor of the proposition that consideration should be given to the Panama Canal company's offer before it is decided which route the proposed isthmian canal shall take. The vote in the house, for the Nicaraguan canal bill, as discussion at the time revealed, was more of an expression of sentiment in favor of a canal than in favor of any particular route. The senate will act wisely if it takes the stand attributed to it. The interoceanic canal has waited more than a hundred years, and it will be better to wait longer than to have the government commit itself to an error. But the whole question should be settled, as it probably will be, by the present congress, and a bill passed that will result in the early commencement of work.

President Roosevelt's advice to both sides in the Schley-Sampson controversy to drop the whole subject is both wise and timely. It should be heeded forthwith. The whole country is weary of the matter. Admiral Schley has expressed himself as satisfied with the verdict of the court of inquiry. If that is his feeling, surely his partisans have no ground for complaint. The attempt to make the dispute a political question is supremely ridiculous. Republicans and Democrats are alike in being divided in sentiment regarding it. The controversy was a needless one, in the first place. The effort to keep it alive is foolish and disgraceful.

Some excellent suggestions are made by Rev. W. E. Hill in a letter elsewhere printed concerning the Carnegie library. The people of this city cannot do a better thing for the institution than to heed them. There are undoubtedly hundreds of people who have books of little value or usefulness to themselves, which, if placed on the library shelves, would be of interest to a great number of readers. The fewer empty shelves there are when the library is opened, the better the reading rooms will look and the better the institution will succeed in its noble mission of giving enlightenment and pleasure to the public.

The Daughters of the Confederacy of Kentucky are nearly half a century behind the times in warring on "Uncle Tom's Cabin." It is a very unwise thing for them to give the play so much gratuitous advertising, however, if they, along with a great many other people, want to see it removed from the stage at once and forever.

A method enabling two persons using a telephone to see each other while they are talking is said to have been invented. It will be an excellent thing to keep out of business offices where popular and pretty typewriter girls are required to answer the phone.

An American has been elected to an important position in the imperial university of China. If he succeeds in getting a few sound American ideas into the heads of the pigtails, there is hope for China yet.

A Michigan man who smoked 30 cigarettes a day for 12 years is dead. He ought to be. But if he had been real bright he might have found a swifter and less disagreeable method of committing suicide.

The New York Central Railroad company is trying to solve the prob-

lem why a well-covered and well built tunnel should be more deadly than the most exposed grade crossing.

The newly organized board of arbitration of the National Civic Federation has already proved its usefulness by averting a threatened strike of garment workers in New York.

A Balkan bandit who is said to have committed 520 murders and 3,000 robberies has just been captured. Justice appears to travel with leaden heel in that country.

The second inauguration of Governor Nash was well managed, as Republican affairs usually are.

OBITUARY

Anderson Gibb.

Anderson Gibb, aged 72 years who died at Laughlin recently, was buried there Sunday. He was one of the oldest residents of that section of Beaver county, and was well known.

Mrs. Margaret Daley.
Lisbon, January 14.—(Special)—The funeral of Mrs. Margaret Daley took place from the Catholic church today. She was of Irish and Scotch descent and was 77 years old.

AT THE THEATER

"The World's Great Mystery," the opening performance given by the Chester De Vondre company last night of a week's engagement, attracted an immense audience. Every seat was taken and standing room scarce. The play was most creditably presented, and while characterized by exciting situations throughout, was interspersed with sufficient comedy to please everybody.

Mr. De Vondre has lost none of his old-time magnetism and his clever work was well set off by the other members of the cast, all of whom are artists of unusual ability.

The special scenery used during the different acts was a feature that elicited great admiration and the costumes were also gorgeous and appropriate.

Papers Served on Stockholders.

Toledo, O., Jan. 14.—Service was secured yesterday by the United States Marshal on 113 stockholders of the Sandusky, Milan and Norwalk Electric Railroad company to enforce double liability. The plaintiff in the case, John E. Doman, secured a verdict of \$9,000 against the company for personal injury. It was found that the company had the property fully covered by first mortgage bonds and was therefore insolvent. The property is now owned by the Everett-Moore syndicate, and is a part of the Lake Shore Electric line.

William M. Evarts as a Wit.
William M. Evarts dearly loved a joke—so dearly, indeed, that once, when secretary of state, he came nigh upon being the death of one of his subordinates. A consul in the West Indies wrote home stating that his health in that climate was bad and asking for a transfer. At that time there happened to be a vacancy in northern Sweden, and to it the astonished and dismayed consul was transferred instantaneously by Mr. Evarts. It was not what he had bargained for, and, as an icebound winter was a change that would have meant translation for him to another sphere, the secretary finally relented and gave him a berth elsewhere.

At one time in the department of state a new elevator man had been employed who did not know Mr. Evarts by sight. In his car was a conspicuous sign to the effect that by order of the secretary of state smoking was prohibited.

Late in the day the secretary boarded the car in company with a famous senator, the latter smoking a cigar.

The new man promptly touched the smoker on the elbow and said,

pointing at the notice, "Can't you read that sign?" Mr. Evarts promptly tore down the offending notice and, turning to the elevator man, said: "What sign? I don't see any." The attendant, suspecting something, wisely held his peace, but he followed the pair out and asked the guard at the door who the little chap with the large head was. The guard told him.—New York Tribune.

Had Small Hope.
First Physician—I understand the measles have broken out in your neighborhood?

Second Physician—Yes, but the families are so scattered I'm afraid they won't catch.—Boston Post.

Painting by Machinery.

An invention for painting by machinery bids fair to take rank with other labor saving devices. A recent test of the machine on a flat surface 10 by 200 feet showed that one man working by hand finished painting the surface in sixteen hours and used four gallons of paint.

The new machine did the work in three hours and twenty-nine minutes and used only two and a half gallons of paint. The machine is simply constructed, compressed air being used to drive a set of revolving brushes, connected by a hose to the tank, the paint being forced up as well.

WELLSVILLE

SCHOOLS IN GOOD SHAPE

SUPERINTENDENT'S REPORT AT LAST NIGHT'S MEETING.

The High School Seniors' Dispute Talked Over, But No Action Taken.

A very important meeting was held in the Union school building last evening by the board of education. The resignation of Miss Nan Stevenson, which was tendered in December, was accepted and Miss May MacDonald elected to fill the vacancy. Small bills aggregating \$150 were presented and ordered paid.

Supt. McDonald was present and made his regular monthly report. He stated that the schools are generally in a good condition and are being run for the benefit of the children, not the children for the benefit of the schools. In some of the grades he stated there is some dissatisfaction prevailing, but the difficulties will be overcome in a short time.

The rumor current yesterday that Miss Mason, principal of the high school, would tender her resignation for the action of the board was proven false. The subject was not discussed.

However, several members were under the impression that something of the kind might occur. During the past week the board had been conferred with by a number of the scholars in regard to the trouble of Miss Mason with the senior class, but they emphatically declined to take up the matter.

Drs. Parke and Rex stated to a reporter last evening that such cases do not come under the jurisdiction of the board. They also stated that in their opinion Miss Mason is taking too firm a stand in the trivial matter. They think that, if there is no specification for the spending of the money in dispute, the class had a perfect right to purchase the pins with the money from the class treasury.

DISPENSING SEWER FUND

Commission Resolves to Prepare for Expenditure What Still Remains.

The meeting of the sewer commission last evening was an interesting one. The commission is composed of Messrs. Rex, Brannan, Martin and Bowers. For one purpose only did these gentlemen meet, and that was to get rid of the money remaining in the sewer fund. They did not feel that any money should be left in the fund to be dispensed by council. The council passed the resolution abolishing the commission without the least warning. No time was given the commission in which to prepare for death.

In its last night's meeting the commission ignored the council by not even referring to it. There being only \$1,300 in the fund, resolutions were passed which will consume nearly the entire amount. The city solicitor was ordered to enter into a contract with Irwin Bros. for the laying of a line of sewer pipe on Broadway from Fifth street to Cherry alley; on Fifth street from Commerce street to Broadway, and on Center street south to the home of Mrs. Johnson. The estimated cost of these lines is a little more than \$1,200. The commission has three days yet to take action upon whatever it chooses, and it is likely that another meeting will be held tomorrow evening.

Potters' Social.

The members of local union No. 55, N. B. of O. P., have arranged to give a necktie social in Mackenzie's hall tomorrow evening. The members of the union are young ladies who work in local potteries and will give the social for the benefit of the union.

Special Presbyterian Services. Special meetings are being conducted in the First Presbyterian church. Rev. C. G. Jordan, pastor of the First Presbyterian church, East Liverpool, will preach tonight; also on Wednesday, Thursday and Friday evenings.

MINOR NEWS OF WELLSVILLE.

Mike Lorenzo has opened a fruit stand on Commerce street.

Joe Geisse is preparing to open a restaurant on Third street.

Mrs. Joseph Elliott has returned

from a visit with friends in Steubenville.

Mrs. A. H. Grimm left this morning to make Steubenville a visit.

Mrs. S. J. Cross, of Rochester, is visiting O. S. Junkin, Main street.

Walter Mills, foreman of the tin department in the C. & P. shops, is ill.

George Sheekler, of Chester, is visiting his brother, Samuel Sheekler.

Mrs. Hiram McCord and son Warren are visiting relatives in Massillon.

Mr. and Mrs. Edward Pogue are home from a pleasant visit in Pittsburgh.

Mrs. Elizabeth Andrews, of New Matamoras, is the guest of Mrs. Scott Pugh.

A. C. Van Dyke and son Sumner are sick at their home on Eighteenth street.

Mr. and Mrs. J. W. Metcalf are confined to their home on Center street with the grippe.

Mrs. Emanuel Paul and Mrs. Samuel Paul were in the city yesterday from Hammondsburg.

Lawrence Cheesman went down to Parkersburg yesterday to accept a position in a steel mill.

E. H. Riggs returned yesterday from Camden, S. C. Mrs. Riggs will remain there for the winter.

Mrs. David Mannis and son Melton returned yesterday from a three months' visit in New York city.

Rev. C. L. V. McKeo left last evening for Denison to assist in conducting a series of revival meetings.

John Donnelly has purchased the grocery store owned by R. S. McGee on Tenth street and will continue the business.

Mrs. Barney Householder is slowly recovering from her injuries received in the railroad wreck at Allegheny last week.

Mrs. Emmet Gerren departed last evening for Urichsville in response to a letter stating that her brother, William Smith, is very sick.

Pete Ebaugh has resigned his position at the Metropole and left last evening for South Cumberland, Md., where he will work in a black plate mill.

Frank Fitzpatrick, West End, received word yesterday that his father, brother and sister are all very sick with typhoid fever at their home in Dungannon.

Cooling Water in Nicaragua.

"They have," said a railroad man, "a primitive method of cooling water in Mexico and Central America. The principal is perfectly simple, but there is a certain knack about the thing that I have never known a white man to fully acquire."

"When a native in one of the broiling hot little villages of interior Nicaragua wants to cool some water, she fills a half gallon earthenware jar about two-thirds full. Parenthetically I say 'she,' because this is a task that requires more energy than any male Nicaraguan was ever known to possess. The jar is made of baked clay, and, not being glazed, is partially porous and soon becomes moist on the outside. Two leather straps are firmly attached to the neck, and, seizing these in her hands, she begins to rotate the jar swiftly in the air. The mouth is wide open, but centrifugal action keeps the liquid from flying out."

The average native woman is frail and listless in appearance, but the endurance which they exhibit at this sort of callisthenics is marvelous. It is about the same as swinging Indian clubs, and I am afraid to say how long I have seen them keep it up, lest you might set me down as a prize liar. Generally the lord and master lies in one corner of their 'jacal' or hut, smoking a cigarette and watching the operation languidly. When the woman thinks the water is sufficiently cool, she stops with a dexterous twist of the wrist and hands him the jar.

"Usually he takes a gulp, growls out, 'Moocha calora,' which is native patois for 'blamed hot,' and she begins again, patiently describing pinwheels. I have never made a test with a thermometer, but I assure you they can reduce tepid water to the temperature of a very cool mountain spring." —New Orleans Times-Democrat.

The Best Telephoned City.

What is the best telephoned city in the world? San Francisco seems to be the answer. In that city, with a population of 342,782, there are 21,324 telephones, or sixty-two per thousand. In Europe, Copenhagen is probably the best telephoned city, with 15,311 telephones to its 312,850 of population, equal to forty-nine per thousand. In Copenhagen, too, the best conditions for the public exist, although the rates are relatively as high as those in American cities. London compares very unfavorably with these figures. At the beginning of this year there were 41,111 telephones to a population of more than 5,500,000, or a proportion of seven to every thousand people. New York, with a population of 2,350,000, had 54,647 instruments, or twenty-six to a thousand.

Soothing.

Li Hung Chang had beyond all doubt an iron will and a very unsentimental heart. Once when he was viceroy of China a man who had tampered with a telegraph wire was brought before him. The man wrung his hands and begged for mercy, saying that he would never touch the wire again.

"Don't be vexed, my good fellow," said Li, "or trouble yourself any further about the matter. I shall take care that it does not happen again."

Then he turned to the jailers and gave the order, "Cut off his head!"

SOUTH SIDE

THE MAD DOG SCARE

Causes Alarm And Uneasiness Among the People of Chester.

The mad dog scare in Chester is still prevailing. Every cur that is seen on the streets is given a wide berth. Several dogs have been bitten recently, and although they have not developed hydrophobia it is feared that they will.

Thomas Oakes, a boarder at Elmer Good's home, became alarmed yesterday concerning the condition of Good's shepherd dog and ended its life. After committing the deed, Oakes, who is 45 years old, met Dr. Lewis, and with tears streaming from his eyes, told the story of his best earthly friend being dispatched.

Frederick Hobbs, the milkman, denies that he was bitten by the mad dogs at Elmer Good's, though he saw them and advised that they be killed.

Miss Hay is one of the most popular girls in the official set at the national

PARK OPENING

Date Set For May 24—Big Picnic of the K. G. E. Booked.

Arrangement has been made that the picnic season at Rock Spring park this year will open on May 24. A number of dates have been marked off by Manager Maxwell, and one of the picnics now booked will likely be the largest of the season. This event will be the annual gathering of the members of the Knights of the Golden Eagle and their friends at Rock Springs June 14.

Members of this order from all parts of Western Pennsylvania and eastern Ohio will be in attendance, and it is estimated that not less than 8,000 persons will be there. For the past three years this event has been held at Cascade park, where the attendance has been over 9,000 persons annually.

Railway Employees Entertained.

The employees of the East Liverpool and Rock Spring railway company were nicely entertained at the home of Al Nowling, in the east end of Chester Saturday evening. The guests, in a body, arrived at Mr. Nowling's home at 11 o'clock and were immediately escorted to the dining room where they were seated at a table burdened with a choice menu. The occasion was a most enjoyable one.

Arranged For an Oil Well.

James Flood returned from New Cumberland yesterday. While there he completed arrangements for the drilling of an oil well on the Bell farm. The land was leased last week and derricks will be placed in readiness for drilling Thursday evening.

New Officials to Take Hold.

Mayor Dunn has announced that the council, mayor and recorder-elect will be sworn in at the council meeting next Thursday evening. However, they will not enter upon their official duties until after the first council meeting in February.

Site For a New House.

George Grimm and Mrs. Mary S. Baggott have purchased lot 29, Neptune avenue and Tenth. The couple are soon to be married and will live in a new house which will be erected on the lot purchased.

Bought a Store.

O. O. Allison yesterday purchased the grocery store on Fairview street owned by Bell Bros. Mr. Allison will transfer the entire stock to his store on Virginia avenue.

CHESTER NOTES.

J. S. D. Mercer, recorder-elect, is suffering from an attack of neuralgia.

Taxpayers who do not pay up by Saturday evening will be placed on the delinquent list.

George Buxton, Sr., left yesterday for a six weeks' trip in Ohio in the interest of his health.

Of Interest To Mill Workers

We have about 20 houses in Chester which we can sell you at prices and terms to suit, and can give you possession in 30 days. All of these houses are complete in every particular, with all modern conveniences. Prices from \$1650 upwards.

WELLSVILLE

SCHOOLS IN GOOD SHAPE

SUPERINTENDENT'S REPORT AT LAST NIGHT'S MEETING.

The High School Seniors' Dispute Talked Over, But No Action Taken.

A very important meeting was held in the Union school building last evening by the board of education. The resignation of Miss Nan Stevenson, which was tendered in December, was accepted and Miss May MacDonald elected to fill the vacancy. Small bills aggregating \$150 were presented and ordered paid.

Supt. McDonald was present and made his regular monthly report. He stated that the schools are generally in a good condition and are being run for the benefit of the children, not the children for the benefit of the schools. In some of the grades he stated there is some dissatisfaction prevailing, but the difficulties will be overcome in a short time.

The rumor current yesterday that Miss Mason, principal of the high school, would tender her resignation for the action of the board was proven false. The subject was not discussed.

However, several members were under the impression that something of the kind might occur. During the past week the board had been conferred with by a number of the scholars in regard to the trouble of Miss Mason with the senior class, but they emphatically declined to take up the matter.

Drs. Parke and Rex stated to a reporter last evening that such cases do not come under the jurisdiction of the board. They also stated that in their opinion Miss Mason is taking too firm a stand in the trivial matter. They think that, if there is no specification for the spending of the money in dispute, the class had a perfect right to purchase the pins with the money from the class treasury.

DISPENSING SEWER FUND

Commission Resolves to Prepare for Expenditure What Still Remains.

The meeting of the sewer commission last evening was an interesting one. The commission is composed of Messrs. Rex, Brannan, Martin and Bowers. For one purpose only did these gentlemen meet, and that was to get rid of the money remaining in the sewer fund. They did not feel that any money should be left in the fund to be dispensed by council. The council passed the resolution abolishing the commission without the least warning. No time was given the commission in which to prepare for death.

In its last night's meeting the commission ignored the council by not even referring to it. There being only \$1,300 in the fund, resolutions were passed which will consume nearly the entire amount. The city solicitor was ordered to enter into a contract with Irwin Bros. for the laying of a line of sewer pipe on Broadway from Fifth street to Cherry alley; on Fifth street from Commerce street to Broadway, and on Center street south to the home of Mrs. Johnson. The estimated cost of these lines is a little more than \$1,200. The commission has three days yet to take action upon whatever it chooses, and it is likely that another meeting will be held tomorrow evening.

Potters' Social.

The members of local union No. 55, N. B. of O. P., have arranged to give a necktie social in Mackenzie's hall tomorrow evening. The members of the union are young ladies who work in local potteries and will give the social for the benefit of the union.

Special Presbyterian Services.

Special meetings are being conducted in the First Presbyterian church. Rev. C. G. Jordan, pastor of the First Presbyterian church, East Liverpool, will preach tonight; also on Wednesday, Thursday and Friday evenings.

MINOR NEWS OF WELLSVILLE.

Mike Lorenzo has opened a fruit stand on Commerce street.

Joe Geisse is preparing to open a restaurant on Third street.

Mrs. Joseph Elliott has returned

from a visit with friends in Steubenville.

Mrs. A. H. Grimm left this morning to make Steubenville a visit.

Mrs. S. J. Cross, of Rochester, is visiting O. S. Junkin, Main street.

Walter Mills, foreman of the tin department in the C. & P. shops, is ill.

George Sheekler, of Chester, is visiting his brother, Samuel Sheekler.

Mrs. Hiriam McCord and son Warren are visiting relatives in Massillon.

Mr. and Mrs. Edward Pogue are home from a pleasant visit in Pittsburgh.

Mrs. Elizabeth Andrews, of New Matamoras, is the guest of Mrs. Scott Pugh.

A. C. Van Dyke and son Sumner are sick at their home on Eighteenth street.

Mr. and Mrs. J. W. Metcalf are confined to their home on Center street with the grippe.

Mrs. Emanuel Paul and Mrs. Samuel Paul were in the city yesterday from Hammondsburg.

Lawrence Cheeseman went down to Parkersburg yesterday to accept a position in a steel mill.

E. H. Riggs returned yesterday from Camden, S. C. Mrs. Riggs will remain there for the winter.

Mrs. David Mannis and son Melton returned yesterday from a three months' visit in New York city.

Rev. C. L. V. McKee left last evening for Dennison to assist in conducting a series of revival meetings.

John Donnelly has purchased the grocery store owned by R. S. McGee on Tenth street and will continue the business.

Mrs. Barney Householder is slowly recovering from her injuries received in the railroad wreck at Allegheny last week.

Mrs. Emmet Gerren departed last evening for Uhrichsville in response to a letter stating that her brother, William Smith, is very sick.

Pete Ebaugh has resigned his position at the Metropole and left last evening for South Cumberland, Md., where he will work in a black plate mill.

Frank Fitzpatrick, West End, received word yesterday that his father, brother and sister are all very sick with typhoid fever at their home in Dungannon.

Cooling Water In Nicaragua.

"They have," said a railroad man, "a primitive method of cooling water in Mexico and Central America. The principal is perfectly simple, but there is a certain knack about the thing that I have never known a white man to fully acquire."

"When a native in one of the broiling hot little villages of interior Nicaragua wants to cool some water, she fills a half gallon earthenware jar about two-thirds full. Parenthetically I say 'she,' because this is a task that requires more energy than any male Nicaraguan was ever known to possess. The jar is made of baked clay, and, not being glazed, is partially porous and soon becomes moist on the outside. Two leather straps are firmly attached to the neck, and, seizing these in her hands, she begins to rotate the jar swiftly in the air. The mouth is wide open, but centrifugal action keeps the liquid from flying out.

"The average native woman is frail and listless in appearance, but the endurance which they exhibit at this sort of calisthenics is marvelous. It is about the same as swinging Indian clubs, and I am afraid to say how long I have seen them keep it up, lest you might set me down as a prize liar. Generally the lord and master lies in one corner of their 'jacal,' or hut, smoking a cigarette and watching the operation languidly. When the woman thinks the water is sufficiently cool, she stops with a dexterous twist of the wrist and hands him the jar.

"Usually he takes a gulp, gouts out, 'Moocha calora,' which is native patois for 'blamed hot' and she begins again, patiently describing pinwheels. I have never made a test with a thermometer, but I assure you they can reduce tepid water to the temperature of a very cool mountain spring."—New Orleans Times-Democrat.

HOW TO BE SUCCESSFUL.

Experiences of Some of Our Wealthiest Men—Good Health the Keynote.

Success does not follow ill health; on the contrary, it takes good health to make one successful. A good appetite, ability to sleep soundly all night long, and arise feeling rested and refreshed, with a body that has no pains or aches, and a clear brain, full of vim, ideas and insight into business, is what make success. The Vanderbilts, Goulds, Astors, Havemeyers, and a long list of others that we could name, attribute their wealth and success in business to long hours and hard work, which were made possible by good health. Bad health is the cause of more failures in business than anything else. "Blood Wine" keeps the health good. It cleanses every particle of blood that flows through your veins. It abstracts the impurities and germs, forces them out of the body, and leaves only the pure, rich blood, which feeds the weakened tissues, and keeps one in good health. "Blood Wine" will give you a clear brain, so that you can think, reason, plan, and succeed. It enables you to grasp a situation quickly, to understand clearly. It takes every ache and pain out of your system, and transforms every organ of your body to its normal healthy condition. Blood Wine contains no wine or opiates, merely medicines of wonderful curative characteristics that never disappoint.

In the business world "Blood Wine" is a great favorite with both men and women. Storekeepers, clerks, stenographers, bookkeepers, lawyers, clergymen, and all requiring a powerful agent to clear the brain, and aid them in business, take it.

Mrs. Annie Morgan of Waterville, Me., says: "I think it is my duty to let you know what benefit I have derived from taking your 'Blood Wine.' I have taken one bottle and a half, and feel wonderfully better. My appetite is improved; I do not suffer nearly so much, for I was all run down and felt tired all the time, and my brain seemed clouded. Your 'Blood Wine' has benefited me so much that I feel grateful to have found it, and I can heartily recommend it to any one who is suffering from loss of appetite, nervousness, and all trouble arising from poor digestion, overwork, and a run-down condition in general."

"Blood Wine" costs fifty cents a bottle, but you can sample it free of charge at Will Reed's and Hodson's drug-stores.

Lazy Liver

"I have been troubled a great deal with a torpid liver, which produces constipation. I found CASCAETS to be all you claim for them, and secured such relief that I purchased another supply, and was compelled to return, but only too glad to recommend Cascaets whenever the opportunity presented." J. A. SMITH, 2020 Susquehanna Ave., Philadelphia, Pa.

STANDARD OIL CO.

YACHT'S NAME ALICE.

'Tis Said Kaiser's Craft Is to be Thus Christened, In Cousin's Honor.

ALSO FOR MISS ROOSEVELT.
Committee May Be Named By Government to Arrange Welcome for Prince Henry—Don't Want Plans to Conflict.

New York, Jan. 14.—Emperor William's yacht, now being constructed at Shooters Island, is to be christened "Alice." The Tribune was expected to make this announcement today, which is stated to be on the authority of Henry G. Barber, a member of the firm which designed the yacht. Mr. Barber stated that the information was unofficial, but that he does not doubt its authenticity.

The name Alice will be given to the yacht in honor of Miss Alice Roosevelt, daughter of President Roosevelt, who is to christen the yacht, and for a cousin of the Emperor whose name also is Alice. The cousin in question is thought to be the Czarina of Russia, who was the Princess Alix of Hesse, granddaughter of Queen Victoria.

The fact that Miss Roosevelt is to christen the yacht and that it may be named in her honor, together with the knowledge that Prince Henry of Prussia will represent his brother, the Emperor, at the ceremony, had added extraordinary interest to the affair.

Mayor Low opened correspondence with Secretary of State Hay at Washington, looking to the making of arrangements for a welcome to Prince Henry of Prussia when he arrives in New York. The Mayor does not want the arrangements made by the city of New York to conflict in any way with those planned at Washington.

NO BOLT AGAINST GORMAN.

Opponents of Vandiver Have Announced They Will Vote for the Caucus Nominee for Senator.

Annapolis, Md., Jan. 14.—Ex-United States Senator Gorman arrived here yesterday afternoon. He is to-night the guest of Governor Smith at the election of New York to conflict in any way with those planned at Washington.

Today at noon will witness his re-election to the United States Senate to succeed George L. Wellington, whose term will expire in March, 1903. The balloting begins at noon, each branch voting separately. If all the members are present the vote will stand 51 to 44 in the House, and 17 to 9 in the Senate, the minority vote going to Congressman William H. Jackson of Wicomico, the Republican caucus nominee.

It was thought at one time that the six Democrats who joined Isaac Loeb Strauss and the Republicans recently in voting to abruptly adjourn the House of Delegates might possibly go further and take some steps to delay the election of Mr. Gorman. It was announced last night, however, that nothing of the sort is contemplated, and that there will be no hitch in to-day's programme so far as the Senatorship is concerned.

It is barely possible, however, that there will be a fight over the State Treasurership, for which Murray Vandiver, chairman of the Democratic State Central committee, is the Democratic candidate, and General Thos. J. Shryock, the Republican candidate.

r

HOW TO BE SUCCESSFUL.

Experiences of Some of Our Wealthiest Men—Good Health the Keynote.

Success does not follow ill health; on the contrary, it takes good health to make one successful. A good appetite, ability to sleep soundly all night long, and arise feeling rested and refreshed, with a body that has no pains or aches, and a clear brain, full of vim, ideas and insight into business, is what make success. The Vanderbilts, Goulds, Astors, Havemeyers, and a long list of others that we could name, attribute their wealth and success in business to long hours and hard work, which were made possible by good health. Bad health is the cause of more failures in business than anything else. "Blood Wine" keeps the health good. It cleanses every particle of blood that flows through your veins. It abstracts the impurities and germs, forces them out of the body, and leaves only the pure, rich blood, which feeds the weakened tissues, and keeps one in good health. "Blood Wine" will give you a clear brain, so that you can think, reason, plan, and succeed. It enables you to grasp a situation quickly, to understand clearly. It takes every ache and pain out of your system, and transforms every organ of your body to its normal healthy condition. Blood Wine contains no wine or opiates, simply medicines of wonderful curative characteristics that never disappoint.

In the business world "Blood Wine" is a great favorite with both men and women. Storekeepers, clerks, stenographers, bookkeepers, lawyers, clergymen, and all requiring a powerful agent to clear the brain, and aid them in business, take it.

Mrs. Annie Morgan of Waterville, Me., says: "I think it is my duty to let you know what benefit I have derived from taking your 'Blood Wine.' I have taken one bottle and a half, and feel wonderfully better. My appetite is improved; I do not suffer nearly so much, for I was all run down and felt tired all the time, and my brain seemed clouded. Your 'Blood Wine' has benefited me so much that I feel grateful to have found it, and I can heartily recommend it to any one who is suffering from loss of appetite, nervousness, and all trouble arising from poor digestion, overwork, and a run-down condition in general."

"Blood Wine" costs fifty cents a bottle, but you can sample it free of charge at Will Reed's and Hodson's drug-stores.

Lazy Liver

I have been troubled a great deal with a torpid liver, which prevents me from doing certain things. I would like to be cured for them, and secured such relief that the first trial that I purchased another supply and was completely cured. I shall only be too glad to recommend Cascarets whenever the opportunity is presented.

YACHT'S NAME ALICE.

'Tis Said Kaiser's Craft Is to be Thus Christened, In Cousin's Honor.

ALSO FOR MISS ROOSEVELT.

Committee May Be Named By Government to Arrange Welcome for Prince Henry—Low Don't Want Plans to Conflict.

New York, Jan. 14.—Emperor William's yacht, now being constructed at Shooters Island, is to be christened "Alice." The Tribune was expected to make this announcement today, which is stated to be on the authority of Henry G. Barber, a member of the firm which designed the yacht. Mr. Barber stated that the information was unofficial, but that he does not doubt its authenticity.

The name Alice will be given the yacht in honor of Miss Alice Roosevelt, daughter of President Roosevelt, who is to christen the yacht, and for a cousin of the Emperor whose name also is Alice. The cousin in question is thought to be the Czarina of Russia, who was the Princess Alix of Hesse, granddaughter of Queen Victoria.

The fact that Miss Roosevelt is to christen the yacht and that it may be named in her honor, together with the knowledge that Prince Henry of Prussia will represent his brother, the Emperor, at the ceremony, had added extraordinary interest to the affair.

Mayor Low opened correspondence with Secretary of State Hay at Washington, looking to the making of arrangements for a welcome to Prince Henry of Prussia when he arrives in New York. The Mayor does not want the arrangements made by the city of New York to conflict in any way with those planned at Washington.

NO BOLT AGAINST GORMAN.

Opponents of Vandiver Have Announced They Will Vote for the Caucus Nominee for Senator.

Annapolis, Md., Jan. 14.—Ex-United States Senator Gorman arrived here yesterday afternoon. He is to-night the guest of Governor Smith at the executive mansion.

To-day at noon will witness his re-election to the United States Senate to succeed George L. Wellington, whose term will expire in March, 1902. The balloting begins at noon, each branch voting separately. If all the members are present the vote will stand 51 to 44 in the House, and 7 to 9 in the Senate, the minority vote going to Congressman William H. Jackson, of Wicomico, the Republican caucus nominee.

It was thought at one time that the six Democrats who joined Isaac Loeb Strauss and the Republicans recently in voting to abruptly adjourn the House of Delegates might possibly go further and take some steps to delay the election of Mr. Gorman. It was announced last night, however, that nothing of the sort is contemplated, and that there will be no hitch in to-day's programme so far as the Senatorship is concerned.

It is barely possible, however, that there will be a fight over the State Treasurership, for which Murray Vandiver, chairman of the Democratic State Central committee, is the Democratic candidate, and General Thos. J. Shryock, the Republican candidate.

It is barely possible, however, that

ARRESTED ON SUSPICION.

Police Think a Negro Servant of Mrs. Dennis' May Have Committed the Deadly Assault.

Washington, Jan. 14.—The detectives yesterday arrested Richard Cole, colored, and locked him up "on suspicion" in connection with the mysterious assault on Mrs. Ada Gilbert Dennis, the fashionable dressmaker, on the 9th of December.

The police are investigating a story which leads them to think Cole may have some knowledge of the crime or some connection with it. The arrested man is 22 years old. He has been working at the Dennis establishment as porter and bundle carrier for about five months, and has borne a good reputation. He was implicitly trusted by Mrs. Dennis, and in her statement to the police yesterday she manifested anxiety that no suspicion be cast upon any of her servants or employees in connection with the assault.

AGAINST SUNDAY SALOONS

New York Presbytery Opposed to Selling of Liquor on Sabbath.

New York, Jan. 14.—The New York Presbytery adopted without a dissenting vote the report of its temperance committee, protesting against the opening of saloons on the Sabbath. The report says that no special privilege should be granted to one trade while denied to another. It expresses a belief that "the better element of the foreign population does not desire any change, while most of the intelligent laboring classes on their own confession would be vastly benefited by the suppression of the Sunday saloon."

MAKE THE SCHOOLBOY A BIG, HEALTHY ANIMAL

By Dr. THOMAS GRANT ALLEN, Leader of the School Extension Movement In Chicago

GREAT MANY OF OUR PROFESSIONAL MEN OWE MUCH OF THEIR SUCCESS TO BEING BIG AND HEALTHY.

One of the first considerations for the schoolboy is to make him a big, healthy animal. That is the great reason why school children should be well fed and why lunches should be provided in all public schools. It is not alone on this observation of successful men that the idea is based, but on actual measurements of children. The bigger the brighter is the rule.

A boy increases in weight from 79 pounds at twelve years to 123 pounds at sixteen years. DURING THIS PERIOD OF RAPID GROWTH THE QUESTION OF PROPER FOOD IS MOST IMPORTANT. YOU CANNOT EXPECT MUCH FRUIT OF A GROWING TREE; NEITHER SHOULD MUCH BE EXPECTED FROM THE BOY. Nurture is still necessary principle. It is an injury to crowd the child during the period of growth.

... THE ...
MIRROR
... OF ...
FASHION

By
Henriette Rousseau

We have evidence every day of just how strong a hold separate waists have taken on the feminine taste, and it would almost seem that they would, like the brook, go on forever. There is some reason for this in the infinite variety of the designs. Among several hundreds of new waists I find several which are so pretty that I shall tell just what they look like. One is of dark blue velvet with black silk braid set on the front diagonally from top to bottom. The edge in front is bound with gold braid, and there are gilt buttons on collar, cuffs and down the front. There are fewer waists buttoned in the back than formerly. They proved too troublesome, and as one girl expressed herself, "One never felt quite sure that there was not some place unbuttoned." So they are not so popular. It is possible to make a waist with all the appearance of being buttoned in the back and yet be fastened in front, and that solves the question. The velvet waist aforesaid has the back almost plain, with nothing but two small plaits to break the smoothness. There are also fewer very pointed waists—that is to say, such as are produced by the extension in front. The bottom is rounded more than sharp and is much prettier. Draped sash belts are more graceful and generally preferred. Pretty bows and ends of ribbon begin to make their appearance in place of the pointed belts with the metal buckles.

For very dressy home wear or for visiting there was a very beautiful waist made of iridescent taffeta in pearl colors, and this was overlaid with Irish point set on fishnet mesh. The lace, left open in front a trifle, showed the silk in tucks as a vest. There was a sash belt of pearl moire ribbon fastened with a strass buckle. The lace was arranged in the back to represent a yoke. Worn with a velvet or black silk skirt this waist is most elegant.

Personal.

The lady who had to leave the donation party the other night before it was over will please call at our drug store and get a bottle of Dr. Caldwell's Syrup Pepsi. She has indigestion or she would not have taken sick and if she had taken Dr. Caldwell's Syrup Pepsi she would not have had indigestion. In 50c and \$1 bottles at W. & W. pharmacy.

Travelers to California

Naturally desire to see the grandest and most impressive scenery en route. This you will do by selecting the Denver & Rio Grande and Rio Grande Western, "The Scenic Line of the World," and "The Great Salt Lake Route," in one or both directions, as this line has two separate routes across the Rocky mountains between Denver and Ogden. Tickets reading via this route are available either via its main line through the Royal Gorge, Leadville, over Tennessee Pass, through the Canon of the Grand River and Glenwood Springs, or via the line over Marshall Pass and through the Black Canon of the Gunnison, thus enabling the traveler to use one of the above routes going and the other returning. Three splendidly equipped fast trains are operated to and from the Pacific coast, which carry through standard sleepers daily between Chicago, St. Louis, Denver and San Francisco. Dining cars (service à la carte) on all through trains. If you contemplate such a trip, let us send you beautifully illustrated pamphlets, free. S. K. Hooper, G. P. & T. A., Denver, Col.

Itching Scalp.

Scald Head and the Most Violent Forms of Eczema and Salt Rheum Promptly and Thoroughly Cured by Dr. Chase's Ointment.

Among small children, scald head and similar itching skin diseases are most prevalent, and the worst feature is that these ailments, which are apparently trivial at first, almost invariably develop into chronic eczema if neglected.

There is but one treatment that physicians are unanimous in recommending for scald heads and eczema, and that is Dr. Chase's Ointment, the great antiseptic healer. It promptly stops the distressing itching which accompanies these diseases and positively produces a thorough and complete cure.

Stores and thousands of men and women stand ready to vouch for the merits of Dr. Chase's Ointment. It has brought about some of the most marvelous cures ever recorded. In justice to yourself and family, you cannot do without it in your home.

Mr. J. H. Grant, 716 Joseph Campau ave., Detroit, Mich., writes:

"For three years I have been troubled by an intense itching by my body. So terrible was it at times that I could get no rest night or day. I tried all kinds of ointments and blood purifiers, but could get no relief. Mr. H. A. Nicolai of 379 Division street recommended Dr. Chase's Ointment. A few applications stopped the itching and I have felt nothing since."

Mr. F. S. Rose of 133 Sixteenth street, Buffalo, N.Y., writes:

"Our baby boy suffered for some time with that wretched eczema, and we were unable to find anything to cure or even relieve his pain. A few applications of Dr. A. W. Chase's Ointment stopped the itching and healed the sores, and a bright, natural skin now takes their place."

Dr. Chase's Ointment does not cause pain when applied, but soothes the sore and inflamed surface, 50 cents at all dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N.Y.

Sold in East Liverpool by Charles T. Larkins.

M'KINLEY'S MEMORY.

The Governor of Georgia Issues Proclamation For Church Services, Jan. 22.

COLLECTION FOR MEMORIALS

Also Asks People of State to Make Contributions on McKinley's Birth-day Anniversary, Jan. 29—Others Issue Proclamations.

Cleveland, O., Jan. 14.—It was stated at the headquarters of the McKinley National Memorial association yesterday that the issuance of several additional proclamations by Governors has stirred up the public throughout the country to make McKinley day a splendid success. Governor Candler, of Georgia, who was a warm personal friend of the late President, expresses his desire to do everything possible to help the monument fund, and will call upon the people of Georgia to hold special services in churches on Sunday, the 22d and to make a special effort for a large contribution on McKinley's birthday, January 29th.

Governor Davis, of Arkansas, has already issued a proclamation in accordance with the request of Governor Nash and Judge Day. The board of trade committee of Little Rock has already collected a good sum and will unite with the Governor's committee on January 25th.

Governor Orman, of Colorado, wires Judge Day that he will issue the proclamation. In California, Governor Gage has issued a call for appropriate exercises and contributions on January 29th.

The New York Legislature has adopted a memorial resolution, and will hold memorial exercises.

Governor McBride, of Washington, has issued a proclamation, and the public schools will contribute on McKinley day.

In many iron mills workmen are setting aside from half a day to a day's pay as their offering. Acting upon a request of William R. Day, president of the McKinley Memorial association, Governor Candler issued a statement yesterday suggesting that on the Sunday preceding the 29th of this month, the anniversary of the birthday of the late President McKinley, collections be made in all the churches and Sabbath schools throughout Georgia for the purpose of contributing to the fund for the erection of a memorial "to perpetuate the memory of President McKinley, who was loved by the people of his country, regardless of party, race or section."

NO EVIDENCE FOUND.**U. S. Consul Replies to Charge Against American Sailors.**

Pekin, Jan. 14.—The United States consul at New-Chwang, Henry B. Miller, has replied to the Russian administrator's charge that sailors belonging to the United States gunboat Vicksburg shot a Russian soldier during the recent disturbances at New-Chwang, saying that he, the consul, and the commander of the Vicksburg, Commander E. B. Barry, investigated the affair thoroughly, and found no evidence whatever to connect Americans with the shooting.

Mr. Conger, the United States minister here, has received copies of the recent correspondence between Consul Miller and the Russian administrator of New-Chwang. The consul complained repeatedly of the oppressive regulations and of encroachments on the rights of foreigners.

PLENTY OF PROOF**From People You Know—From East Liverpool Citizens.**

The greatest skeptic can hardly fail to be convinced in the face of evidence like this. It is impossible to produce better proof of merit than the testimony of residents of East Liverpool, of people who can be seen at any time. Read the following case of it:

Mr. P. J. Green, veterinary surgeon, says: "When attending a sick horse belonging to Mr. G. H. Gardiner, of 168 Jackson street, he remarked to me that the horse seemed to be in pain. I replied that I was the sicker of the two, as I could at that time scarcely straighten up with my back from lameness, weakness and severe pains. He asked me what my symptoms were and I explained to him that I had suffered for a number of years from my kidneys, that I had attacks at times when nothing helped me, and it was agony to get around, but that I could not endure idleness. The secretions from the kidneys were very high colored and acidous; that I had spells of dizziness when I could see black specks floating before my eyes and felt generally broken up. He looked up and said he had the very thing I needed to cure me in his house—Doan's Kidney Pills. He went into the house and brought me eight pills. I took them with me and I used them two at a dose. The effect was astonishing, I felt it almost at once, and went to the W. & W. pharmacy and bought a box and took them. The encouragement held out to me by the first eight pills was not mythical, as by their continued use the improvement continued and I consider no expression of praise too strong for Doan's Kidney Pills; in short, they are plus ultra."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name, Doan's, and take no substitute.

Sold by W. & W. Pharmacy.

FIND ANOTHER MAN.

LACK OF ANIMATION

In the Stock Market on Monday.
Some of the Features.

New York, Jan. 14.—There was continued lack of animation in the stock market to-day, and the dealings were probably in the hands of professional traders. This element was bearish in its opinions on the outlook and sold stocks quite freely throughout the day. The level of prices was carried generally from 1 to 2 points under last week's close. No large amount of liquidation was brought out by this considerable decline, and there was a movement to cover shorts late in the day, causing a rally of a point or over in some of the most prominent stocks; but this recovery was practically all lost again before the closing, which was extremely dull and heavy. There was no striking news of a character unfavorable to values, but it was very obvious that any important organized attempt to lift the market has been abandoned for the present. The speculative element has been indulging the hope that the great capitalists and syndicates who have on their hands the heavy volume of securities resulting from the combinations and new formations of last year were about to put forth a determined effort to lead a bull speculation, with the intention of making a market for their securities. No sign of any such attempt has appeared since the publication last week of the quarterly report of earnings by the United States Steel corporation. Hope of such leadership was still further discouraged by rumors of the illness of the market operator intrusted with the care and manipulation of those stocks, and by reports of unloading in his interest. More tangible grounds of depression were found in the formal offer of \$30,000,000 of Atchison debenture bonds to reimburse the company for certain outlays, including acquired lines and equipment, which Wall Street has assumed had been or would be provided for otherwise. Reports of very large projected outlays for betterments by Union Pacific emphasized this influence. The permission granted by the United States supreme court for the State of Minnesota to argue on its petition to bring suit for the annulment of the formation of the Northern Securities company, although its force was little understood, had a chilling effect on speculation owing to its promise of a prolonged legal struggle and delay in the flotation of the company's securities. The financial world continues to ponder the revelations of over-extended credit in the cases of the trolley syndicate and in the rubber and asphalt trades, which carry suggestions of other possible commitments of capital which would help to explain the great falling off in demand for the securities listed on the Stock Exchange.

Money was slightly firmer yesterday, and sterling exchange was no higher, but exports of gold are expected to be made this week. There is a growing feeling that even when money does not accumulate at this center it may not serve to stimulate speculation in the prevailing spirit of scepticism in the value of securities at present price levels.

The shading of prices of Copper led to a sharp raid in the late dealings on Amalgamated Copper, which helped to unsettle the close. Exceptional movements were made by Lackawanna, which rose 4½ and lost most of it. Glucose preferred, which gained 8 and American Express, which lost 6.

Grade Crossing Accident.

Wheeling, W. Va., Jan. 14.—Yesterday morning at 11 o'clock the east bound passenger, known as the "cannon ball" train on the B. & O. railroad, struck a car of the Wheeling Traction company at the grade crossing in North Benwood, just below this city, demolishing the car, and resulting in the instant death of Mortimer George Hart. The car contained five passengers, all of whom miraculously escaped with slight injuries.

An Aged Minister Dead.

Louisville, Ky., Jan. 14.—The Rev. John Healy Haywood, aged 85, one of the best known preachers in the Unitarian church in the country, died of old age. Mr. Haywood was at one time pastor of the Church of the Messiah in this city, but has not been actively engaged in the ministry within the past few years, owing to his advanced age.

A Pittsburgh Ill.

Atlanta, Ga., Jan. 14.—Mr. Aaron French, a Pittsburg millionaire, is reported seriously ill at Skynaka, N. C. Mr. French suffered a stroke of paralysis.

THE TUNNEL DISASTER.

Jerome Says Things Are Ready to Proceed With Inquest.

New York, Jan. 14.—District Attorney Jerome said that everything would be ready to proceed with the coroner's investigation into the causes of the tunnel disaster on Thursday. To-day experts of the State railroads commission will be examined by the District Attorney, and if they prove to be satisfactory witnesses the District Attorney will not call experts of his own.

An examination by the State board of railroad commissioners will be begun January 20. All those hurt in the wreck were reported improving.

CITIZENS OF NEW ROCHELLE CONDEMN MANAGEMENT.

New York, Jan. 14.—Samuel W. Marvin, chairman of the committee appointed by the mass meeting held at New Rochelle to consider the New York Central tunnel disaster, reported, in part, that the committee had resolved "that the Park avenue tunnel as it now exists, is a nuisance, unhealthful and unsafe; a nuisance which can be abated and must be abated; that the moral responsibility for that dreadful carnage and destruction rests upon the railroad managers because of indifference and false economy," and that the committee calls "upon the Governor, the railroad commissioner, the board of health and the Legislature to take immediate action to abate the menace and remove the menace."

STOCKHOLDERS OF LAND COMPANY HOLD MEETING.

Omaha, Jan. 14.—The annual meeting of the stockholders of the Union Land company was held at the office of President Burt, of the Union Pacific Railway company yesterday morning. All the stock was represented, mostly by proxy. The only business of importance transacted was the re-election of the old directors, as follows:

William D. Cornish, vice president of Union Pacific Railway company; G. J. Gould, E. H. Harriman, Otto H. Kahn, W. S. Pierce, general counsel for the Union Pacific, all of New York.

The result of the election will be forwarded to New York, where the directors will convene and choose officers.

Hurt Trying to Stop Runaway Team.

Monongahela, Pa., Jan. 14.—Clyde Cady, the ten-year old son of James Cady, of this place, while attempting to stop a runaway team of horses belonging to the Anton Brewing company, of this place, was thrown beneath the wheels and seriously hurt. His condition is precarious.

What Disease Produces Most Misery.

If the amount of misery caused by different diseases could be estimated it would be found the portion caused by headache would outweigh any other, and perhaps equal all combined. Immediate relief is afforded by Clinic Headache Wafers, perfectly safe, easily taken and do not depress 10 cents at all druggists.

Farming in Colorado, Utah And New Mexico.

The farmer who contemplates changing his location should look well into the subject of irrigation. Before making a trip of investigation there is no better way to secure advance information than by writing to those most interested in the settlement of unoccupied land. Several publications, giving valuable information in regard to the agricultural, horticultural and live stock interests of this great western section have been prepared by the Denver & Rio Grande and the Rio Grande Western, which should be in the hands of all who desire to become acquainted with the merits of the various localities. Write S. K. Hooper, G. P. & T. A., Denver, Col.

U. S. Consul Replies to Charge Against American Sailors.

Pekin, Jan. 14.—The United States consul at New-Chwang, Henry B. Miller, has replied to the Russian administrator's charge that sailors belonging to the United States gunboat Vicksburg shot a Russian soldier during the recent disturbances at New-Chwang, saying that he, the consul, and the commander of the Vicksburg, commander E. B. Barry, investigated the affair thoroughly, and found no evidence whatever to connect Americans with the shooting.

Mr. Conger, the United States minister here, has received copies of the recent correspondence between Consul Miller and the Russian administrator of New-Chwang. The consul complained repeatedly of the oppressive regulations and of encroachments on the rights of foreigners.

PLENTY OF PROOF

From People You Know—From East Liverpool Citizens.

The greatest skeptic can hardly fail to be convinced in the face of evidence like this. It is impossible to produce better proof of merit than the testimony of residents of East Liverpool, of people who can be seen at any time. Read the following case of it:

Mr. P. J. Green, veterinary surgeon, says: "When attending a sick horse belonging to Mr. G. H. Gardiner, of 188 Jackson street, he remarked to me that the horse seemed to be in pain. I replied that I was the sicker of the two, as I could at that time scarcely straighten up with my back from lameness, weakness and severe pains. He asked me what my symptoms were and I explained to him that I had suffered for a number of years from my kidneys, that I had attacks at times when nothing helped me, and it was agony to get around, but that I could not endure idleness. The secretions from the kidneys were very high colored and acidous; that I had spells of dizziness when I could see black specks floating before my eyes and felt generally broken up. He looked up and said he had the very thing I needed to cure me in his house—Doan's Kidney Pills. He went into the house and brought me eight pills. I took them with me and I used them two at a dose. The effect was astonishing. I felt it almost at once, and went to the W. & W. pharmacy and bought a box and took them. The encouragement held out to me by the first eight pills was not mythical, as by their continued use the improvement continued and I consider no expression of praise too strong for Doan's Kidney Pills; in short, they are ne plus ultra."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y. sole agents for the U. S. Remember the name, Doan's, and take no substitute.

Sold by W. & W. Pharmacy.

FIND ANOTHER MAN.

LACK OF ANIMATION

In the Stock Market on Monday. Some of the Features.

New York, Jan. 14.—There was continued lack of animation in the stock market to-day, and the dealings were probably in the hands of professional traders. This element was bearish in its opinions on the outlook and sold stocks quite freely throughout the day.

The level of prices was carried generally from 1 to 2 points under last week's close. No large amount of liquidation was brought out by this considerable decline, and there was a movement to cover shorts late in the day, causing a rally of a point or over in some of the most prominent stocks; but this recovery was practically all lost again before the closing, which was extremely dull and heavy.

There was no striking news of a character unfavorable to values, but it was very obvious that any important organized attempt to lift the market has been abandoned for the present. The speculative element has been indulging the hope that the great capitalists and syndicates who have on their hands the heavy volume of securities resulting from the combinations and new formations of last year were about to put forth a determined effort to lead a bull speculation, with the intention of making a market for their securities. No sign of any such attempt has appeared since the publication last week of the quarterly report of earnings by the United States Steel corporation. Hope of such leadership was still further discouraged by rumors of the illness of the market operator intrusted with the care and manipulation of those stocks, and by reports of unloading in his interest.

More tangible grounds of depression were found in the formal offer of \$30,000,000 of Atchison debenture bonds to reimburse the company for certain outlays, including acquired lines and equipment, which Wall Street has assumed had been or would be provided for otherwise. Reports of very large projected outlays for betterments by Union Pacific emphasized this influence. The permission granted by the United States supreme court for the State of Minnesota to argue on its petition to bring suit for the annulment of the formation of the Northern Securities company, although its force was little understood, had a chilling effect on speculation owing to its promise of a prolonged legal struggle and delay in the flotation of the company's securities.

The financial world continues to ponder the revelations of over-extended credit in the cases of the trolley syndicate and in the rubber and asphalt trades, which carry suggestions of other possible commitments of capital which would help to explain the great falling off in demand for the securities listed on the Stock Exchange.

Money was slightly firmer yesterday, and sterling exchange was no higher, but exports of gold are expected to be made this week. There is a growing feeling that even when money does not accumulate at this center it may not serve to stimulate speculation in the prevailing spirit of scepticism in the value of securities at present price levels.

The shading of prices or copper led to a sharp raid in the late dealings on Amalgamated Copper, which helped to unsettle the close. Exceptional movements were made by Lackawanna, which rose 4% and lost most of it. Glucose preferred, which gained 8 and American Express, which lost 6.

Grade Crossing Accident.

Wheeling, W. Va., Jan. 14.—Yesterday morning at 11 o'clock the east bound passenger, known as the "cannon ball" train on the B. and O. railroad, struck a car of the Wheeling Traction company at the grade crossing in North Benwood, just below this city, demolishing the car, and resulting in the instant death of Mortoman George Hart. The car contained five passengers, all of whom miraculously escaped with slight injuries.

An Aged Minister Dead.

Louisville, Ky., Jan. 14.—The Rev. John Healy Haywood, aged 85, one of the best known preachers in the Unitarian church in the country, died of old age. Mr. Haywood was at one time pastor of the Church of the Messiah in this city, but has not been actively engaged in the ministry within the past few years, owing to his advanced age.

A Pittsburger Ill.

Atlanta, Ga., Jan. 14.—Mr. Aaron French, a Pittsburg millionaire, is reported seriously ill at Skysuka, N. C. Mr. French suffered a stroke of paralysis.

THE TUNNEL DISASTER.

Jerome Says Things Are Ready to Proceed With Inquest.

New York, Jan. 14.—District Attorney Jerome said that everything would be ready to proceed with the coroner's investigation into the causes of the tunnel disaster on Thursday. Today experts of the State railroads commission will be examined by the District Attorney, and if they prove to be satisfactory witnesses the District Attorney will not call experts of his own.

An examination by the State board of railroad commissioners will be begun January 20. All those hurt in the wreck were reported improving.

CITIZENS OF NEW ROCHELLE**CONDAMN MANAGEMENT.**

New York, Jan. 14.—Samuel W. Marvin, chairman of the committee appointed by the mass meeting held at New Rochelle to consider the New York Central tunnel disaster, reported, in part, that the committee had resolved "that the Park avenue tunnel as it now exists, is a nuisance, unhealthful and unsafe; a nuisance which can be abated and must be abated; that the moral responsibility for that dreadful carnage and destruction rests upon the railroad managers because of indifference and false economy;" and that the committee calls "upon the Governor, the railroad commissioner, the board of health and the Legislature to take immediate action to abate the nuisance and remove the menace."

STOCKHOLDERS OF LAND COMPANY HOLD MEETING.

Omaha, Jan. 14.—The annual meeting of the stockholders of the Union Land company was held at the office of President Burt, of the Union Pacific Railway company yesterday morning. All the stock was represented, mostly by proxy. The only business of importance transacted was the re-election of the old directors, as follows:

William D. Cornish, vice president of Union Pacific Railway company; G. J. Gould, E. H. Harriman, Otto H. Kahn, W. S. Pierce, general counsel for the Union Pacific, all of New York.

The result of the election will be forwarded to New York, where the directors will convene and choose officers.

Hurt Trying to Stop Runaway Team

Monongahela, Pa., Jan. 14.—Clyde Cady, the ten-year old son of James Cady, of this place, while attempting to stop a runaway team of horses belonging to the Anton Brewing company, of this place, was thrown beneath the wheels and seriously hurt. His condition is precarious.

What Disease Produces Most Misery.

If the amount of misery caused by different diseases could be estimated it would be found the portion caused by headache would outweigh any other, and perhaps equal all combined. Immediate relief is afforded by Clinic Headache Wafers, perfectly safe, easily taken and do not depress 10 cents at all druggists.

Farming in Colorado, Utah And New Mexico.

The farmer who contemplates changing his location should look well into the subject of irrigation. Before making a trip of investigation there is no better way to secure advance information than by writing to those most interested in the settlement of unoccupied land. Several publications, giving valuable information in regard to the agricultural, horticultural and live stock interests of this great western section have been prepared by the Denver & Rio Grande and the Rio Grande Western, which should be in the hands of all who desire to become acquainted with the merits of the various localities. Write S. K. Hooper, G. P. & T. A., Denver, Col.

LEGAL.**Legal Notice.**

Mary Ellen Skellam, residing at Ada, Kent County, Kitchikan, will take notice that on the 26th day of December, A. D. 1901, Ambrose Skellam filed his petition in the Court of Common Pleas, Columbiana County, Ohio, praying a divorce from said Mary Ellen Skellam on the ground of adultery and further praying for the custody of their child, Ann Hart, and that said cause will be heard on and after the 4th day of February, 1902.

AMBROSE SKELLAM.

By Brookes & Thompson, His Attys.

Published in the Evening News Review for six consecutive weeks commencing December 24th, 1901.

Page's Climax Salve

A FAMILY BLESSING FOR 25 CENTS.

THIS SALVE IS A COMPOUND OF ARNICA and CALENDULA, WITH MANY VEGETABLE EXTRACTS AND BALSAMS ADDED, EACH OF WHICH HAS LONG BEEN CELEBRATED FOR

Soothing Pain and Inflammation, with active and most wonderful Healing Virtues.

This action upon the system is unlike any other external remedy, as it never drives the disease to take effect on the internal organs. It penetrates deep into the diseased part, draws poisons from the circulation, it separates all the poisonous and corrupt humors, and attracts them through the perspiring vessels to the surface, and thereby cures the disease from the system. It is simply asked that the afflicted will TRY ONE BOX, the use of which will convince the most skeptical.

It is warranted to cure the worst cases of corrupt humors and sores after all other remedies have failed or money refunded.

Old Sores, Eczema, Corns, Chilblains, Burns, Ulcers, Skin Diseases, Colds, Cuts, Piles, Salt Rheum, Frosted Feet, Scalds, Boils, Bruises, Nipples, Scabs, Boils, Galls, etc.

Ask your Druggist for Page's Climax Salve and take no other. If he has not got it or will not get it for you, it will be sent by mail on receipt of 25 cents a Box or 5 boxes for \$1.00. Sold by all first class Druggists.

J. P. MILLS, Sole Proprietor,

193 Greenwich Street, New York City.

THIS BEAUTIFUL DECANTER FREE.

A handsome Decanter, cut glass pattern, filled with the choicest of old 1895 Port Wine. With every Dollar Purchase of Wines and Liquors between December 1st and January 15th you get a Decanter free. HOME AFFAIRS.

Brief Notes of a Personal Nature and of Matters About Town.

A Daughter Born—A daughter has been born to Mr. and Mrs. J. Goode, of Seventh street.

A Son Born—A son was born to Mr. and Mrs. Atwood W. Thomas at their home on Seventh street last night.

Red Men's Meeting—The Improved Order of Red Men will hold a meeting in their hall Thursday evening, when several applications for membership will be acted upon.

Sues for Money—Sarah Pritchard has brought suit in Justice McLane's court against Newton Pritchard, who, she alleges, owes her \$15. The case will be heard this afternoon.

Took Dogs to Train—A. B. Ferguson, of Senecaville, was in the city this morning. Mr. Ferguson makes a specialty of training dogs and took with him the valuable pointer of Thomas Robinson and a settler belonging to K. P. Beatty.

Boats Tied Up By Ice—The river is becoming low and is also filled with ice. All of the boats are tied up. The Queen City was due today from Cincinnati, but that packet, which is the finest boat on the river, is in the ice at Marietta. The Kanawha is in an ice jam at Pittsburgh.

Mrs. Orr's Funeral—The funeral of the late Mrs. Hannah Orr will take place at 2:30 p. m. Wednesday from the First M. E. church, Dr. Crawford officiating. Friends may view the remains on Wednesday from 2 to 4 p. m. and from 7 to 8 p. m. at the residence, 156 May street.

At a Convention—At a recent meeting of the Bricklayers and Masons of this city, James Martin was selected as a delegate to attend the annual National convention of that trade, now being held at Pittsburgh. Mr. Martin left for Pittsburgh yesterday, and will remain there during the entire convention which will last for probably 12 days.

Prohibitionists Social—The Phobolitionists of this city will give a social in their rooms in the Potters' National bank building Friday evening, which will be attended by State Secretary G. L. Case, of Cleveland. Mr. Case has just succeeded in organizing a branch of that party at Alliance, and will make an address during the meeting Friday evening.

WENT TO LISBON

Wellsville Amalgamated Men There to Appear Before the Grand Jury.

Two members of the Amalgamated association of Wellsville went to Lisbon today, presumably for the purpose of giving testimony before the grand jury, in the effort to indict Manager D. S. Brookman, of the Wellsville mill, for alleged violation of the law relating to the discharge of union men from their positions.

A report from Lisbon this afternoon said that Wellsville unionists had been in consultation with Prosecuting Attorney Brookes there. It is stated that the case will not be presented to the grand jury until Thursday, when a large number of Wellsville men will appear.

Thirty days' sale now going on at 11-h JOSEPH BROS.'

Skating at West End Park this afternoon and evening.

TOO LATE TO CLASSIFY.
WANTED—A rubber, at Vodrey Pottery company. Apply at Decorating department.

FOR RENT—Two furnished rooms to gentlemen, near the Second U. P. church, on St. George street, East End. Inquire Mrs. Sarah Dawson, St. George street.

MISS FRYETT will give lessons in Crayon and Painting Tuesday and Friday evenings, from 7 to 9; studio, corner Fifth and Broadway.

FOR RENT—A six-room house, with water and gas. Inquire 341 Fourth street.

LOST—Fox Terrier dog, white with brown spots on back; wore leather collar. Finder will be rewarded by returning to Harrison Rinehart at Standard Livery.

WANTED—Men boarders at 120 Avondale street; use of phone and bath; also furnished rooms for rent, stable for rent. A. M. Stoffel, 120 Avondale street.

BANK ELECTIONS

CHOICE OF DIRECTORS FOR FINANCIAL INSTITUTIONS.

Only the Board of the First National Formally Organized Today.

The stockholders of the several banks of the city held their annual elections today for the makeup of the boards of directors. The result was as follows:

First National—David Boyce, E. M. Kelly, B. C. Simms, W. L. Thompson, O. C. Vodrey, John C. Thompson, and N. G. Macrum.

The board went into session immediately after noon, and the following were elected:

President, David Boyce; vice president, J. M. Kelly; cashier, N. G. Macrum; assistant cashier, Thomas H. Fisher.

Potters' National—William Irunt, N. A. Frederick, W. W. Harker, William Cartwright, George W. Thomas, W. E. Wells, Hon. David Boyce.

The above named gentlemen will hold a meeting later, at which the regular officers will be selected.

Citizens' National—Robert Hall, Joseph G. Lee, Jason H. Brookes, John W. Vodrey, Robert Burford, William Erlanger, A. J. Witzeman, W. N. Bailey, George C. Murphy.

The board of directors of this institution will meet this evening, when an organization will be effected.

DEEPENING AND RIPENING

Interest in the Methodist Episcopal Revival Services Continues Great,

Another impressive revival service was held at the First M. E. church last night. Dr. Crawford preached a strong sermon on "Future Punishment, Its Certainty And Its Eternity." Tonight he will preach on "Repentance—What It Is." These meetings have been highly successful thus far, about 25 conversions having taken place, and interest appears to be deepening and ripening. Excellent music is a feature at all the services.

Evangelist E. S. Dunham is expected here either tomorrow or Thursday to assist the pastor in the revival work.

It is a fact not generally known that the first M. E. church of this city, with 1,300 members, is the second largest Methodist congregation in the country, the largest being in Brooklyn.

THROWN FROM A BUGGY

Two Persons Badly Hurt While on the Way to a Funeral.

D. W. Johnson and Miss Hookenfelt, who live several miles back of Wellsville, were badly bruised and otherwise injured in a frightful runaway yesterday.

They were driving to the Wilcoxen home on the Lisbon road to attend the funeral of Mrs. Sarah Wilcoxen, who died Friday evening.

Their horse became frightened at a drove of hogs and wheeled abruptly, throwing the occupants violently from the buggy. The horse plunged over an embankment by the roadside and fell a distance of 70 feet to the bottom. The horse is so badly hurt it will probably be shot.

MISSION WORKERS

Of the Presbyterian Church Meet Tomorrow—Interesting Program Arranged.

The annual praise service and thank-offering of the Woman's Home and Foreign Missionary society of the First Presbyterian church will be held tomorrow at 3 p. m. The program includes: Devotional exercises; paper, "Giving," Mrs. J. S. Hamilton; solo, "Heavenly Gates," Mrs. J. C. Thompson; paper, "Our Opportunities," Mrs. J. W. Gipner; solo, "He Is Near," Mrs. J. R. Warner and Mrs. W. R. Clark; letters from field members; selection or student at Asheville farm to be educated by the society; opening of envelopes containing thank-offering; business; social line.

PLEASANT SOCIAL EVENT

Will Take Place This Evening at the Residence of Mr. A. H. Clarke.

At the residence of Mr. A. H. Clarke, of Sixth street, at 8:30 p. m. tonight will occur a recital which will be of much interest.

S. Mortimer Omohundro, a graduate of King's School of Oratory, Pittsburgh, will give a number of selections which bid fair to be of a high order. Several selections will also be given by Miss Laura Geon, of this city. Miss Rheinberger, of Chicago, is pianist. A very fine program has been arranged, and all lovers of music and oratory anticipate a genuine treat.

25 per cent off winter Suits and Overcoats now going on at Joseph Bros.'

PAYMENT RECOMMENDED

By the Claims Committee of Council of a Large Number of Bills.

A meeting of the claims committee of council was held last night. Following is a list of the bills recommended for payment:

J. H. Harris, \$12.50; J. W. Smeltzbaugh, \$99.30; Betz & Orr, printing, \$2.25; Trentvale street assessing board, \$183; Milligan Hardware company, supplies, \$3.65; Bailey Financial News, advertising, \$6; Ohio Valley Gas company, \$27.20; the Walker Brush company, brooms, \$30; Stark county workhouse, boarding prisoners, \$272; Diamond Hardware company supplies, \$1.73; health department salaries and expenses, including three months for disposal of night soil, \$510; Wagle & Grosshans, repairs, \$3.90; Ceramic City Light company, \$786.10; R. E. Edmonston, \$7; W. K. Gaston, salary and expenses, \$1.58; engineering department, salaries and expenses, \$170.60; T. V. Thompson, conveying prisoners to the workhouse, \$44.25; police department, pay roll, \$682.17; Wilson Stationery company, supplies, \$1.75; D. M. McLane, expenses to Lisbon, \$4.15; W. C. Davidson, salary as mayor, \$36.60; Kerr Bros., supplies, \$32.84; H. E. Moon, supplies, \$15.10; Lewis Howard, salary, \$50; M. W. Elliott, supplies, \$3.15; W. C. Birch, horseshoeing, \$1.30; John M. Ryan, sand, \$1.50; street commissioneer and force, pay roll, \$397.17.

The following bills were laid over for the consideration of the full body of council, as some of them were not "O.K'd" by any of the separate committees:

Freedom Oil company, supplies, \$7; Milligan Hardware company, \$7.53; D. M. Ogilvie, supplies, \$1.92; American Sewer Pipe company, supplies, \$143.08.

Thirty-day sale now going on at Joseph Bros.' It's to buyer's interest to buy winter goods.

HIS ENGLISH FRIEND.

A Visit That Wrecked the Nerves of an American Host.

"I've been having the time of my life. I tell you," said the suburbanite gloomily to his city friend at lunch.

"What's the matter? Pipes burst? Furnace won't work? Dog killing the neighbors' chickens?" asked the friend, sympathetically running through the list of the suburbanite's usual grievances.

"No; worse than that," sadly answered the first speaker. "I've been having an English friend visit me. It's years since I've been across the water, so one or two of his ways were a little strange. The worst of his doings was what has broken me up so. He went to bed the first night before the rest of us, and when I came along the corridor an hour or so later there were his shoes standing outside his door and frightfully muddy too."

"I looked at them in astonishment. Then I remembered the English custom of having the boy come up for the boots. We keep only two servants, you know, both women, and of course in the country you have to rub them the right way or they'll leave. I knew perfectly well that if I told either of those free and independent Irish women to clean the Englishman's shoes we'd be left servantless, and that would have been the death of my wife."

"I lifted the shoes gingerly by two fingers and carried them to my room. When I thought the servants must be asleep, I crept down stairs and got to work with a brush. At every sound I would nearly jump out of my own boots and drop his. I fancied every moment that the girls would see my candle and give the alarm of burglars or that my friend would be taken ill and get up and find me brushing his shoes. Oh, I had a pretty time of it! He stayed a week, that Englishman, and what with loss of sleep and overstrained nerves I'm a wreck."

"Well, why on earth didn't you have the moral courage?"

"Moral courage! I'd like to see the man who'd have the moral courage to tell an English gentleman with a monocle that the ways of even well bred people in this country differ from those he's been accustomed to! My friend, you do not know the breed!" And he drowned his sorrows and braced his nerves with a second cup of unsurpassed coffee.—New York Tribune.

Not to Be Discouraged.

"Polite society" is often at its wits' end to devise means of getting rid of people who are not wanted as callers or visitors, but who will not take a hint, for polite society cannot say in so many words, "I do not want you to come again." A French paper repeats this dialogue between two ladies:

"And so you still receive that dreadful Mme. Comeagain?"

"Impossible to get her to take a hint! Do you know, the last time she called I never offered her a chair!"

And what was the result?"

"Result? Why, the next time she came she brought a folding camp stool!"

Dangerous Curiosity.

Laura—Yes, you see she told him her father had lost all his wealth just to test his love for her.

Ada—And then?

Laura—Well, she will know better next time.—Smart Set.

Big sale now going on at Joseph Bros.'

Chased By Pack of Wolves

Fierce Brutes Pursue a Hunter Into City Streets

In the glare of electric lights George Bollinger of Cape Girardeau, Mo., was pursued right into the streets of that town a few weeks ago by a pack of hungry wolves. The pursuit began and ended within sight of the arc lamp on the summit of the county building. Not until he was fairly among the houses of his fellow townspeople did Bollinger dare slacken his pace or his pursuers turn aside.

The woods come close to Cape Girardeau, and small game is always plentiful among the hardwood trees of the bottom lands that reach there from the Mississippi to the St. Francis river. Never before have turkeys, rabbits and squirrels been so numerous as they are today. Coons and possums also are plentiful, and with the approach of Thanksgiving day Bollinger, who is one of Cape Girardeau's most noted hunters, decided that the time was ripe for a general slaughter of coons.

He had an idea that if he stayed until dawn he might bring in a few wild turkeys also. He was moved to this belief by his success the week before in getting six turkeys in a single day. So, calling his two hounds and getting his Winchester shotgun, he set out for the tall timber.

Four miles from the center of Cape Girardeau is the Alt deadening. A "deadening" is a tract of timber in which the trees have been either cut or ringed so that they will die for lack of sap and so be easily burned. The Alt deadening is a large tract that forms the edge of an unbroken belt of woodland extending far down through southern Missouri into Arkansas. In the southern portion the woods are dry this year, and fire has been running for hundreds of miles through the fallen leaves, driving the game before it. Red deer, black bear and wolves are among the prominent denizens of that section, and many of them moving out before the fire went up into Missouri.

It was the vanguard of these that got on the trail of Bollinger. He had just got track of a coon and was listening to the baying of his hounds when he caught mingling with it a long howl that struck terror to his heart. It was the howl of a wolf, and in a minute it was answered by many others.

At that time the wolves were "up the wind" from Bollinger, and he hoped they would not get scent of him. He could not call his dogs, but he started as fast as he could out of the timber. The dogs heard the howling, too, and turned back and soon joined him, and together they came out

HOME AFFAIRS.

Brief Notes of a Personal Nature and of Matters About Town.

A Daughter Born—A daughter has been born to Mr. and Mrs. J. Goode, of Seventh street.

A Son Born—A son was born to Mr. and Mrs. Atwood W. Thomas at their home on Seventh street last night.

Red Men's Meeting—The Improved Order of Red Men will hold a meeting in their hall Thursday evening, when several applications for membership will be acted upon.

Sues for Money—Sarah Pritchard has brought suit in Justice McLane's court against Newton Pritchard, who, she alleges, owes her \$15. The case will be heard this afternoon.

Took Dogs to Train—A. B. Ferguson, of Senecaville, was in the city this morning. Mr. Ferguson makes a specialty of training dogs and took with him the valuable pointer of Thomas Robinson and a settler belonging to K. P. Beatty.

Boats Tied Up By Ice—The river is becoming low and is also filled with ice. All of the boats are tied up. The Queen City was due today from Cincinnati, but that packet, which is the finest boat on the river, is in the ice at Marietta. The Kanawha is in an ice jam at Pittsburg.

Mrs. Orr's Funeral—The funeral of the late Mrs. Hannah Orr will take place at 2:30 p. m. Wednesday from the First M. E. church, Dr. Crawford officiating. Friends may view the remains on Wednesday from 2 to 4 p. m. and from 7 to 8 p. m. at the residence, 156 May street.

At a Convention—At a recent meeting of the Bricklayers and Masons of this city, James Martin was selected as a delegate to attend the annual National convention of that trade, now being held at Pittsburg. Mr. Martin left for Pittsburg yesterday, and will remain there during the entire convention which will last for probably 12 days.

Prohibitionists Social—The Phobibitionists of this city will give a social in their rooms in the Potters' National bank building Friday evening, which will be attended by State Secretary G. L. Case, of Cleveland. Mr. Case has just succeeded in organizing a branch of that party at Alliance, and will make an address during the meeting Friday evening.

WENT TO LISBON

Wellsville Amalgamated Men There to Appear Before the Grand Jury.

Two members of the Amalgamated association of Wellsville went to Lisbon today, presumably for the purpose of giving testimony before the grand jury, in the effort to indict Manager D. S. Brookman, of the Wellsville mill, for alleged violation of the law relating to the discharge of union men from their positions.

A report from Lisbon this afternoon said that Wellsville unionists had been in consultation with Prosecuting Attorney Brookes there. It is stated that the case will not be presented to the grand jury until Thursday, when a large number of Wellsville men will appear.

Thirty days' sale now going on at 11-h JOSEPH BROS.'

Skating at West End Park this afternoon and evening. 9-tf

TOO LATE TO CLASSIFY.
WANTED—A rubber, at Vodrey Pottery company. Apply at Decorating department. 11-r

FOR RENT—Two furnished rooms to gentlemen, near the Second U. P. church, on St. George street, East End. Inquire Mrs. Sarah Dawson, St. George street. 11-

MISS FRYETT will give lessons in Crayon and Painting Tuesday and Friday evenings, from 7 to 9; studio, corner Fifth and Broadway. 11-2wk

FOR RENT—A six-room house, with water and gas. Inquire 341 Fourth street. 11-r

LOST—Fox Terrier dog, white with brown spots on back; wore leather collar. Finder will be rewarded by returning to Harrison Rinehart at Standard Livery. 11-r

WANTED—Men boarders at 120 Avondale street; use of phone and bath; also furnished rooms for rent, stable for rent. A. M. Stoffel, 120 Avondale street. 11-j

We can suit you. Office open day and evening.

BANK ELECTIONS

CHOICE OF DIRECTORS FOR FINANCIAL INSTITUTIONS.

Only the Board of the First National Formally Organized Today.

The stockholders of the several banks of the city held their annual elections today for the makeup of the boards of directors. The result was as follows:

First National—David Boyce, J. M. Kelly, B. C. Simms, W. L. Thompson, O. C. Vodrey, John C. Thompson and N. G. Macrum.

The board went into session immediately after noon, and the following were elected:

President, David Boyce; vice president, J. M. Kelly; cashier, N. G. Macrum; assistant cashier, Thomas H. Fugate.

Potters' National—William Hunt, N. A. Frederick, W. W. Harker, William Cartwright, George W. Thomas, W. E. Wells, Hon. David Boyce.

The above named gentlemen will hold a meeting later, at which the regular officers will be selected.

Citizens' National—Robert Hall, Joseph G. Lee, Jason H. Brookes, John W. Vodrey, Robert Burford, William Erlanger, A. J. Witzeman, W. N. Bailey, George C. Murphy.

The board of directors of this institution will meet this evening, when an organization will be effected.

DEEPENING AND RIPENING

Interest in the Methodist Episcopal Revival Services Continues Great.

Another impressive revival service was held at the First M. E. church last night. Dr. Crawford preached a strong sermon on "Future Punishment, Its Certainty And Its Eternity."

Tonight he will preach on "Repentance—What It Is." These meetings have been highly successful thus far, about 25 conversions having taken place, and interest appears to be deepening and ripening. Excellent music is a feature at all the services.

Evangelist E. S. Dunham is expected here either tomorrow or Thursday to assist the pastor in the revival work.

It is a fact not generally known that the first M. E. church of this city, with 1,300 members, is the second largest Methodist congregation in the country, the largest being in Brooklyn.

THROWN FROM A BUGGY

Two Persons Badly Hurt While on the Way to a Funeral.

D. W. Johnson and Miss Hookenfeld, who live several miles back of Wellsville, were badly bruised and otherwise injured in a frightful runaway yesterday.

They were driving to the Wilcoxen home on the Lisbon road to attend the funeral of Mrs. Sarah Wilcoxen, who died Friday evening.

Their horse became frightened at a drove of hogs and wheeled abruptly, throwing the occupants violently from the buggy. The horse plunged over an embankment by the roadside and fell a distance of 70 feet to the bottom. The horse is so badly hurt it will probably be shot.

MISSION WORKERS

Of the Presbyterian Church Meet Tomorrow—Interesting Program Arranged.

The annual praise service and thank-offering of the Woman's Home and Foreign Missionary society of the First Presbyterian church will be held tomorrow at 3 p. m. The program includes: Devotional exercises; paper, "Giving"; Mrs. J. S. Hamilton; solo, "Heavenly Gates," Mrs. J. C. Thompson; paper, "Our Opportunities," Mrs. J. W. Gipner; solo, "He Is Near," Mrs. J. R. Warner and Mrs. W. R. Clark; letters from field members; selection of student at Asheville farm to be educated by the society; opening of envelopes containing thank-offering; business; social line.

PLEASANT SOCIAL EVENT

Will Take Place This Evening at the Residence of Mr. A. H. Clarke.

At the residence of Mr. A. H. Clarke, of Sixth street, at 8:30 p. m. tonight will occur a recital which will be of much interest.

S. Mortimer Omohundro, a graduate of King's School of Oratory, Pittsburg, will give a number of selections which bid fair to be of a high order. Several selections will also be given by Miss Laura Geon, of this city. Miss Rheiniger, of Chicago, is pianist. A very fine program has been arranged, and all lovers of music and oratory anticipate a genuine treat.

25 per cent off winter Suits and Overcoats now going on at Joseph Bros.

PAYMENT RECOMMENDED

By the Claims Committee of Council of a Large Number of Bills.

A meeting of the claims committee of council was held last night. Following is a list of the bills recommended for payment:

J. H. Harris, \$12.50; J. W. Smeltz, \$99.30; Betz & Orr, printing, \$2.25; Trentvale street assessing board, \$183; Milligan Hardware company, supplies, \$3.65; Bailey Financial News, advertising, \$6; Ohio Valley Gas company, \$27.20; the Walker Brush company, brooms, \$30; Stark county workhouse, boarding prisoners, \$272; Diamond Hardware company supplies, \$1.73; health department salaries and expenses, including three months for disposal of night soil, \$510; Wagle & Grosshans, repairs, \$2.90; Ceramic City Light company, \$786.10; R. E. Edmonston, \$7; W. K. Gaston, salary and expenses, \$1.58; engineering department, salaries and expenses, \$170.60; T. V. Thompson, conveying prisoners to the workhouse, \$44.25; police department, pay roll, \$682.17; Wilson Stationery company, supplies, \$1.75; D. M. McLane, expenses to Lisbon, \$4.15; W. C. Davidson, salary as mayor, \$36.60; Kerr Bros., supplies, \$32.84; H. E. Moon, supplies, \$15.10; Lewis Howard, salary, \$50; M. W. Elliott, supplies, \$3.15; W. C. Birch, horseshoeing, \$1.30; John M. Ryan, sand, \$1.50; street commissioner and force, pay roll, \$397.17.

The following bills were laid over for the consideration of the full body of council, as some of them were not "O K'd" by any of the separate committees:

Freedom Oil company, supplies, \$7; Milligan Hardware company, \$7.53; D. M. Ogilvie, supplies, \$1.92; American Sewer Pipe company, supplies, \$143.08.

Thirty-day sale now going on at Joseph Bros. It's to buyer's interest to buy winter goods.

HIS ENGLISH FRIEND.

A Visit That Wrecked the Nerves of an American Host.

"I've been having the time of my life. I tell you," said the suburbanite gloomily to his city friend at lunch.

"What's the matter? Pipes burst? Furnace won't work? Dog killing the neighbors' chickens?" asked the friend, sympathetically running through the list of the suburbanite's usual grievances.

"No; worse than that," sadly answered the first speaker. "I've been having an English friend visit me. It's years since I've been across the water, so one or two of his ways were a little strange. The worst of his doings was what has broken me up so. He went to bed the first night before the rest of us, and when I came along the corridor an hour or so later there were his shoes standing outside his door and frighteningly muddy too."

"I looked at them in astonishment. Then I remembered the English custom of having the boy come up for the boots. We keep only two servants, you know, both women, and of course in the country you have to rub them the right way or they'll leave. I knew perfectly well that if I told either of those free and independent Irish women to clean the Englishman's shoes we'd be left servantless, and that would have been the death of my wife."

"I lifted the shoes gingerly by two fingers and carried them to my room. When I thought the servants must be asleep, I crept down stairs and got to work with a brush. At every sound I would nearly jump out of my own boots and drop his. I fancied every moment that the girls would see my candle and give the alarm of burglars or that my friend would be taken ill and get up and find me brushing his shoes. Oh, I had a pretty time of it! He stayed a week, that Englishman, and what with loss of sleep and overstrained nerves I'm a wreck."

"Well, why on earth didn't you have the moral courage to—"

"Moral courage! I'd like to see the man who'd have the moral courage to tell an English gentleman with a monocle that the ways of even well bred people in this country differ from those he's been accustomed to! My friend, you do not know the breed!" And he drowned his sorrows and braced his nerves with a second cup of unsurpassed coffee.—New York Tribune.

NOT TO BE DISCOURAGED.

"Polite society" is often at its wits' end to devise means of getting rid of people who are not wanted as callers or visitors, but who will not take a hint, for polite society cannot say in so many words, "I do not want you to come again." A French paper repeats this dialogue between two ladies:

"And so you still receive that dreadful Mme. Comeagain?"

"Impossible to get her to take a hint! Do you know, the last time she called I never offered her a chair!"

"And what was the result?"

"Result? Why, the next time she came she brought a folding camp stool!"

Dangerous Curiosity.

Laura—Yes, you see she told him her father had lost all his wealth just to test his love for her.

Ada—And then?

Laura—Well, she will know better next time.—Smart Set.

Big sale now going on at Joseph Bros.

Chased By Pack of Wolves

In the glare of electric lights George Bollinger of Cape Girardeau, Mo., was pursued right into the streets of that town a few weeks ago by a pack of hungry wolves. The pursuit began and ended within sight of the arc lamp on the summit of the county building. Not until he was fairly among the houses of his fellow townspeople did Bollinger dare slacken his pace or his pursuers turn aside.

The woods come close to Cape Girardeau, and small game is always plentiful among the hardwood trees of the bottom lands that reach there from the Mississippi to the St. Francis river. Never before have turkeys, rabbits and squirrels been so numerous as they are today. Coons and possums also are plentiful, and with the approach of Thanksgiving day Bollinger, who is one of Cape Girardeau's most noted hunters, decided that the time was ripe for a general slaughter of coons. He had an idea that if he stayed until dawn he might bring in a few wild turkeys also. He was moved to this belief by his success the week before in getting six turkeys in a single day. So, calling his two hounds and getting his Winchester shotgun, he set out for the tall timber.

Evening News Review.

19TH YEAR. NO. 11.

EAST LIVERPOOL, O., TUESDAY, JANUARY 14, 1902.

TWO CENTS.

CRACK IN THE RESERVOIR AROUSES MUCH COMMENT

Citizens Inspect the Break and Pronounce It a Serious One.

THE FISSURE IS PLAIN

And Differs Materially From the Cuts in the Wall Made With a Chisel.

THE CEMENT IS SCALING OFF

In Other Parts of the Basin And Small Cracks Have Made Their Appearance on Several Portions of the Wall—What Inspection Reveals

Endless comment was occasioned last evening as a result of the account published exclusively in the News Review concerning the discovery of another break in the new reservoir. The subject was discussed in many of the business houses, and on every hand could be heard the remark: "I told you so."

A large number of conservative citizens made inspections of the reservoir both yesterday and today, all of whom are unanimous in the belief that it will never serve its purpose. J. W. Gipner, clerk of the water works board, positively asserts that a mistake was made in the statement that the walls of the basin are cracking.

In explanation Mr. Gipner stated today that on the advice of the expert engineer who was brought from Philadelphia at the time a corner of the dam went down the hillside, a number of seams had been cut in the cement of the walls to allow for possible contraction and expansion during the cold weather. These, he said, are to be filled with asphalt in the spring.

There is nobody who offers to contradict Mr. Gipner's statement, but it is not the seam he referred to which were intentionally made with a chisel, that are causing the present speculation. It is a crack in the wall, almost in the center of the basin, on the side next to the hill, plainly to be seen by everybody, that is attracting attention and which no explanation has been made of.

This particular crevice extends entirely from the top to the bottom of the wall, and is in such a shape that those who have inspected it could never be made to believe that it was cut with a chisel. Aside from this apparent defect the cement in several places is scaling off and dozens of small cracks can be seen in all sections of the walls.

Among several persons who inspected the reservoir this morning was a prominent business man who expressed surprise to find the walls in the shape they are. "I may not be an expert judge," he said, "but if indications are to be at all relied on, I would bet my life that if there is ever any attempt made to fill the basin with water it will burst as it did before."

Other expressions heard were of the same trend, and if the basin is ever made to do the work expected of it without a complete overhauling it will be a wonderful revelation to many who are now condemning it.

PROBATE MATTERS

Sales of Real Estate Authorized And Confirmed By the Court.

Lisbon, January 14.—(Special)—Lizzie Riley, of East Liverpool, administratrix of the estate of Frank L. Riley, has been authorized to sell real estate at private sale.

In the estate of Charles Roberts, Sarah F. Roberts, administratrix, the sale of lot 4304 in East Liverpool is confirmed.

Helena Wheeler, of East Liverpool, widow of John Wheeler, has accepted the provisions of her husband's will.

The sale of 70 acres in Knox township by Pauline S. Borton, executrix, has been confirmed. The consideration was \$3,500.

GROCERY CITY TEAM

Junior Base Ball Club Organized. Officers And Players Selected.

The Crockery City base ball club has organized for the season of 1902. The following officers have been elected: P. Hester, manager; T. Mere-

dith, captain; William Bridge, secretary; E. Crable, treasurer.

The team will be composed of the following players: Meredith, Crable, Davidson, Judge, Mountford, Carey, Bridge, Moore, McAvoy, Wells, Ivers, McCoy and O'Malley.

It will be remembered that the Crockery City boys won the 15-year-old championship last year, winning 48 games, losing 4 and tying 2. It is claimed by the manager that they will do the same thing this year. Out-of-town teams wanting games may address P. Hester, East Liverpool.

BID FROM WARREN

FOR THE POTTERY LOCAL MEN PROPOSE TO START.

Youngstown Eager for It—Stock for It Nearly All Subscribed.

East Liverpool people, who are considering a flattering offer from Youngstown to establish a pottery in that city, may go to Warren. They have been tendered the use of a pottery that has not been running for 18 months; also a cash bonus if they will locate in Warren.

A letter was received this morning by Thomas Burton from the secretary of the Youngstown board of trade, requesting that he and those interested in the venture attend a meeting of representative citizens Saturday evening.

It is stated that the stock for the new pottery has been nearly all subscribed. R. E. Larkins, E. M. Fisher and Thomas Burton are the East Liverpool men who are interested. Associated with them is E. W. Bradshaw, of Trenton, N. J., who will be here the last of the week.

Mr. Larkins said this morning that they would perhaps avail themselves of Warren's offer, but no decision had been received.

They would go to Youngstown Saturday evening and consider what additional offers that town will give. Youngstown wishes the syndicate to accept a tract of land. That city is very anxious to have the new pottery.

FRANCHISE WANTED

FOR THE CONSTRUCTION OF ANOTHER TELEPHONE SYSTEM.

Chicago Man Addresses a Communication to the East Liverpool Council.

Council will meet tonight for the first time in several weeks, and it is probable a large amount of business will be up for consideration. A letter, of which the following is a copy, will be presented to the solons:

"Chicago, Jan. 10, 1902.
To the Honorable City Council, East Liverpool, O.

"Gentlemen—Permit me to ask whether or not you would be willing to grant me a franchise for the construction and operation of a new and independent telephone system in your city.

"Respectfully yours,
DR. EMIL DORN,
1069 North Halstead street."

TESTIMONY WAS WEAK

And Ed Kelly Was Therefore Acquitted of a Charge in a Local Court.

Ed Kelly was arrested and arraigned before Justice McLane yesterday afternoon, charged with carrying concealed weapons. The affidavit was filed by Oscar Moore, who alleged that Kelley fired three shots from a pistol Friday night at the West End park.

Kelly secured the services of Attorney R. G. Thompson, and when the case was brought to trial only the prosecuting witnesses were examined. Their testimony was not sufficiently strong to substantiate the charge and Attorney Thompson asked that the case be dismissed, which was done.

Unconfirmed Report.

A report, circulated in this city today, that two East Liverpool saloonkeepers had been indicted for selling to habitual drinkers, could not be confirmed at Lisbon. It was stated there that the grand jury would make no report until this evening.

Quick results from want ads. when placed in this paper.

FEELS AT HOME AMONG FILIPINOS

Wellsville Girl, a Teacher at Legaspi, Pleased With the People.

A DELIGHTFUL LOCATION

Natives Agreeable And Eager to Learn—The Young Lady Has High Hopes of the Future of the People of the Islands.

Among the thousand school teachers who left the state of Ohio early last fall for the Philippine Islands was Miss Myrtle Dever, of Wellsville. Miss Dever is one of Wellsville's most accomplished young ladies. She graduated from the high school with the class of 1896 and then entered the Western Reserve college in Cleveland, from where she graduated with high honors. She is also possessed of much musical talent. A letter written by her describing the life of a school teacher in the Philippines follows:

Legaspi, Albay Prov., Luzon, P. I.
My Dear Friends:

After being tossed about on land and sea for two and one-half months, I was washed ashore at the beautiful seaport town, Legaspi. However, the tossing could not have been more gentle, nor could I have been washed ashore at a more desirable spot.

What could be better than to live in a city situated at the head of a beautiful bay and under the shadow of a fine volcanic mountain, and in a city whose inhabitants are hospitable, agreeable—in every way interesting?

I expected to live in a nipa shack when I came to the Philippines, but instead I am living in a fine frame house built after the Spanish fashion.

The Filipino mind is not creative, but on the other hand it is imitative. I never had a greater incentive to live well than now, for I know that every word I speak I shall hear again, and every act I perform will be imitated. How straight a man should walk when a child nation is watching his every movement. Last night I was urged to play the guitar, and not wishing to offend them I did the best I could. In a very few minutes the room was filled with Filipinos. Among them were two native musicians, one a young boy who played the violin very well. The other was an old blind man who was very skillful in playing on an instrument very similar to the guitar. After a short time we were able to play together fairly well. Then they wished to hear some American songs, and as I did not wish to offend, I again did the best I could. After singing a song once they were able to play it perfectly. I mean perfectly as I sang it, which was very imperfectly. They already know some American songs. The ones they like best are "Hot Time" and "After the Ball." Last summer the Fresh Air camp children used to disturb my slumbers at 4 and 5 o'clock in the morning singing "There'll Be a Hot Time In Manila." I was obliged to hear "A Hot Time" whenever a funeral passed, for it is a favorite funeral march, and now in Legaspi I must not only listen to that song, but must play and sing it while I wipe the perspiration from my brow.

But notwithstanding "The Hot Time" Legaspi is an exceedingly pleasant place in which to live. I believe I must have had a previous existence in which I was a Filipino, for I feel so much at home among these people.

I shall ever be grateful to President Thwing for giving me the opportunity to come here. This is work I enjoy. The children are bright and want to learn, so it is a pleasure to teach them.

I would be very glad if you would send me a few bright, inexpensive pictures to hang upon the bare walls of my school room.

I have great hopes for the Filipino. Do not think of him as being treacherous and cruel, as he is so often pictured to us by the soldiers, but as one exceedingly courteous and willing to be taught, having a good sense of humor and a love of music. Are not these qualities sufficient to commend him to us?

With kindest regards to all, I am Yours Very Sincerely,
MYRTLE O. DEVER.

Nov. 4, 1901.

Taken to the Infirmary.

Lisbon, January 14.—(Special)—John Nesler, an Austrian, 18 years old, was taken to the infirmary yesterday by order of the township trustees. He was found in great need of medical attention and without proper care.

FOR EXPANSION OF THE Y. M. C. A.

Meeting Held and an Effort Started to Increase Membership to 500.

A PLAN OF RECRUITING

Two Opposing Sides, Each to Consist of Ten Captains, Commanded By One General, to Begin a Campaign to Last Till March 1.

The weeks which will intervene from now until March 1, will be a busy season in Y. M. C. A. circles, as the active members have planned a campaign of unusual importance.

A general meeting was held at the association rooms last night with about 60 of the more aggressive members present. The welfare of the organization was the chief topic of discussion, and the universal opinion prevailed that the membership should be larger. It was reported that the rolls now contain 391 members, and no one seemed to doubt that this number could be increased to 500 provided the proper plan for recruiting could be decided upon.

The first steps taken toward the desired end was the selection of Ed Larkins as chairman of the reception committee, while the social feature for the present was placed in the hands of J. J. VanFossen.

The plan adopted to make the association both attractive and desirable for the young men of the community is a most commendable one, and will undoubtedly work to the good of the association.

Two opposing bodies were formed from the membership, they to be known as the Blacks and the Reds. The two sides will be in charge of one general each, with ten captains under them. The Reds' general will be J. J. VanFossen, and his staff of captains are: Otto Powell, W. V. Harris, Chas. Hassey, Frank Allison, R. E. Ferrall, Ed Larkins, C. V. Beatty, F. Chadwick, Dr. Kusler, S. P. Ankrim.

Joseph Carey is general of the Blacks, with the following captains: William Powell, J. C. Clemensen, Frank Hassey, Sydney Smith, F. R. Ailes, Frank Kuckert, P. C. Beatty, George McCullough, A. H. Bulger, H. L. Steele.

The two squads will hold contests of various kinds from now until Mar. 1. In every case the Reds and Blacks will be pitted against each other, and joint debates, spelling matches and basket ball contests will be held.

A number of costly prizes will be awarded the winners of the matches, among them being a handsome opal pin and a valuable gold watch.

Several small suits were settled in court yesterday.

In the Esterley Bank case from Columbian the creditors of the bank have filed exceptions to the amount

asked by the receiver and the attorneys. The case is continued until January 27.

THE UNIFORM LIST

Strict Compliance With Its Terms Demanded By Printers And Transferers.

Printers' and Transferers' local No. 32 took important action upon the violations of the scale now alleged to be in progress at the Vodrey and East Liverpool potteries. It was the sense of the large membership that all printers working at day wages in these plants be forbidden to continue at the rate proposed by the firms.

They demand a strict compliance with the uniform list which calls for 5-3 cents per dozen for this class of ware.

I shall ever be grateful to President Thwing for giving me the opportunity to come here. This is work I enjoy. The children are bright and want to learn, so it is a pleasure to teach them.

I would be very glad if you would send me a few bright, inexpensive pictures to hang upon the bare walls of my school room.

I have great hopes for the Filipino. Do not think of him as being treacherous and cruel, as he is so often pictured to us by the soldiers, but as one exceedingly courteous and willing to be taught, having a good sense of humor and a love of music. Are not these qualities sufficient to commend him to us?

With kindest regards to all, I am Yours Very Sincerely,
MYRTLE O. DEVER.

Nov. 4, 1901.

Taken to the Infirmary.

Lisbon, January 14.—(Special)—John Nesler, an Austrian, 18 years old, was taken to the infirmary yesterday by order of the township trustees. He was found in great need of medical attention and without proper care.

At the meeting of Trades Council to be held tomorrow night it is probable a very long session will be necessary to dispose of the many matters to come up.

The bakers of the city have determined to make war on the product of out-of-town non-union baking concerns and will go into the council tomorrow night with the backing of

MAD DOG CAUSES TERROR BY ITS SAVAGE ATTACKS

their employers, and it is thought they will get all the support they ask. Every bake shop in the city recognizes the union and pays the scale of prices.

There are a number of building trades in the city who expect to ask increases in the spring. In some instances a shorter work day will be demanded, and in others more wages will be asked. In no sense, however, will both be demanded.

It is expected these trades will have reports on the proposed changes ready for the meeting.

SUITS ENTERED

ACTIONS BEGUN IN THE COMMON PLEAS COURT.

An Administrator Sued—Receiver of a Lisbon Bank Files Petitions.

Lisbon, January 14.—(Special)—Frank McKee has brought suit against W. S. Potts, administrator of J. T. McKee, late of Lisbon, for \$157.10 claimed to be due for labor; for care of J. T. McKee for 102 weeks he asks \$357 with interest.

Attorney James G. Moore, as receiver of the First National bank of Lisbon, asks to be allowed to compromise the claim of the bank against Elizabeth Held and the estate of Lewis P. Held. There was due the bank a total of \$1,400. The sale of the Held property paid all but \$573 of this claim.

Attorney James G. Moore, as receiver of the First National bank of Lisbon, asks to be allowed to accept \$235 from the estate of John H. O'Mara, late of Lisbon, in payment of his valid claim against the estate for \$728.49. O'Mara originally owed the bank \$3,800. His premises, when sold, brought \$3,071.51.

The receiver doubts his ability to collect the full amount from the Erie Railroad company, which is restrained from paying over money due the O'Mara estate.

Albion M. Ward has entered suit against Henry J. Windle and others of the Windle family, asking that the court partition the property located in Butler township, owned by the Windles. Ward states that he purchased an undivided fourth of the property from B. F. Windle.

Several small suits were settled in court yesterday.

In the Esterley Bank case from Columbian the creditors of the bank have filed exceptions to the amount

asked by the receiver and the attorneys. The case is continued until January 27.

TILLETT IS TO COME

The Noted English Speaker Invited Here By Trades And Labor Council.

It was definitely decided late yesterday afternoon that the Trades Council secure Hon. Benjamin Tillet for an address in this city on Friday night of this week.

A number of officers of the council discussed the matter yesterday, and it was the unanimous opinion that the working people would be greatly benefited by the talk

A WAY TO HELP THE LIBRARY

Timely Suggestions on the Subject of Aiding the Carnegie Institution.

GIFTS OF BOOKS ADVISED

Rev. W. E. Hill Says a Librarian And a Building Do Not Make a Library. How the People Can Help to Fill the Shelves.

To the Editor of the News Review.

Among the list of applicants for the position of librarian was the name of the undersigned. At the instance of a number of friends I was induced to make this application. By force of circumstances, I was in a position where I could have accepted the office and given it my entire attention. It was, too, a position most congenial to my tastes and to which I had given no little study.

I also recognized the fact it was an office to honor the person who would seek to honor the office. I have, however, not a word of complaint to offer at the action of the board; they doubtless have made a most excellent selection; and, it behoves the patrons of the library to give her their most cordial cooperation and support.

The librarian, however, cannot make the library. This will depend upon the people at large. All can give it their moral support, and there are but few who cannot aid it in some practical way. It is upon the latter point I wish to make a suggestion.

There are many homes in East Liverpool in which books are found. Some of them by chance have fallen into the hands of the owner and no value is attached to them. Others have been read and reread and are no longer wanted. Why not donate them to our Carnegie library? One could give a single volume, another, half a dozen; another, perhaps, a score. The name of the donor can be inscribed within: "Presented to the Carnegie library by ——."

There are, too, many outside persons, including publishers of books and periodicals, and certain public institutions who would consider it a privilege to help the cause of the library by donations or otherwise, if their attention were but called to it.

By a little effort along these lines on the part of its friends I believe it is possible in a short time to double the number of volumes now found in our public library, which, it is hoped, will form the nucleus of the Carnegie library and at little or no expense to the board of trustees.

If their resources will warrant it, it is doubtless the purpose of the board before the library is formally opened to the public, to authorize the purchase of a fresh installment of books, including certain standard works of reference, without which no public library can be in a good working condition or fulfill its mission.

At all events, it is understood the new building will, within a few weeks, be ready for occupancy, when the work of classifying and cataloguing all books under the control of the board will at once be ordered. So that it is none too soon to agitate the question of the creation of a library—that the library itself when open to the public may make as creditable a showing as possible, and the printed catalogue be as complete and comprehensive as possible.

We don't want a body without a soul—a mere shell, however beautiful, only to betray the public trust for the want of the jewel within. Let us have a library that is

"Not a dream

But a substantial world, both pure and good;

Round which, with tendrils strong as flesh and blood,

Our knowledge and our happiness will grow."

SNATCHED A SATCHEL

Highway Robbers Got Away With \$1,400 a Martin's Ferry.

Martin's Ferry, January 14.—Highway robbers snatched a satchel from the hands of Mrs. Joseph Gehring, wife of one of the bosses of the Laughlin tin mill, that contained \$1,400. The \$1,000 roll of money had been left with Mr. Gehring by the men to deposit and \$400 was of their own savings, so that Mr. Gehring will have to reimburse the men.

There is no clue to the thieves, and the citizens are much alarmed over the boldness of the theft.

The government's new bureau of plant industry is taking up the problem of how our gorgeous autumnal foliage receives its variegated coloring. That is one object of investigations which are now being made by Albert F. Woods, lately appointed pathologist and physiologist of the bureau.

"There has long been a controversy as to the cause of the autumn leaf's coloration," says Mr. Woods. "Some botanists have attributed it to frost. We are finding that light frosts, not sufficient to kill leaves, greatly facilitate their coloration by causing an increase within them of a normal chemical ferment, which attacks the color compounds or color generators in the cells. We are finding that the oxidation of these color compounds by this ferment causes the various shades of color, especially the purples, oranges, etc. The yellows are normally present in the leaf."

"Autumn leaves containing sugar, such as the maples, sumacs, gums, etc., easily oxidize and thus form the rich reds, purples and violets so beautiful to the eye. That is why these, especially the hard maples, give the most beautiful autumn leaves. Autumnal oak leaves do not attract admiration because they contain much tannin. The oxidation color of tannic acid is dirty brown. Leaves which die quickly never give autumnal colors."

LEADER OF ZIONISTS.

Dr. Herzl Would Have Jews Reoccupy Palestine.

The movement among Hebrews to colonize Palestine with people of the "chosen race" grows stronger year by year. Many noted Jews approve the proposed plan to colonize the ancient home of their fathers with descendants of the children of Israel and make the plains of Sharon to bloom again.

Israel Zangwill, the novelist, and Captain Dreyfus, formerly of the French army, indorse the idea of making this historic land a place of refuge for all of Hebrew blood.

At the Zionist congress held recently at Basel, Switzerland, which was at

Photo by Lowy, Vienna.

DR. THEODORE HERZL.

tended by more than a thousand delegates representing every important country of the world, Dr. Theodore Herzl, president and founder of the movement, stated that the sultan of Turkey was in full sympathy with the plan and would welcome the Jews.

Dr. Herzl has devoted his entire life to the high purpose of the restoration of the Jews to Palestine and has interested the richest members of the race in the movement, which bids fair to succeed. This modern Moses who would again lead his people across the Jordan is a clever literary man and a dramatist of more than usual excellence. He lives in Vienna and devotes all of his income to the work which he has made the purpose of his life.

EAST END

HORSE RAN AWAY

AND FRED McFARLANE CAME NEAR LOSING LIFE.

Dragged Some Distance And Escaped With an Arm Dislocated.

A bad runaway happened yesterday afternoon on Railroad avenue by which Fred McFarlane came near losing his life. He was driving by the machinist building at the corner of Virginia avenue when his horse became scared at the escaping steam which comes from a pipe in the middle of the street.

The horse started into a hard run and dashed the buggy against a telephone pole. Two wheels were broken and in an endeavor to stop the horse McFarlane clung to the lines. He was dragged to First avenue, where the horse was stopped by Ed Fisher and others.

McFarlane's right arm was dislocated at the shoulder and he was cut on the face and head. When picked from the wreck he was in an insensible condition.

FIRE IN FRUIT STORE

The Stand of an East End窄ly Escapes a Serious Blaze.

A lamp set fire to some inflammable tinsel decorations in the fruit stand run by Frank Scardena on Mulberry street, yesterday afternoon. The blaze was put out by Mr. Scardena and his son, but it looked for a time as if the building might be burned. The damage amounted to about \$25. Mrs. George Davidson owns the building.

May Not Recover.

Charles Miller, who lives in the Klondike region, has suffered a relapse and is now in a critical condition. The gentleman had been suffering from pneumonia for several weeks, and ventured out before he had sufficiently recovered. The exposure caused a relapse and it is feared he cannot recover.

EAST END AFFAIRS.

Fisher & Burton have moved their store from Railroad avenue to First avenue.

The handsome new residence of Joseph B. McKinnon has been completed on Ohio avenue and the family moved there last week.

John Goddard left this morning for Niles, where he has accepted a position on a fruit jigger with the Bradshaw China company.

The fine filly by Director, owned by R. E. Larkins, was shipped this morning to E. W. Norris at Beaver to be trained. Mr. Larkins expects to put the animal on the track next summer.

An Attack of Pneumonia Warded Off.

"Some time ago my daughter caught a severe cold. She complained of pains in her chest and had a bad cough. I gave her Chamberlain's Cough Remedy according to directions and in two days she was well and able to go to school. I have used this remedy in my family for the past seven years and have never known it to fail," says James Prendergast, merchant, Annato Bay, Jamaica, West Indian Islands. The pains in the chest indicated an approaching attack of pneumonia, which in this instance was undoubtedly warded off by Chamberlain's Cough Remedy. It counteracts any tendency of a cold toward pneumonia. For sale by Alvin H. Bulger, Druggist.

faculties and given him a championship ship as a byproduct.

Sir Thomas Lipton has decided to contest for the America's cup in 1903 with a new yacht, Shamrock III. Captain Sycamore, who sailed Shamrock II, has had a number of interviews with Sir Thomas, and it is understood that Watson will be the designer of the new yacht. All of the crew of Shamrock II wish to sail again.

The Chicago Jockey club has announced the conditions of twelve stakes to be run during the spring and summer meetings at the Hawthorne track, with a total of \$25,000 added, entries to which will close on Tuesday, Feb. 4, 1902. The stakes are as follows: For three-year-olds and upward, the Northern Handicap, \$5,000 added, one and a quarter miles; the Monadnock Handicap, \$4,000 added, one and an eighth miles; the Superior Handicap, \$2,500 added, one and a half miles; the Flight, allowances, \$1,500 added, six furlongs; the Prairie, selling, \$1,500 added, two miles. For three-year-olds, the Excelsior Handicap, \$2,000 added, one and an eighth miles; the Premier, allowances, \$1,500 added, one mile. For two-year-olds, the Lassie, fillies, \$1,250 added, five furlongs; the Vernal, colts and geldings, \$1,250 added, five furlongs; the Juvenile, selling, \$1,500 added, five and a half furlongs; the Competition, penalty and allowances, \$1,500 added, five and a half furlongs; the Hawthorne Handicap, \$1,500 added, six furlongs.

Bees' Venom For Rheumatism. Dr. Tere, a medical man of much repute in Vienna, advocates as an effective remedy for rheumatism the saturating of the patient's body with the venom of bees. For the purpose he extracts the venom, treasuring it up in quantity and applying it artificially by way of punctures. He finds this treatment on his discovery that rheumatic patients do not suffer from a bee's sting to anything like the same degree as other people.

R. M. Fitzgerald, one of the veterans defeated by Kales, says:

"The youngster is little short of a wonder. Although but a lad, he can drive a ball as far as any of the older members who possess much more strength. His precision in hitting the ball is exact, and his youth and suppleness are greatly in his favor. With continued practice Kales should make his mark as a champion."

Golfing has brought young Kales from indifferent health to robust and

NASH TAKES OATH.

Again Inaugurated as Chief Executive of State of Ohio.

PUBLIC RECEPTION LAST NIGHT.

Big Parade Yesterday, Under Command of Former Adjutant-General Axline—U. S. Troops Participate

Inaugural Address of Nash.

Columbus, O., Jan. 14.—At high noon yesterday George Kilbon Nash was inaugurated for the second time Governor of the State of Ohio. The oath of office was administered to him in the rotunda of the State capitol by Chief Justice Minshall. The capitol building was appropriately decorated, and the rotunda space was filled with high officials and citizens of the State at large.

Music was furnished by the Columbus Republic Glee club, and after taking the oath of office Governor Nash delivered his inaugural address.

After luncheon there was a big parade, moving over the principal part of High street, and this was under the command of former Adjutant-General Axline. The parade consisted of six divisions, and the troops from the United States barracks marching at its head. The national guard turned out 1,500 men under command of Brigadier-General Briggs, and the independent military organizations were under the command of President Thompson, of the Ohio State university. The marching political clubs formed an important part of the parade. The Blaine club, of Cincinnati, Rail Splitters, of Toledo, and other famous clubs were in line.

In the evening there was a public reception in the new annex of the State house.

Inaugural Address of Nash.

Following was the address of Governor Nash:

Members of the General Assembly and Fellow Citizens:

By the will of the people of Ohio, I have, in your presence, for the second time, taken the oath which the law prescribes shall be administered to the Governors of Ohio. By their ballots this free people have said that I have not been unfaithful to the first oath. I sincerely pray that my gratitude for their approval, strengthened by the help of God, will keep me true to the second.

I am admonished by the flight of years that in work for the State I must soon give place to younger men. For the future I have but one ambition—the most sacred of my life: It is to show my appreciation of the people, who have so highly honored me, by being their faithful servant during the next two years. Upon this foundation must rest whatever of fame lives after me.

In this closing of my life work, I beg the advice, the co-operation and the assistance of the members of the Seventy-ninth General Assembly of Ohio. We have taken the same oath. The people have favored us alike. To them, alone, we all owe our fealty. To promote their happiness and welfare should be to us a most pleasant task. In making this appeal I am sure that I do not ask in vain. I think I voice your sentiments when I say "you will be my faithful co-workers."

It is well to recall that during the term of our offices Ohio will enter upon the second century of her life. In the first century she will have grown from a few thousand inhabitants, scattered in hamlets throughout a vast wilderness, to a mighty State, with more than four million people. They are now domiciled in great cities, in beautiful towns and in regions of country unsurpassed in agricultural and mineral wealth. All are happy in the privilege which the twentieth century has brought to the civilized world.

The watchwords of our fathers were, "freedom, education and morality." Upon these foundation stones they built our fair State. What they so splendidly wrought it is our mission, and that of those who come

Why Women Should Vote For School Officials

By MARY A. LIVERMORE, Woman Suffragist

OME women think the school ballot is too small a fraction of the right of suffrage to be worth using. My husband said he always felt indignant when I came out of that booth after being allowed to vote for school officers only, and he advised me to wait till I could vote the whole ticket. I asked: "Is that the way you would do if a man owed you \$10,000 and offered you \$500? WOULDNT YOU TAKE WHAT YOU COULD GET AND THEN WORK FOR MORE?" "Oh, yes," he said. "You have the logic of it, but I have the sentiment."

It is certainly the duty of women, mothers and possible mothers, to stand by the public schools. You want to know who are the teachers and who are the school committee. You want to see that the children are taught kindness, cleanliness and courtesy. SCHOOL SUFFRAGE IS A MORAL MEASURE, AND NO WOMAN SHOULD HOLD HERSELF EXCUSED FROM VOTING.

after us, to defend, to enlarge and to make better. In this work may we ever remember the precepts of the fathers, and be equally true to our trusts.

In conclusion, I tender to the people of Ohio my thanks. I pledge anew my loyalty to our State, and my love for the Republic of which she is a part.

TO ADMIT EX-CONFEDERATES

To Soldiers' Homes Proposed By Rixey—Grosvenor and Hepburn Defend Themselves.

Washington, Jan. 14.—The House of Representatives spent most of yesterday in general discussion of the pension appropriation bill, the first of the annual budgets. The debate took a wide range.

Mr. Grosvenor, of Ohio, and Mr. Hepburn, of Iowa, denounced a report presented to the last G. A. R. encampment, criticising the course of themselves and other members of Congress on the veteran "preference" bill which was defeated at the last session. They explained that their opposition to the bill was due to the incorporation in the bill of a clause which had not been endorsed by the G. A. R., placing veterans of the Spanish war in the preferential class.

Mr. Rixey, of Virginia, caused something of a stir on the Democratic side by advancing a proposition to open the doors of National soldiers' homes to ex-Confederates, and to furnish Federal aid to State Confederate homes.

Mr. Richardson, of Alabama, was the only democrat who joined Mr. Rixey in support of it.

WILL WAIT ON ROOSEVELT.

Maryland Delegation Postpones Action in Behalf of Schley Pending Action on Appeals.

Bert Farrington, Who Killed His Wife's Paramour, On Trial.

Adrian, Mich., Jan. 14.—Bert Farrington, of Milan, who shot and killed Jesse Hooker, his wife's paramour, in this city, January 5, was arraigned in the circuit court here yesterday, and pleaded not guilty. His trial was set for January 27.

The night of the shooting Farrington had gone to Hooker's home, where his wife was visiting, in company with two officers, to secure evidence on which to base a divorce suit. The party secured admittance to the Hooker home, and when the door to Jesse's room was opened, Farrington discovered the couple within. He fired over the sheriff's shoulder and wounded Hooker so that he died the following morning.

CRUCIFIX OF MARQUETTE.

Inscriptions Believed to Prove the One Found Last Summer Is Genuine.

Toledo, O., Jan. 14.—Evidence was found that proves almost beyond a doubt that the crucifix found at Frankfort, Mich., last summer by workmen excavating for the foundation for the Ann Arbor summer hotel there, was the property of Father Marquette, the famous Indian missionary. Its possession has been disputed since its finding, but it has now been turned over to the Ann Arbor railroad company.

Yesterday the rust was cleaned from its pedestal and the date 1664 was found on one side, while on the opposite side was found the inscription, "M. & C. Quebec." Marquette left Quebec for upper Michigan in 1668, and was buried at Frankfort.

PLEADED NOT GUILTY.

William Winters, chief of police at New Brighton, searched the home of an Italian named Frank Greco and found hundreds of costly articles that had been stolen from the stores there. Greco is under arrest.

WELCOME TO HENRY.

Committee May Be Appointed to Arrange Details.

Washington, Jan. 14.—The Maryland delegation in Congress, including Senators and Representatives, considered the course to be pursued on the Schley case, and reached a determination that pending the decision of President Roosevelt on the appeal to be made by Admiral Schley to the Chief Executive, it would be advisable for the delegation to urge upon Congress any of the resolutions or bills introduced.

The meeting was held in the committee room of Representative Wachter, of Maryland, and was attended by Senator McComas and all of the Representatives from Maryland except Mr. Jackson, who is out of the city.

The various resolutions and bills now before Congress were gone over and it was the general sentiment of those present that the delegations would be favorable to any one of the measures which fully vindicated Admiral Schley. But for the present, in view of the Admiral's placing the matter before President Roosevelt, the delegation deemed it inexpedient to determine upon any particular measure, or to urge the matter before Congress.

PROSECUTING VENDERS OF DISEASED MEATS.

Chicago, Jan. 14.—Prosecution against the vendors of diseased meats in the stockyards districts has been revived by government officials, who have been investigating the matter for several weeks. The arrest of Fred Hess, a butcher on Halsted street, was made yesterday as a result of disclosures said to have been made by Ferdinand Even, who was brought back from Detroit last Saturday evening.

Hess is charged with having removed government tags from condemned carcasses of beef. He will have a hearing to-morrow before a United States commissioner.

DEPARTMENT OF COMMERCE.

Mr. Nelson Calls Up His Measure in the Senate.

Washington, Jan. 14.—In the Senate Mr. Nelson, of Minnesota, called up the bill providing for the establishment of a department of commerce. He explained the necessity which, he said, existed for the passage of such a measure, and was pained with questions by several Senators, who said that sufficient time had not been allowed for looking into the merits of the measure.

Mr. Teller criticised that feature relating to the transfer of the geological survey, while Mr. Hale said that the bill provided for a department which ultimately would be one of the largest in the government. The bill finally went over, subject to call by Mr. Nelson.

The Senate was in executive session for an hour and a half.

IRON MANUFACTURER DIES IN PITTSBURG.

Pittsburg, Jan. 14.—Christopher Zug, one of the oldest residents of this city, and a pioneer iron man of Western Pennsylvania, died at Center and Negley avenues of general debility, incident to old age. His illness had lasted several weeks.

A few minutes prior to his death, he was conversing with his daughter, Mrs. T. C. Clarkson, who made her home with him. He passed an unusually restful night and seemed stronger than usual, but shortly after talking with Mrs. Clarkson he was seized by one of the weakening attacks to which he had been subject for the last few weeks, and passed peacefully away.

At the time of his death two of his children were in the home, two daughters, Mrs. James H. Parker, of Chicago, and Mrs. Edward Burdett,

of New York, being absent.

Deafness Cannot Be Cured

by local applications as they cannot reach the dried-up portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed you have a dead sound and nothing can be heard. This condition of the mucous surfaces, if continued, will cause the deafness to become permanent.

COUNTY AND NEIGHBORHOOD

Mrs. Mary Nichol, of Homeworth, fell down a flight of steps and broke her right arm.

John Wallace, 55, a Panhandle section man, was struck by a train at Bowerton and killed.

Since last March Miss Jane Steele, of Brilliant, has suffered eight strokes of paralysis, the last on Saturday.

Albert Schreir, a German whose home was at Youngstown, was run over by a train at Monaca and instantly killed.

Jacob Pfaff, an oil driller, fell 80 feet from a derrick near New Brighton and sustained injuries that caused his death.

Cyrus Bosworth, a noted horse breeder, formerly of Warren, is dead at Cleveland. He was born in Warren 69 years ago.

Martin Baker, a well-to-do farmer of Harrison county, committed suicide by hanging. He had been in poor health for a year, which affected his mind.

A mechanical genius of East Springfield is building an automobile that will carry 16 passengers beside freight, and he expects it to yield him a lucrative business.

Yesterday the rust was cleaned from its pedestal and the date 1664 was found on one side, while on the opposite side was found the inscription, "M. & C. Quebec." Marquette left Quebec for upper Michigan in 1668, and was buried at Frankfort.

William Winters, chief of police at New Brighton, searched the home of an Italian named Frank Greco and found hundreds of costly articles that had been stolen from the stores there. Greco is under arrest.

Suspended for Dancing.

Bridgeport, O., Jan. 14.—Ten students of Franklin college, at New Athens, O., five young men and five young women, have been suspended by the faculty for giving a dance in one of the halls of the institution a few nights ago. After the hour for retiring they met in the hall, and to the music of the piano, danced merrily for several hours. They had already laid plans for similar affairs during the winter, when their gaiety was rudely interrupted by the entrance of several members of the faculty.

Heavy Snow at Meadville.

Meadville, Pa., Jan. 14.—Three feet of snow covers the ground here. The Erie railroad has 200 shovels at work here, and trains require two and three engines. Chief of Police Knapp in alighting from a trolley sweeper was buried in a drift on the principal business street. Snow shoveling is the chief occupation here. Rural mail carriers cannot get out of town.

Files Large Deed of Trust.

Cleveland, Jan. 14.—The final step in the information of the big pneumatic tool combination was the filing of a deed of trust for \$2,500,000 in the county recorder's office here. The deed was from the Chicago Pneumatic Tool company to the Central Realty Bond and Trust company, of New York, to secure the payment of a \$2,500,000 issue of twenty-year first mortgage five per cent gold bonds.

WEATHER FORECAST.

Ohio and Western Pennsylvania—Fair and slightly warmer to-day; tomorrow fair, fresh westerly to southwesterly winds.

West Virginia—Fair to-day and tomorrow; westerly winds, becoming variable.

A Lady

Came into our store and said: "I am going to take Dr. Caldwell's Syrup Pepson for my cold. It kept us free

all last winter from every kind of cold. It is a great remedy and a perfect laxative." Sold by W. & W. Pharmacy.

Does It Pay to Buy Cheap?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the most severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible. If not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest and cures the patient. Try one bottle. Recommended many years by all druggists in the world. You can get Dr. G. G. Green's reliable remedies at Charles F. Craig's, Fouts Bldg., East Liverpool, O.

Get Green's special almanac.

TUESDAY, JANUARY 14, 1902.

A majority of the senate is reported in favor of the proposition that consideration should be given to the Panama Canal company's offer before it is decided which route the proposed isthmian canal shall take. The vote in the house, for the Nicaraguan canal bill, as discussion at the time revealed, was more of an expression of sentiment in favor of a canal than in favor of any particular route. The senate will act wisely if it takes the stand attributed to it. The interoceanic canal has waited more than a hundred years, and it will be better to wait longer than to have the government commit itself to an error. But the whole question should be settled, as it probably will be, by the present congress, and a bill passed that will result in the early commencement of work.

President Roosevelt's advice to both sides in the Schley-Sampson controversy to drop the whole subject is both wise and timely. It should be heeded forthwith. The whole country is weary of the matter. Admiral Schley has expressed himself as satisfied with the verdict of the court of inquiry. If that is his feeling, surely his partisans have no ground for complaint. The attempt to make the dispute a political question is supremely ridiculous. Republicans and Democrats are alike in being divided in sentiment regarding it. The controversy was a needless one, in the first place. The effort to keep it alive is foolish and disgraceful.

Some excellent suggestions are made by Rev. W. E. Hill in a letter elsewhere printed concerning the Carnegie library. The people of this city cannot do a better thing for the institution than to heed them. There are undoubtedly hundreds of people who have books of little value or usefulness to themselves, which, if placed on the library shelves, would be of interest to a great number of readers. The fewer empty shelves there are when the library is opened, the better the reading rooms will look and the better the institution will succeed in its noble mission of giving enlightenment and pleasure to the public.

The Daughters of the Confederacy of Kentucky are nearly half a century behind the times in warring on "Uncle Tom's Cabin." It is a very unwise thing for them to give the play so much gratuitous advertising, however, if they, along with a great many other people, want to see it removed from the stage at once and forever.

A method enabling two persons using a telephone to see each other while they are talking is said to have been invented. It will be an excellent thing to keep out of business offices where popular and pretty typewriter girls are required to answer the phone.

An American has been elected to an important position in the imperial university of China. If he succeeds in getting a few sound American ideas into the heads of the pigtails, there is hope for China yet.

A Michigan man who smoked 30 cigarettes a day for 12 years is dead. He ought to be. But if he had been real bright he might have found a swifter and less disagreeable method of committing suicide.

The New York Central Railroad company is trying to solve the prob-

lem why a well-covered and well built tunnel should be more deadly than the most exposed grade crossing.

The newly organized board of arbitration of the National Civic Federation has already proved its usefulness by averting a threatened strike of garment workers in New York.

A Balkan bandit who is said to have committed 520 murders and 3,000 robberies has just been captured. Justice appears to travel with leaden heel in that country.

The second inauguration of Governor Nash was well managed, as Republican affairs usually are.

OBITUARY

Anderson Gibb.

Anderson Gibb, aged 72 years who died at Hookstown recently, was buried there Sunday. He was one of the oldest residents of that section of Beaver county, and was well known.

Mrs. Margaret Daley.

Lisbon, January 14.—(Special)—The funeral of Mrs. Margaret Daley took place from the Catholic church today. She was of Irish and Scotch descent and was 77 years old.

AT THE THEATER

"The World's Great Mystery," the opening performance given by the Chester De Vondé company last night of a week's engagement, attracted an immense audience. Every seat was taken and standing room scarce. The play was most creditably presented, and while characterized by exciting situations throughout, was interspersed with sufficient comedy to please everybody.

Mr. De Vondé has lost none of his old-time magnetism and his clever work was well set off by the other members of the cast, all of whom are artists of unusual ability.

The special scenery used during the different acts was a feature that elicited great admiration and the costumes were also gorgeous and appropriate.

Papers Served on Stockholders.

Toledo, O., Jan. 14.—Service was secured yesterday by the United States Marshal on 113 stockholders of the Sandusky, Milan and Norwalk Electric Railroad company to enforce double liability. The plaintiff in the case, John E. Doman, secured a verdict of \$9,000 against the company for personal injury. It was found that the company had the property fully covered by first mortgage bonds and was therefore insolvent.

The property is now owned by the Everett-Moore syndicate, and is a part of the Lake Shore Electric line.

William M. Evarts as a Wit.

William M. Evarts dearly loved a joke—so dearly, indeed, that once, when secretary of state, he came nigh upon the death of one of his subordinates. A consul in the West Indies wrote home stating that his health at that climate was bad and asking for a transfer. At that time there happened to be a vacancy in northern Sweden, and to it the astonished and dismayed consul was transferred instantly by Mr. Evarts. It was not what he had bargained for, and, as an icebound winter was a change that would have meant translation for him to another sphere, the secretary finally relented and gave him a berth elsewhere.

At one time in the department of state a new elevator man had been employed who did not know Mr. Evarts by sight. In his car was a conspicuous sign to the effect that by order of the secretary of state smoking was prohibited. Late in the day the secretary boarded the car in company with a famous senator, the latter smoking a cigar. The new man promptly touched the smoker on the elbow and said, pointing at the notice, "Can't you read that sign?" Mr. Evarts promptly tore down the offending notice and, turning to the elevator man, said: "What sign? I don't see any." The attendant, suspecting something, wisely held his peace, but he followed the pair out and asked the guard at the door who the little chap with the large head was. The guard told him.—New York Tribune.

William Sutton, a jiggerman who has been employed at the Brunt pottery for several years, has taken a position at the Diamond pottery. His place at Brunt's is being filled by J. C. Higgins, who was formerly employed at the Diamond.

R. M. Merriman, bench boss of the biscuit end of the Buckeye pottery, who has been ill at his home suffering with an attack of bronchitis for several weeks, will resume his work next Friday. He is now able to be out.

William Bell, a kilnman at the Diamond, who has been ill with fever for a few weeks will resume his duties tomorrow morning. George Bennett, another kilnman at this plant, is also off duty on account of illness.

Two apprentice kilnmen at the Laughlin pottery have been turned in as journeymen. They are Henry Holland, of the biscuit department, and "Red" Walcott, of the glaze. They completed their time last week.

The new kilns being built at the Dresden pottery will be completed this week. One of the kilns will be fired off by Saturday, as the kilnmen will place these kilns within a few days.

Archie Searight, a kilnman at Laughlin No. 2, who has been confined to his home for several weeks suffering with rheumatism, returned to his bench yesterday.

Jack Demming has taken a position at the East Liverpool pottery as a presser. He is making cover dishes.

POTTERY NEWS

Information has been secured that within a few weeks initial steps will be taken for the purpose of forming an independent local of the kiln firemen in this city. This matter has been under consideration for some time by the firemen, and it will not be long until definite action will be taken. Many firemen are at present members of kilnmen's local No. 9, and of the dippers' local, but some do not belong to any organization. These workmen receive about \$3 a day, and in some instances their wages amount to \$50 a pay—two weeks—making the wages of some firemen over \$4 a day. If a local is formed and a uniform scale adopted it is probable the wages will be equalized. Many firemen favor the plan of having a separate local. As there are a large number of these workmen here it is thought a good local can be maintained.

The Dresden pottery is making seven glost and five biscuit kilns a pay, and in order to do so the biscuit crew will be increased from 13 to 14 men soon, which will make the crew the largest single crew at work in any pottery in this section. When this gang has about completed the placing of a kiln a number of kilnmen leave the crew, going to another kiln. By following this system some rapid placing is done at this plant.

Many applications have been received by A. J. Cartwright, who is identified with the company building a pottery at Barberville, for positions in the new plant. It is announced that sufficient applications have been received to almost start the clay shops in full. Of course there will be a large number of workmen employed, and as no positions have yet been given out, applications keep coming in to Mr. Cartwright.

During the past few weeks a number of changes have been made in the clay shops of the East Liverpool pottery. Additions have been made to the clay cellar, new floors laid there, and improvements made in the elevator service. This work was done under the direction of Superintendent Thos. Robinson, who has had charge of the plant since it was made a part of the East Liverpool Potteries company.

Workmen have about completed the clay shops of the new pottery being built at Barberville, and it is expected it will be ready for the machinery within the next two weeks. The foundation for all the different buildings have been completed, and even the new boilers have been delivered at the plant. The new concern will begin active operations not later than June 1.

Eugene Bradshaw, of the Niles pottery, who has been here for several days, will return to that city soon. He states that 30 girls are employed at this plant, working in decalcomania, while two printers have steady employment. Much decorated ware is being turned out at this plant, and orders are large for this time of year.

Percy Frost, chief decorator of the Sebring potteries at Sebring, who has been in the city for several days, returned to his home yesterday afternoon. Mr. Frost states his firm will place a number of new decorations on the market within a few months.

William Sutton, a jiggerman who has been employed at the Brunt pottery for several years, has taken a position at the Diamond pottery. His place at Brunt's is being filled by J. C. Higgins, who was formerly employed at the Diamond.

R. M. Merriman, bench boss of the biscuit end of the Buckeye pottery, who has been ill at his home suffering with an attack of bronchitis for several weeks, will resume his work next Friday. He is now able to be out.

lem why a well-covered and well built tunnel should be more deadly than the most exposed grade crossing.

The Goodwin pottery resumed operations in full yesterday morning after the holiday shut down. All the old kilnmen started to work at this plant yesterday.

George Reed, a kilnman at the Buckeye pottery, who has been visiting at his old home near Hookstown for several days, has returned to his bench.

George Smith has returned to his work at the Diamond pottery after being confined to his home in the West End for a week on account of illness.

Robert Hawkins, who spent Sunday at Alliance, visiting friends, returned to this city yesterday afternoon.

The decorators at the Dresden pottery resumed work yesterday morning, after being idle several weeks.

Lot Haney, a kilnman at Laughlin No. 2, is working out his two weeks' notice.

FRIENDS AND VISITORS

B. Rand, of Second street, visited Cleveland on business yesterday.

Miss Addie McClain, of Jefferson street, is confined to her home by illness.

Miss Maude Dawson, principal of the Bradshaw school, who has been ill, is improving.

Mrs. William Hollingshead has returned to Sebring after a visit with friends in the city.

J. H. Tinker, of the freight department of the Seaboard Air Line railroad, was in the city yesterday.

Edward Mader, of East Palestine, arrived in this city today and will be employed in an East End bakery.

Miss Elsie Boswell, Mrs. D. O. Ault and Miss June Ault, of Toronto, have returned home after visiting friends in this city.

Miss Gladden, a teacher of the East End school, who has been seriously ill, is much improved. She expects to be in school soon.

Charles Wright, youngest son of the popular secretary of the local Y. M. C. A., arrived in the city today for a visit with his father.

Pottery Stock for Sale.

Three shares of stock in the American China company, Toronto, Ohio. For particulars address Hugh Donlon, Amsterdam, N. Y.

Skating at West End Park this afternoon and evening.

SOME NEWS IN BRIEF.

Members of the senior and junior classes of Grove City college fought for the possession of choice seats in the college chapel. Many students were cut and bruised and much property damaged.

As a result of the general rise in rents, many persons at Steubenville, O., are preparing to live in tents.

Major Holden, of Zanesville, O., backed down and did not interfere with the running of street cars and the sale of newspapers as threatened by him, but kept closed all places of business, including drug stores.

Farmers in the mountains near Moorefield, W. Va., have organized to hunt down a wolf which is paying havoc with the sheep.

A crying baby awakened Mrs. Fannie Propst, of Franklin, W. Va., just in time to enable the mother to escape from their burning home through night clothing.

President Theodore J. Shaffer, of the Amalgamated Association of Iron, Steel and Tin Workers, will address the lodges of the Mahoning valley at Youngstown, O., next Sunday.

The members of St. Anthony's Roman Catholic church at Youngstown, O., have petitioned Bishop Hortsman, of Cleveland, to remove their pastor, the Rev. Charles Doris.

Judge George W. Farr, of the Doddridge county, W. Va., circuit court, was assaulted at West Union by David Kehoe, whose vote Farr had challenged. The judge turned on his assailant and gave him a sound beating, although he received considerable punishment himself.

WELLSVILLE

SCHOOLS IN GOOD SHAPE

SUPERINTENDENT'S REPORT AT LAST NIGHT'S MEETING.

The High School Seniors' Dispute Talked Over, But No Action Taken.

A very important meeting was held in the Union school building last evening by the board of education. The resignation of Miss Nan Stevenson, which was tendered in December, was accepted and Miss May MacDonald elected to fill the vacancy. Small bills aggregating \$150 were presented and ordered paid.

Supt. McDonald was present and made his regular monthly report. He stated that the schools are generally in a good condition and are being run for the benefit of the children, not the children for the benefit of the schools.

In some of the grades he stated there is some dissatisfaction prevailing, but the difficulties will be overcome in a short time.

The rumor current yesterday that Miss Mason, principal of the high school, would tender her resignation for the action of the board was proven false. The subject was not discussed.

However, several members were under the impression that something of the kind might occur. During the past week the board had been conferred with by a number of the scholars in regard to the trouble of Miss Mason with the senior class, but they emphatically declined to take up the matter.

Mrs. Parke and Rex stated to a reporter last evening that such cases do not come under the jurisdiction of the board. They also stated that in their opinion Miss Mason is taking too firm a stand in the trivial matter.

They think that, if there is no specification for the spending of the money in dispute, the class had a perfect right to purchase the pins with the money from the class treasury.

DISPENSING SEWER FUND

Commission Resolves to Prepare for Expenditure What Still Remains.

The meeting of the sewer commission last evening was an interesting one. The commission is composed of Messrs. Rex, Brannan, Martin and Bowers. For one purpose only did these gentlemen meet, and that was to get rid of the money remaining in the sewer fund. They did not feel that any money should be left in the fund to be dispensed by council. The council passed the resolution abolishing the commission without the least warning. No time was given the commission in which to prepare for death.

In its last night's meeting the commission ignored the council by not even referring to it. There being only \$1,200 in the fund, resolutions were passed which will consume nearly the entire amount. The city solicitor was ordered to enter into a contract with Irwin Bros. for the laying of a line of sewer pipe on Broadway from Fifth street to Cherry alley; on Fifth street from Commerce street to Broadway, and on Center street south to the home of Mrs. Johnson. The estimated cost of these lines is a little more than \$1,200. The commission has three days yet to take action upon whatever it chooses, and it is likely that another meeting will be held tomorrow evening.

Potters' Social.

The members of local union No. 55, N. B. of O. P., have arranged to give a neotastic social in Mackenzie's hall tomorrow evening. The members of the union are young ladies who work in local potteries and will give the social for the benefit of the union.

Special Presbyterian Services.

Special meetings are being conducted in the First Presbyterian church. Rev. C. G. Jordan, pastor of the First Presbyterian church, East Liverpool, will preach tonight; also on Wednesday, Thursday and Friday evenings.

MINOR NEWS OF WELLSVILLE.

Mike Lorenzo has opened a fruit stand on Commerce street.

Joe Geisse is preparing to open a restaurant on Third street.

Mrs. Joseph Elliott has returned

Will Make You Strong.

We make it ourselves and know its good.

Hodson's Drug Store

Fifth and Broadway.

from a visit with friends in Steubenville.

Mrs. A. H. Grimm left this morning to make Steubenville a visit.

Mrs. S. J. Cross, of Rochester, is visiting O. S. Junkin, Main street.

Walter Mills, foreman of the tin department in the C. & P. shops, is ill.

George Scheckler, of Chester, is visiting his brother, Samuel Scheckler.

Mrs. Hiram McCord and son Warren are visiting relatives in Massillon.

Mr. and Mrs. Edward Pogue are home from a pleasant visit in Pittsburgh.

Mrs. Elizabeth Andrews, of New Matamoras, is the guest of Mrs. Scott Pugh.

A. C. Van Dyke and son Sumner are sick at their home on Eighteenth street.

Mr. and Mrs. J. W. Metcalf are confined to their home on Center street with the grip.

Mrs. Emanuel Paul and Mrs. Samuel Paul were in the city yesterday from Hammondsburg.

Lawrence Cheeseman went down to Parkersburg yesterday to accept a position in a steel mill.

E. H. Riggs returned yesterday from Camden, S. C. Mrs. Riggs will remain there for the winter.

Mrs. David Mannis and son Melton returned yesterday from a three months' visit in New York city.

Rev. C. L. V. McKeon left last evening for Dennison to assist in conducting a series of revival meetings.

John Donnelly has purchased the grocery store owned by R. S. McGee on Tenth street and will continue the business.

Mrs. Barney Householder is slowly recovering from her injuries received in the railroad wreck at Allegheny last week.

Mrs. Emmet Gerren departed last evening for Uhrichsville in response to a letter stating that her brother, William Smith, is very sick.

Pete Ebaugh has resigned his position at the Metropole and left last evening for South Cumberland, Md., where he will work in a black plate mill.

Frank Fitzpatrick, West End, received word yesterday that his father, brother and sister are all very sick with typhoid fever at their home in Dungannon.

Cooling Water In Nicaragua.

"They have," said a railroad man, "a primitive method of cooling water in Mexico and Central America. The principal is perfectly simple, but there is a certain knack about the thing that I have never known a white man to fully acquire."

Arranged For an Oil Well.

James Flood returned from New Cumberland yesterday. While there he completed arrangements for the drilling of an oil well on the Bell farm. The land was leased last week and derricks will be placed in readiness for drilling Thursday evening.

New Officials to Take Hold.

Mayor Dunn has announced that the council, mayor and recorder-elect will be sworn in at the council meeting next Thursday evening. However, they will not enter upon their official duties until after the first council meeting in February.

Site For a New House.

George Grimm and Mrs. Mary S. Baggott have purchased lot 29, Neptune avenue and Tenth. The couple are soon to be married and will live in a new house which will be erected on the lot purchased.

Bought a Store.

O. O. Allison yesterday purchased the grocery store on Fairview street owned by Bell Bros. Mr. Allison will transfer the entire stock to his store on Virginia avenue.

CHESTER NOTES.

J. S. D. Mercer, recorder-elect, is suffering from an attack of neuralgia.

Taxpayers who do not pay up by Saturday evening will be placed on the delinquent list.

George Buxton, Sr., left yesterday for a six weeks' trip in Ohio in the interest of his health.

Good Evening!

ARE YOU WEAK?

Beef, Iron and Wine

Will Make You Strong.

We make it ourselves and know its good.

Soothing.

Li Hung Chang had beyond all doubt an iron will and a very unemotional heart.

Once when he was viceroy of China a man who had tampered with a telegraph wire was brought before him.

The man wrung his hands and begged for mercy, saying that he would never touch the wire again.

"Don't be vexed, my good fellow," said Li, "or trouble yourself any further about the matter. I shall take care that it does not happen again."

Then he turned to the jailers and gave the order, "Cut off his head!"

SOUTH SIDE

THE MAD DOG SCARE

Causes Alarm And Uncertainty Among the People of Chester.

The mad dog scare in Chester is still prevailing. Every cur that is seen on the streets is given a wide berth.

Several dogs have been bitten recently, and although they have not developed hydrophobia it is feared that they will.

Thomas Oakes, a boarder at Elmer Good's home, became alarmed yesterday concerning the condition of Good's shepherd dog and ended its life. After committing the deed, Oakes, who is 45 years old, met Dr. Lewis, and with tears streaming from his eyes, told the story of his best earthly friend being dispatched.

Frederick Hobbs, the milkman, denies that he was bitten by the mad dogs at E. S. Good's, though he saw them and advised that they be killed.

Miss Hay is one of the most popular girls in the official set at the national

PARK OPENING

Date Set For May 24—Big Picnic of the K. G. E. Booked.

Arrangement has been made that the picnic season at Rock Spring park this year will open on May 24. A number of dates have been marked off by Manager Maxwell, and one of the picnics now booked will likely be the largest of the season. This event will be the annual gathering of the members of the Knights of the Golden Eagle and their friends at Rock Springs June 14.

Members of this order from all parts of Western Pennsylvania and eastern Ohio will be in attendance, and it is estimated that not less than 8,000 persons will be there. For the past three years this event has been held at Cascade park, where the attendance has been over 9,000 persons annually.

HOW TO BE SUCCESSFUL.

Experiences of Some of Our Wealthiest Men—Good Health the Keynote.

Success does not follow ill health; on the contrary, it takes good health to make one successful. A good appetite, ability to sleep soundly all night long, and arise feeling rested and refreshed, with a body that has no pains or aches, and a clear brain, full of vim, ideas and insight into business, is what makes success. The Vanderbilts, Goulds, Astors, Havemeyers, and a long list of others that we could name, attribute their wealth and success in business to long hours and hard work, which were made possible by good health. Bad health is the cause of more failures in business than anything else. "Blood Wine" keeps the health good. It cleanses every particle of blood that flows through your veins. It abstracts the impurities and germs, forces them out of the body, and leaves only the pure, rich blood, which feeds the weakened tissues, and keeps one in good health. "Blood Wine" will give you a clear brain, so that you can think, reason, plan, and succeed. It enables you to grasp a situation quickly, to understand clearly. It takes every ache and pain out of your system, and transforms every organ of your body to its normal healthy condition. Blood Wine contains no wine or opiates, simply medicines of wonderful curative characteristics that never disappoint.

In the business world "Blood Wine" is a great favorite with both men and women. Stockkeepers, clerks, stenographers, bookkeepers, lawyers, clergymen, and all requiring a powerful agent to clear the brain, and aid them in business, take it.

Mrs. Anna Morgan of Waterville, Me., says: "I think it is my duty to let you know what benefit I have derived from taking your 'Blood Wine.' I have taken one bottle and a half, and feel wonderfully better. My appetite is improved; I do not suffer nearly so much, for I was all run down and felt tired all the time, and my brain seemed clouded. Your 'Blood Wine' has benefited me so much that I feel grateful to have found it, and I can heartily recommend it to any one who is suffering from loss of appetite, nervousness, and all trouble arising from poor digestion, overwork, and a run-down condition in general."

"Blood Wine" costs fifty cents a bottle, but you can sample it free of charge at Will Reed's and Hodson's drug-stores.

Lazy Liver

I have been troubled a great deal with a torpid liver and poor complexion. I took CASCARETS to nail my claim for them and secured such relief the first trial, that I purchased another supply and was completely cured. I shall only be too glad to recommend Cascarets whenever the opportunity is presented.

STANDARD OIL CO.

YACHT'S NAME ALICE.

"Tis Said Kaiser's Craft Is to be Thus Christened, In Cousin's Honor.

ALSO FOR MISS ROOSEVELT.

Committee May Be Named By Government to Arrange Welcome for Prince Henry—Low Don't Want Plans to Conflict.

New York, Jan. 14.—Emperor William's yacht, now going constructed at Shooters Island, is to be christened "Alice." The Tribune was expected to make this announcement today, which is stated to be on the authority of Henry G. Barber, a member of the firm which designed the yacht. Mr. Barber stated that the information was unofficial, but that he does not doubt its authenticity.

The name Alice will be given the yacht in honor of Miss Alice Roosevelt, daughter of President Roosevelt, who is to christen the yacht, and for a cousin of the Emperor whose name also is Alice. The cousin in question is thought to be the Czarina of Russia, who was the Princess Alix of Hesse, granddaughter of Queen Victoria.

The fact that Miss Roosevelt is to christen the yacht and that it may be named in her honor, together with the knowledge that Prince Henry of Prussia will represent his brother, the Emperor, at the ceremony, had added extraordinary interest to the affair.

Mayor Low opened correspondence with Secretary of State Hay at Washington, looking to the making of arrangements for a welcome to Prince Henry of Prussia when he arrives in New York. The Mayor does not want the arrangements made by the city of New York to conflict in any way with those planned at Washington.

NO BOLT AGAINST CORMAN.

Opponents of Vandiver Have Announced They Will Vote for the Caucus Nominee for Senator.

Annapolis, Md., Jan. 14.—Ex-United States Senator Gorman arrived here yesterday afternoon. He is to-night the guest of Governor Smith at the executive mansion.

To-day at noon will witness his re-election to the United States Senate to succeed George L. Wellington, whose term will expire in March, 1903. The balloting begins at noon, each branch voting separately. If all the members are present the vote will stand 51 to 44 in the House, and 17 to 9 in the Senate, the minority vote going to Congressman William H. Jackson, of Wicomico, the Republican caucus nominee.

It was thought at one time that the six Democrats who joined Isaac Loeb Strauss and the Republicans recently in voting to abruptly adjourn the House of Delegates might possibly go further and take some steps to delay the election of Mr. Gorman. It was announced last night, however, that nothing of the sort is contemplated, and that there will be no hitch in to-day's programme so far as the Senatorship is concerned.

It is barely possible, however, that there will be a fight over the State Treasurer, for which Murray Vandiver, chairman of the Democratic State Central committee, is the Democratic candidate, and General Thos. J. Shryock, the Republican candidate.

It was thought at one time that the six Democrats who joined Isaac Loeb Strauss and the Republicans recently in voting to abruptly adjourn the House of Delegates might possibly go further and take some steps to delay the election of Mr. Gorman. It was announced last night, however, that nothing of the sort is contemplated, and that there will be no hitch in to-day's programme so far as the Senatorship is concerned.

ARRESTED ON SUSPICION.

Police Think a Negro Servant of Mrs. Dennis' May Have Committed the Deadly Assault.

Washington, Jan. 14.—The detectives yesterday arrested Richard Cole, colored, and locked him up "on suspicion" in connection with the mysterious assault on Mrs. Ada Gilbert Dennis, the fashionable dressmaker on the 9th of December.

The police are investigating a story which leads them to think Cole may have some knowledge of the crime or some connection with it. The arrested man is 22 years old. He has been working at the Dennis establishment as porter and bundle carrier for about five months, and has borne a good reputation. He was implicitly trusted by Mrs. Dennis, and in her statement to the police yesterday she manifested anxiety that no suspicion be cast upon any of her servants or employees in connection with the assault.

For very dressy home wear or for visiting there was a very beautiful waist made of iridescent taffeta in pearl colors, and this was overlaid with Irish point set on fishnet mesh. The lace, left open in front a trifle, showed

MAKE THE SCHOOLBOY A BIG, HEALTHY ANIMAL

By Dr. THOMAS GRANT ALLEN, Leader of the School Extension Movement In Chicago

GREAT MANY OF OUR PROFESSIONAL MEN OWE MUCH OF THEIR SUCCESS TO BEING BIG AND HEALTHY.

One of the first considerations for the schoolboy is to make him a big, healthy animal. That is the great reason why school children should be well fed and why lunches should be provided in all public schools. It is not alone on this observation of successful men that the idea is based, but on actual measurements of children. The bigger the brighter is the rule.

A boy increases in weight from 79 pounds at twelve years to 123 pounds at sixteen years. DURING THIS PERIOD OF RAPID GROWTH THE QUESTION OF PROPER FOOD IS MOST IMPORTANT. YOU CANNOT EXPECT MUCH FRUIT OF A GROWING TREE; NEITHER SHOULD MUCH BE EXPECTED FROM THE BOY. Nurture is the still necessary principle. It is an injury to crowd the child during the period of growth.

... THE ...
MIRROR
... OF ...
FASHION

By Henriette Rousseau

We have evidence every day of just how strong a hold separate waists have taken on the feminine taste, and it would almost seem that they would, like the brook, go on forever. There is some reason for this in the infinite variety of the designs. Among several hundreds of new waists I find several which are so pretty that I shall tell just what they look like. One is of dark blue velvet with black silk braid set on the front diagonally from top to bottom. The edge in front is bound with gold braid, and there are gilt buttons on collar, cuffs and down the front. There are fewer waists buttoned in the back than formerly. They proved too troublesome, and as one girl expressed herself, "One never feels quite sure that there was not some place unbuttoned." So they are not so popular. It is possible to make a waist with all the appearance of being buttoned in the back and yet be fastened in front, and that solves the question. The velvet waist aforesaid has the back almost plain, with nothing but two small plaits to break the smoothness. There are also fewer very pointed waists—that is to say, such as are produced by the extension in front. The bottom now is rounded more than sharp and is much prettier. Draped sash belts are more graceful and generally preferred. Pretty bows and ends of ribbon begin to make their appearance in place of the pointed belts with the metal buckles.

For very dressy home wear or for visiting there was a very beautiful waist made of iridescent taffeta in pearl colors, and this was overlaid with Irish point set on fishnet mesh. The lace, left open in front a trifle, showed

NEW AND STYLISH WAISTS.

ed the silk in tucks as a vest. There was a sash belt of pearl moire ribbon fastened with a strass buckle. The lace was arranged in the back to represent a yoke. Worn with a velvet or black silk skirt this waist is most elegant.

Aside from the waists to be worn with belts of some kind or other, there are many garments which I think we shall have to call basquines, as they are not exactly basques, nor are they postillons, but a sort of compromise between the two. They are much like a waist in front, with often a vest and quite as often only a bloused effect, while the back has tabs of some kind. Some of these are rather in the embryo form, while others have quite long tails. They look something like a man's dress coat. In whatever form they come, they are certainly a change from the too plain skirt. Some of these basques, added to a trained skirt, give a decided Marie Antoinette character to the whole. One, for instance, had a demitailored skirt of rich black velvet with a cream colored panel in the front twenty inches wide at the bottom, and only eight at the top. Over this the velvet train fell loosely. At the hot

Itching Scalp.

Scald Head and the Most Violent Forms of Eczema and Salt Rheum Promptly and Thoroughly Cured by Dr. Chase's Ointment.

Among small children, scald head and similar itching skin diseases are most prevalent, and the worst feature is that these ailments, which are apparently trivial at first, almost invariably develop into chronic eczema if neglected.

There is but one treatment that physicians are unanimous in recommending for scald heads and eczema, and that is Dr. Chase's Ointment, the great antiseptic healer. It promptly stops the distressing itching which accompanies these diseases and positively produces a thorough and complete cure.

Stores and thousands of men and women stand ready to vouch for the merits of Dr. Chase's Ointment. It has brought about some of the most marvelous cures ever recorded. In justice to yourself and family, you cannot do without it in your home.

M. J. H. Grant, 716 Joseph Campau Avenue, Detroit, Mich., writes:

"For three years I have been troubled by an intense itching on my body. So terrible was it at times that I could get no rest night or day. I tried all kinds of ointments and blood purifiers, but could get no relief. Mr. H. A. Nicolai of 379 Division street recommended Dr. Chase's Ointment. A few applications stopped the itching and I have felt nothing since."

Baby Eczema.

M. F. S. Ross of 133 Sixteenth Street, Buffalo, N.Y., writes:

"Our baby boy suffered for some time with that wretched eczema, and we were unable to find anything to cure or even relieve his pain. A few applications of Dr. A. W. Chase's Ointment stopped the itching and healed the sores, and a bright, natural skin now takes their place."

Dr. Chase's Ointment does not cause pain when applied, but soothes the sore or inflamed surface, 50 cents at all dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N.Y.

—OF THE—

New York and Ohio Electro-Medical Institute are visiting a few of the principal cities of our country. This being their advertising trip, and to introduce their new system of curing disease, they will give consultation, examination, advice and all medicine necessary to complete a cure FREE. All patients taking advantage of this offer will be expected to state to their friends the results obtained.

Don't fail to call on these renowned specialists. All diseases of men and women treated. No matter what your disease may be or of how long standing, there is no experimenting or guesswork; you will be told whether you can be cured or not.

They have an entirely new and original method of treating all kinds of deafness which has restored the hearing to hundreds after they had been pronounced incurable. Catarrh in all

M'KINLEY'S MEMORY.

The Governor of Georgia Issues
Proclamation For Church
Services, Jan. 22.

COLLECTION FOR MEMORIALS

Also Asks People of State to Make
Contributions on McKinley's Birth-
day Anniversary, Jan. 29—Others
Issue Proclamations.

Cleveland, O., Jan. 14.—It was stated at the headquarters of the McKinley National Memorial Association yesterday that the issuance of several additional proclamations by Governors has stirred up the public throughout the country to make McKinley day a splendid success. Governor Candler, of Georgia, who was a warm personal friend of the late President, expresses his desire to do everything possible to help the memorial fund, and will call upon the people of Georgia to hold special services in churches on Sunday, the 22d and to make a special effort for a large contribution on McKinley's birthday, January 29th.

Governor Davis, of Arkansas, has already issued a proclamation in accordance with the request of Governor Nash and Judge Day. The board of trade committee of Little Rock has already collected a good sum and will unite with the Governor's committee on January 25th.

Governor Orman, of Colorado, wires Judge Day that he will issue the proclamation. In California, Governor Gage has issued a call for appropriate exercises and contributions on January 29th.

The New York Legislature has adopted a memorial resolution, and will hold memorial exercises.

Governor McBride, of Washington, has issued a proclamation, and the public schools will contribute on McKinley day.

In many iron mills workmen are setting aside from half a day to a day's pay as their offering.

Acting upon a request of William R. Day, president of the McKinley Memorial Association, Governor Candler issued a statement yesterday suggesting that on the Sunday preceding the 29th of this month, the anniversary of the birthday of the late President McKinley, collections be made in all the churches and Sabbath schools throughout Georgia for the purpose of contributing to the fund for the erection of a memorial "to perpetuate the memory of President McKinley, who was loved by the people of his country, regardless of party, race or section."

NO EVIDENCE FOUND.

U. S. Consul Replies to Charge Against American Sailors.

Pekin, Jan. 14.—The United States consul at New-Chwang, Henry B. Miller, has replied to the Russian administrator's charge that sailors belonging to the United States gunboat Vicksburg shot a Russian soldier during the recent disturbances at New-Chwang, saying that he, the consul, and the commander of the Vicksburg, Commander E. B. Barry, investigated the affair thoroughly, and found no evidence whatever to connect Americans with the shooting.

Mr. Conger, the United States minister here, has received copies of the recent correspondence between Consul Miller and the Russian administrator of New-Chwang. The consul complained repeatedly of the oppressive regulations and of encroachments on the rights of foreigners.

PLENTY OF PROOF

From People You Know—From East Liverpool Citizens.

The greatest skeptic can hardly fail to be convinced in the face of evidence like this. It is impossible to produce better proof of merit than the testimony of residents of East Liverpool, of people who can be seen at any time. Read the following case of it:

Mr. P. J. Green, veterinary surgeon, says: "When attending a sick horse belonging to Mr. G. H. Gardiner, of 168 Jackson street, he remarked to me that the horse seemed to be in pain. I replied that I was the sicker of the two, as I could at that time scarcely straighten up with my back from lameness, weakness and severe pains. He asked me what my symptoms were and I explained to him that I had suffered for a number of years from my kidneys, that I had attacks at times when nothing helped me, and it was agony to get around, but that I could not endure idleness. The secretions from the kidneys were very high colored and acidous; that I had spells of dizziness when I could see black specks floating before my eyes and felt generally broken up. He looked up and said he had the very thing I needed to cure me in his house—Doan's Kidney Pills. He went into the house and brought me eight pills. I took them with me and I used them two at a dose. The effect was astonishing, I felt it almost at once, and went to the W. & W. pharmacy and bought a box and took them. The encouragement held out to me by the first eight pills was not mythical, as their continued use the improvement continued and I consider no expression of praise too strong for Doan's Kidney Pills; in short, they are no plus ultra."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's, and take no substitute. Sold by W. & W. Pharmacy.

FIND ANOTHER MAN.

LACK OF ANIMATION

In the Stock Market on Monday.
Some of the Features.

New York, Jan. 14.—There was continued lack of animation in the stock market to-day, and the dealings were probably in the hands of professional traders. This element was bearish in its opinions on the outlook and sold stocks quite freely throughout the day. The level of prices was carried generally from 1 to 2 points under last week's close. No large amount of liquidation was brought out by this considerable decline, and there was a movement to cover shorts late in the day, causing a rally of a point or over in some of the most prominent stocks; but this recovery was practically all lost again before the closing, which was extremely dull and heavy. There was no striking news of a character unfavorable to the market, but it was very obvious that any important organized attempt to lift the market had been abandoned for the present. The speculative element has been indulging the hope that the great capitalists and syndicates who have on their hands the heavy volume of securities resulting from the combinations and new formations of last year were about to put forth a determined effort to lead a bull speculation, with the intention of making a market for their securities. No sign of any such attempt has appeared since the publication last week of the quarterly report of earnings by the United States Steel corporation. Hope of such leadership was still further discouraged by rumors of the illness of the market operator intrusted with the care and manipulation of those stocks, and by reports of unloading in his interest.

More tangible grounds of depression were found in the formal offer of \$30,000,000 of Atchison debenture bonds to reimburse the company for certain outlays, including acquired lines and equipment, which Wall Street has assumed had been or would be provided for otherwise. Reports of very large projected outlays for betterments by Union Pacific emphasized this influence. The permission granted by the United States supreme court for the State of Minnesota to argue on its petition to bring suit for the annulment of the formation of the Northern Securities company, although its force was little understood, had a chilling effect on speculation owing to its promise of a prolonged legal struggle and delay in the flotation of the company's securities. The financial world continues to ponder the revelations of over-extended credit in the cases of the trolley syndicate and in the rubber and asphalt trades, which carry suggestions of other possible commitments of capital which would help to explain the great falling off in demand for the securities listed on the Stock Exchange.

William D. Cornish, vice president of Union Pacific Railway company; G. J. Gould, E. H. Harriman, Otto H. Kahn, W. S. Pierce, general counsel for the Union Pacific, all of New York.

The result of the election will be forwarded to New York, where the directors will convene and choose officers.

Hurt Trying to Stop Runaway Team

Monongahela, Pa., Jan. 14.—Clyde Cady, the ten-year old son of James Cady, of this place, while attempting to stop a runaway team of horses belonging to the Anton Brewing company, of this place, was thrown beneath the wheels and seriously hurt. His condition is precarious.

What Disease Produces Most Misery.

If the amount of misery caused by different diseases could be estimated it would be found the portion caused by headache would outweigh any other, and perhaps equal all combined. Immediate relief is afforded by Clinic Headache Wafers, perfectly safe, easily taken and do not depress. 10 cents at all druggists.

Farming in Colorado, Utah And New Mexico.

The farmer who contemplates changing his location should look well into the subject of irrigation. Before making a trip of investigation there is no better way to secure advance information than by writing to those most interested in the settlement of unoccupied land. Several publications, giving valuable information in regard to the agricultural, horticultural and live stock interests of this great western section have been prepared by the Denver & Rio Grande and the Rio Grande Western, which should be in the hands of all who desire to become acquainted with the merits of the various localities. Write S. K. Hooper, G. P. & T. A., Denver, Col.

HOME AFFAIRS.

Brief Notes of a Personal Nature and
of Matters About
Town.

A Daughter Born—A daughter has
been born to Mr. and Mrs. J. Goode,
of Seventh street.

A Son Born—A son was born to Mr.
and Mrs. Atwood W. Thomas at their
home on Seventh street last night.

Red Men's Meeting—The Improved
Order of Red Men will hold a meeting
in their hall Thursday evening, when
several applications for membership
will be acted upon.

Sues for Money—Sarah Pritchard
has brought suit in Justice McLane's
court against Newton Pritchard, who,
she alleges, owes her \$15. The case
will be heard this afternoon.

Took Dogs to Train—A. B. Ferguson,
of Senecaville, was in the city
this morning. Mr. Ferguson makes a
specialty of training dogs and took
with him the valuable pointer of
Thomas Robinson and a settler belong-
ing to K. P. Beatty.

Boats Tied Up By Ice—The river is
becoming low and is also filled with
ice. All of the boats are tied up. The
Queen City was due today from Cin-
cinnati, but that packet, which is the
finest boat on the river, is in the ice
at Marietta. The Kanawha is in an ice
jam at Pittsburg.

Mrs. Orr's Funeral—The funeral of
the late Mrs. Hannah Orr will take
place at 2:30 p. m. Wednesday from
the First M. E. church, Dr. Crawford
officiating. Friends may view the re-
mains on Wednesday from 2 to 4 p.
m. and from 7 to 8 p. m. at the resi-
dence, 156 May street.

At a Convention—At a recent meet-
ing of the Bricklayers and Masons
of this city, James Martin was selected
as a delegate to attend the annual National
convention of that trade, now be-
ing held at Pittsburg. Mr. Martin left
for Pittsburg yesterday, and will re-
main there during the entire conven-
tion which will last for probably 12
days.

Prohibitionists Social—The Phobi-
cians of this city will give a social
in their rooms in the Potters' National
bank building Friday evening, which
will be attended by State Secretary G.
L. Case, of Cleveland. Mr. Case has
just succeeded in organizing a branch
of that party at Alliance, and will
make an address during the meeting
Friday evening.

WENT TO LISBON

Wellsville Amalgamated Men There
to Appear Before the
Grand Jury.

Two members of the Amalgamated
association of Wellsville went to Lis-
bon today, presumably for the pur-
pose of giving testimony before the
grand jury, in the effort to indict
Manager D. S. Brookman, of the Well-
sville mill, for alleged violation of the
law relating to the discharge of union
men from their positions.

A report from Lisbon this afternoon
said that Wellsville unionists had been
in consultation with Prosecuting At-
torney Brookes there. It is stated
that the case will not be presented to
the grand jury until Thursday, when
a large number of Wellsville men will
appear.

BANK ELECTIONS

CHOICE OF DIRECTORS FOR FIN-
ANCIAL INSTITUTIONS.

Only the Board of the First National
Formally Organized
Today.

The stockholders of the several
banks of the city held their annual
elections today for the makeup of the
boards of directors. The result was
as follows:

First National—David Boyce, J. M.
Kelly, B. C. Simms, W. L. Thompson,
O. C. Vodrey, John C. Thompson and
N. G. Macrum.

The board went into session imme-
diately after noon, and the following
were elected:

President, David Boyce; vice presi-
dent, J. M. Kelly; cashier, N. G. Ma-
crum; assistant cashier, Thomas H.
Fisher.

Potters' National—William Irunt,
N. A. Frederick, W. W. Harker, Will-
iam Cartwright, George W. Thomas,
W. E. Wells, Hon. David Boyce.

The above named gentlemen will
hold a meeting later, at which the
regular officers will be selected.

Citizens' National—Robert Hall, Jo-
seph G. Lee, Jason H. Brookes, John
W. Vodrey, Robert Burford, William
Erlanger, A. J. Witzeman, W. N.
Bailey, George C. Murphy.

The board of directors of this institu-
tion will meet this evening, when
an organization will be effected.

DEEPENING AND RIPENING

Interest in the Methodist Episcopal
Revival Services Continues
Great.

Another impressive revival service
was held at the First M. E. church
last night. Dr. Crawford preached a
strong sermon on "Future Punish-
ment, Its Certainty And Its Eternity."
Tonight he will preach on "Repent-
ance—What It Is." These meetings
have been highly successful thus far,
about 25 conversions having taken
place, and interest appears to be deep-
ening and ripening. Excellent music
is a feature at all the services.

Evangelist E. S. Dunham is ex-
pected here either tomorrow or Thursday
to assist the pastor in the revival
work.

It is a fact not generally known
that the first M. E. church of this
city, with 1,300 members, is the second
largest Methodist congregation in the
country, the largest being in Brook-
lyn.

THROWN FROM A BUGGY

Two Persons Badly Hurt While on
the Way to a
Funeral.

D. W. Johnson and Miss Hooken-
feil, who live several miles back of
Wellsville, were badly bruised and
otherwise injured in a frightful run-
away yesterday.

They were driving to the Wilcoxen
home on the Lisbon road to attend the
funeral of Mrs. Sarah Wilcoxen, who
died Friday evening.

Their horse became frightened at
a drove of hogs and wheeled abrupt-
ly, throwing the occupants violently
from the buggy. The horse plunged
over an embankment by the roadside
and fell a distance of 70 feet to the
bottom. The horse is so badly hurt
it will probably be shot.

MISSION WORKERS

On the Presbyterian Church Meet To-
morrow—Interesting Program
Arranged.

The annual praise service and thank-
offering of the Woman's Home and
Foreign Missionary society of the
First Presbyterian church will be held
tomorrow at 3 p. m. The program in-
cludes: Devotional exercises; paper,
"Giving," Mrs. J. S. Hamilton; solo,
"Heavenly Gates," Mrs. J. C. Thompson;
paper, "Our Opportunities," Mrs.
J. W. Gipner; solo, "He Is Near," Mrs.
J. R. Warner and Mrs. W. R. Clark;

letters from field members; selection
of student at Asheville farm to be ed-
ucated by the society; opening of enve-
lopes containing thank-offering; busi-
ness; social line.

PLEASANT SOCIAL EVENT

Will Take Place This Evening at the
Residence of Mr.
A. H. Clarke.

At the residence of Mr. A. H.
Clarke, of Sixth street, at 8:30 p. m.
tonight will occur a recital which will
be of much interest.

S. Mortimer Omohundro, a graduate
of King's School of Oratory, Pittsburg,
will give a number of selections which
bid fair to be of a high order. Several
selections will also be given by
Miss Laura Geon, of this city. Miss
Rheinbarger, of Chicago, is pianist. A
very fine program has been arranged,
and all lovers of music and oratory
anticipate a genuine treat.

25 per cent off winter Suits and
Overcoats now going on at Joseph
Bros.

can Sewer Pipe company, supplies,
\$143.08.

Thirty-day sale now going on at Jo-
seph Bros. It's to buyer's interest to
buy winter goods. 11-h

HIS ENGLISH FRIEND.

A Visit That Wrecked the Nerves of
an American Host.

"I've been having the time of my life.
I tell you," said the suburbanite gloom-
ily to his city friend at lunch.

"What's the matter? Pipes burst?
Furnace won't work? Dog killing the
neighbors' chickens?" asked the friend,
sympathetically running through the
list of the suburbanite's usual griev-
ances.

"No; worse than that," sadly answered
the first speaker. "I've been hav-
ing an English friend visit me. It's
years since I've been across the water,
so one or two of his ways were a little
strange. The worst of his doings was
what has broken me up so. He went
to bed the first night before the rest of
us, and when I came along the corridor
an hour or so later there were his
shoes standing outside his door and
frightfully muddy too."

"I looked at them in astonishment.
Then I remembered the English cus-
tom of having the boy come up for
the boots. We keep only two servants,
you know, both women, and of course
in the country you have to rub them
the right way or they'll leave. I knew
perfectly well that if I told either of
those free and independent Irish women
to clean the Englishman's shoes we'd
be left servantless, and that would
have been the death of my wife."

"Well, why on earth didn't you have
the moral courage to—" "Moral courage! I'd like to see the
man who'd have the moral courage to
tell an English gentleman with a mono-
cle that the ways of even well bred
people in this country differ from those
he's been accustomed to! My friend,
you do not know the breed!" And he
drowned his sorrows and braced his
nerves with a second cup of unsur-
passed coffee.—New York Tribune.

Not to Be Discouraged.

"Polite society" is often at its wits'
end to devise means of getting rid of
people who are not wanted as callers
or visitors, but who will not take a
hint, for polite society cannot say in
so many words, "I do not want you to
come again." A French paper repeats
this dialogue between two ladies:

"And so you still receive that dread-
ful Miss. Comeagain?"

"Impossible to get her to take a hint!
Do you know, the last time she called
I never offered her a chair?"

"And what was the result?"

"Result? Why, the next time she
came she brought a folding camp
stool!"

Dangerous Curiosity.

Laura—Yes, you see she told him her
father had lost all his wealth just to
test his love for her.

Ada—And then?

Laura—Well, she will know better
next time.—Smart Set.
